Subject: Re: KAW is cringing at the prospect of declining sales, this I believe

Dear Mr. Gardner:

I urge you and the other PSC Commissioners to reject KAW's latest rate increase request because KAW erroneously (or purposely) promised huge increases in water demand when, during the hearings they were told that new plumbing regulations would cause average family usage to decline. In spite of receiving such information, KAW threw all caution to the winds and carelessly forged ahead with the new plant.

Water customers should not be required to pay for KAW's incaution.

Thanks
