RE: Formal Application to Increase Rates Pursuant to  
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Mr. Derouen

The Western Pulaski County Water District respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

The District was recently notified by its supplier, City of Somerset, that it will increase wholesale rates by \$0.50 per 1,000 gallons. This increase will take effect July 1, 2012. The result of this increase is \$293,079.30 in additional yearly supply cost for the District. This translates into \$0.84 per 1,000 gallons of water sold to our customers. Therefore, we propose to increase our rates by that amount.

The following supporting documentation is enclosed for your review:

- Exhibit A – Purchase Water Rate Adjustment Form & Calculation of the PWA Factor
- Exhibit B – Notice to Customers
- Exhibit C – Revised Tariff Sheet – Monthly Water Rates
- Exhibit D – Revised Tariff Sheet – Purchased Water Rates
- Exhibit E – Notification Letter from the City of Somerset
- Exhibit F – Resolution of the water district to increase the water service rates to recover the increase cost of purchased water effective July 1, 2012.

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please contact Deron S. Byrne at (502) 839-1310, as he is handling this matter.

Sincerely,

Don Calder, Chairman
