RE: Case No. 2014-00267 – Surcharge Activity Report

Ms. Mathews,

Please take a moment to review the status and actions Cannonsburg Water District has taken this month to further gain control of its water loss.

As can be seen in the current Water Loss Report, CWD continues to make gains on water loss each month through the use of Zone Meters, Leak Detection Equipment.

During the month of August, the hot and dry conditions elevated the number of leaks experienced. Most all of these leaks were service lines and directly related to the dry ground.

If at any time, you have any questions or concerns regarding this report please, do not hesitate to contact me for further information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tim Webb", is written over a horizontal line.

Tim Webb
General Manager
