**Subject:** Smart Meter Violations against the People and Constitution Case 2012-00428

Dear Mr. Melnykovich,

I would like you to share this letter with all the members of the Public Service Commission.

Please understand that by approving the installation of these smart meters while telling the public that you haven't made any decisions yet, is a criminal act. Not only are you lying to the public, but you are making people sick and violating constitutional laws!

Please include this documentation in Case 2012-00428
