RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Mathews,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

As seen in the February water loss report, water loss has went up. The rise in loss is due mostly to the freeze and thaw of the ground during this period with a majority of the leaks being service lines. We are continuing to locate and repair leaks throughout the system and expect to see reductions in loss.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is written over a horizontal line.

Tim Webb
