RE: Application of Grayson Rural Electric Cooperative Corporation for an Adjustment of Rates

Pursuant to a Staff Notice of June 13, 2013, a telephonic informal conference ("IC") was held in the above referenced case on June 13, 2013. A copy of the attendance list is attached.

The purpose of the IC was to discuss and attempt to clarify any issues related to the upcoming general rate case hearing scheduled for June 18, 2013. In particular, Grayson wanted to be assured that all information relative to its proposed prepay metering program and DSM programs was sufficient for the record in this case. In addition, discussions were held relative to Grayson's customer notice, hearing notice, revenue requirements and rate design issues. Grayson was advised that any additional information needed by Staff would be requested in a post hearing data request.

There being no further discussion or questions, the IC was adjourned.
