PUBLIC SERVICE  
COMMISSION

Mr. De Rouen

In 2004 we built our home in Old Bridge. We chose the neighborhood because of its location and beauty. Being on the lake was important to us and the golf course only added to the total package.

A very important service was the underground pipe for delivering propane. Unsightly tanks would be a detriment. Messing with landscaping would be very unsettling.

Bright's propane service has been amazing and wonderful. Never an interruption, no unsightly tanks, and no trucks constantly in and out of our neighborhood to refill tanks.

We feel it would be a great disservice to charge any of this. We are reminded of the old saying: "if it ain't broke don't fix it".

Please help us keep our neighborhood beautiful and appealing, not just for all who live here <sup>now</sup> but for those who may want to live here in the future.

Thank you for your consideration.

163 Old Bridge Road
