According to a December 4, 2014, Lexington Herald-Leader guest writer, the rate for residential service will increase from \$10.75 to \$18.00 per month. This absolute rate increase and its corresponding percentage increase is excessive and should not be allowed to become effective on January 1, 2015.

This proposal greatly exceeds the current cost of living index, and KU is certainly not entitled to this excessive increase.

Very truly yours,

Gregory and Nancy Wilcox
