RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Mathews,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

As can be seen in the current Water Loss Report, loss from the winter freeze and thaw cycle is now coming down. We are continuing to locate and repair leaks throughout the system and expect to see even more reductions in loss.

Also, by and through new legal counsel, Cannonsburg Water District will be making arrangements to schedule an Informal Conference with PSC staff for water loss and detection projects.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

Tim Webb
General Manager
