**Attachments:** jackson energy procedural order.pdf; intervention regulation.doc

Dear Ms. Bancroft:

This is in response to your e-mail to the Kentucky Public Service Commission (PSC) seeking to intervene in case 2013-00219, Application of Jackson Energy Cooperative Corporation For An Adjustment of Rates.

Under PSC regulations, petitions for intervention must be submitted in writing and include the following:

- The name and address of the person seeking intervention
- The reason for seeking intervention
- The particular interest that the person seeks to represent
- How the person's intervention is likely to present issues or information to the PSC that will assist it in reaching a decision
- In the case of persons seeking intervention after the time to do so has expired, an explanation of the reason for the late filing and a justification for being allowed to intervene after the deadline

Because you are seeking to intervene as an individual ratepayer, you do not need to be represented by an attorney.

Should you decide not to seek intervention, you are welcome to submit written comments to the Commission with regard to this case. You also are welcome to attend the hearing in the case and to address the Commission at that time. The hearing will be held on Tuesday, January 28, 2014, at 10 a.m. EST at the PSC offices at 211 Sower Boulevard in Frankfort.

I have attached a copy of the PSC regulation on requests for intervention and the procedural order that was issued on September 6 in this case, which set the deadline for intervention on September 20.

Please feel free to contact me if you have any further questions.
