Dear Sir or Madam,

Enclosed please find the original and five (5) copies of our Application for Rate Adjustment. We would like to request, if the rate increase is approved as outlined in the enclosed application, that October 16, 2012 be the effective date of the increase rather than the first of the month. If something should delay the processing of our application such that you will not be able to grant the October 16, 2012 date, we would like the effective date to be the 16th of the following month. We read meters and bill on approximately the 15th of each month. If the effective date is set at the 16th of the month, our customers can be billed at the new rates for the entire month. If the effective date is set at the first of the month, we will have to prorate the bill or wait until the next billing cycle to implement the new rates.

If you should require additional information or have questions, please contact our office manager, Cheri Wright at (859) 654-6964 or at cwright@pcwater.org.

Yours truly,

William T. Jones
Manager
Pendleton County Water District
