Re: AmeriGas Abandonment Case # 2013-00332

Dear Mr. DeRouen

We are hereby requesting a public hearing for the above case. It has come to our attention there are many discrepancies in the information provided to the PSC and to us. This became evident upon reviewing the Profit & Loss statements of 2010 through 2012 of Heritage Operating, LP dba Bright's Propane Service, Inc. The amounts paid for propane gas, inventory, amounts charged calculations do not jibe. The assignment of \$57,080, \$42,996, and \$50,070 respectively in Miscellaneous Expenses (account 880) appear to be disproportional to the customer base and the services rendered.

The Kentucky Attorney General has declined involvement in this case and therefore we have no representation in this case and so we are requesting a public hearing.

Many of our fellow residents have expressed their displeasure and concern that the pipeline be abandoned as you have received their public comments.

Thank you for your continued consideration in this matter.

Sincerely,

Allan B. Crain 1-15-14
