MOTION FOR EXTENSION AND NOTICE

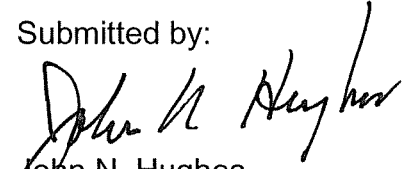

Overland Development, Inc., (Overland), by counsel, moves for an extension of time to present its position statement of the reasons the rate order should be reconsidered.

Overland is continuing to review the application and order in this matter and requests the opportunity to present its comments and reasons in support of the rehearing at the conference scheduled for October 5, 2012. Because the conference has been scheduled, there will be no delay in the case and no additional action required of the Commission or the applicant.

As required of the September 17 order, Mr. James Taylor owner of Overland will participate in the conference by telephone.

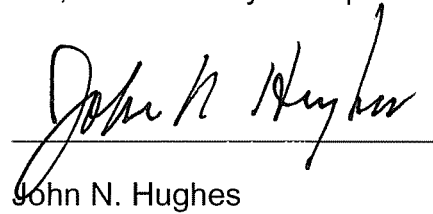

For these reasons, Overland requests an extension of time to respond to the order.
