Re: Case No. 2012-00360

Dear Mr. Derouen:

On July 31, 2012, East Kentucky Power Cooperative, Inc. ("EKPC") gave notice of its intent to file with the Commission an Application pursuant to KRS 278.183(2); the Commission assigned the referenced case number. This Application would have requested approval of:

1. An Amended Environmental Surcharge Compliance Plan;
2. A Revised Environmental Surcharge to Recover the Costs of this Amended Plan; and
3. A Certificate of Public Convenience and Necessity ("CPCN") Pursuant to KRS 278.020(1) for the Construction of a Special Waste Landfill

In its notice, EKPC indicated that it planned to file its Application on or after August 31, 2012. EKPC respectfully withdraws its notice in this proceeding, and anticipates that it will file a new notice later in 2013. The delay in the filing will allow EKPC to develop additional information regarding the need for and project scope of the Special Waste Landfill within the context of the transition to full membership in the PJM Interconnection and the completion of the solicitation for proposals to supply EKPC with 300 MW of electricity on a long-term basis.

In light of withdrawal of this notice, please advise if the referenced case will be closed or will remain open pending EKPC's filing of the new notice later in 2013.

If you have any questions or require additional information, please contact me.

Very truly yours,

  
Mark David Goss
