Dear Sir,
I'm writing this letter objecting to the increase of
the basic residential service rate going from 10.15 to
18.00 per month beginning Jan. 1.

I know everything needs to go up but my Lord, do you
have to increase it that much.

I'm an 83 yr. old widow on a fix income living
alone, trying to make ends meet now. I can imagine
how hard it will be if you raise it that much.

Please! Please!; have a heart and think about
the least fortunate trying to make it in these
days and times.

Sincerely, K.U. Customer
