ATTN: Mr. Jess Derouen  
RE: Case # 2013-00332

I have been a resident of Old Bridge Subdivision in Danville, Kentucky, since 1992. The purpose of this letter is to express my opposition to the announced intentions of AmeriGas to discontinue our current gas service and replace it with individual residential tanks. The following points should be considered:

- \* Our existing system is less than 6 years old and is performing accurately
- \* Common sense indicates that the proposed changes will not increase efficiency and will not be esthetically pleasing to our beautiful neighborhood
- \* Old Bridge residents expect an environmental study to be conducted before any metal tanks containing gas could be buried
- \* Current deed restrictions do not allow burial of gas tanks on our properties

I would appreciate being notified of any public hearing. Thank You in advance for your time, effort, and support in this matter.

Sincerely,
