Re:

Petition of Total Call Mobile Inc. for Designation as an Eligible

Telecommunications Carrier

Dear Sir or Madam:

Enclosed please find an original and six copies of a Petition of Total Call Mobile, Inc. for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Kentucky for the Limited Purpose of Offering Lifeline Service. An additional copy is included to be date-stamped and returned in the enclosed envelope. Please contact me if you have any questions about this submission.

Sincerely yours,

Mark S. Yuri'ck

APPLICATION OF TOTAL CALL MOBILE, INC. FOR LIMITED DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER

I. INTRODUCTION

Total Call Mobile, Inc. ("Total Call" or the "Company"), pursuant to Section 214(e)(2) of the Communications Act of 1934, as amended (the "Act")¹, Sections 54.101 through 54.207 of Federal Communications Commission ("FCC") Rules², and provisions of the Public Service Commission of the Commonwealth of Kentucky's ("Commission") rules and regulations, hereby submits this Application for Limited Designation as an Eligible Telecommunications Carrier ("ETC") in the Commonwealth of Kentucky. Total Call seeks ETC designation solely to provide Lifeline service to qualifying Kentucky consumers; it will not seek access to funds from the federal Universal Service Fund ("USF") for the purposes of participating in the Link-Up program or providing service to high cost areas.³ As demonstrated herein, and as certified by Total Call's COO in Exhibit 1 to this Application, Total Call meets all the statutory and regulatory requirements for designation as an ETC in the Commonwealth of Kentucky, including

¹ 47 U.S.C. § 214(e)(2). ² 47 C.F.R. §§ 54.101-54.207.

³ KENTUCKY STATUTES, Title XXIV, Section 278.54611.

the new requirements outlined in the FCC's USF/ICC Transformation Order⁴ and Lifeline and Link Up Reform Order.⁵ Rapid grant of Total Call's request, moreover, would advance the public interest because it would enable the Company to commence much needed Lifeline services to low-income Kentucky residents as soon as possible. Accordingly, the Company respectfully requests that the Commission expeditiously approve this Application for ETC designation.

All correspondence, communications, pleadings, notices, orders and decisions relating to this Application should be addressed to:

II. TOTAL CALL'S UNIVERSAL SERVICE OFFERING

A. Company Overview

Total Call is a Delaware Corporation.⁶ Its principal office is located at 1411 W. 190th St., Suite 650, Gardena, California 90248. Total Call provides nationwide, prepaid and postpaid wireless telecommunications services to consumers by reselling the network services of Sprint PCS ("Sprint"). Total Call obtains from Sprint the network infrastructure and transmission facilities to allow the Company to operate as a Mobile Virtual Network Operator ("MVNO"), similar to TracFone Wireless, which has been granted ETC status and certification by the Commission⁷.

Total Call's wireless services, which are affordable and easy to use, are attractive to low-income and lower-volume consumers because they provide low-income and lower-volume consumers with access to emergency services and a reliable means of communication that can be used at home or while traveling to remain in touch with friends and family, as well as a means of contacting prospective employers. Total Call offers consumers simple and affordable calling plans, a variety of prepaid and postpaid service plans, easy-to-use handsets, and high-quality customer service. Based on internal surveys, targeted pricing and marketing strategies, and the demographics of other, similar Mobile Virtual Network Operators' ("MVNO") customers, Total Call anticipates that many of its customers will be from low-income backgrounds and will not have previously enjoyed access to wireless service because of economic constraints, poor credit history, or sporadic employment. Total Call does not conduct credit checks or require customers to enter

⁶ Total Call was incorporated in the State of Delaware on August 11, 2005. The Company hereby reports its corporate and trade names, along with its holding company, operating companies and affiliates as follows: Total Call International is the parent of Total Call Mobile, Inc.; KDDI of America is the majority owner of Total Call International; Locus Telecommunications and KDDI Global are affiliates of Total Call International.

⁷ See In the Matter of the Petition of Tracfone Wireless, Inc. for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Kentucky for the Limited Purpose of Offering Lifeline and Link Up Service to Qualified Households, Docket No. 2009-00100, Order dated September 23, 2010 ("Tracfone ETC Order").

into long-term service contracts as a prerequisite to obtaining prepaid wireless service or its proposed Lifeline program service.

By providing affordable wireless plans and quality customer service to consumers who are otherwise unable to afford them, or who were previously ignored by traditional carriers, Total Call will expand the availability of wireless services to an increased number of consumers and in doing so, address Congress' principal goal for the universal service program.

B. Proposed Lifeline Plans

Total Call has the ability to provide all services and functionalities supported by the universal service program, as detailed in revised FCC Rule 54.101(a)⁸ throughout the Commonwealth of Kentucky. Total Call intends to be a leader in the wireless marketplace by offering exceptional value and competitive amounts of voice usage at all price points to consumers.

Lifeline Offering. Upon designation as an ETC, the Company's prepaid Lifeline service offering will provide customers with the same features and functionalities enjoyed by all Total Call prepaid customers. Total Call will provide Lifeline service to qualifying customers requesting this service throughout Kentucky pursuant to the universal service program and in accordance with FCC Rule 54.202(a)(1)⁹.

As demonstrated by Exhibit 2, Total Call's Lifeline service offering proposes to give eligible non-tribal customers four (4) Lifeline Plan choices:

1. <u>250 Minute Plan</u>. Under this Lifeline Plan 1, eligible non-tribal customers receive a free handset and 250 anytime minutes per month free of charge (as an option, customer may use text, inbound or outbound, which consumes 1 plan minute).

⁹ 47 C.F.R. § 54.202(a)(1).

 $^{^8}$ See Lifeline and Link Up Reform Order at page 207, revised \S 54.101(a).

- Additional usage above the 250 anytime minutes provided by this Lifeline Plan 1 is priced at 10 cents per minute and 5 cents per text.
- 2. <u>Discounted Regular Plans</u>. Eligible non-tribal customers may apply the Company's Lifeline discount of \$10.00 (i.e. which is greater than the \$9.25¹⁰ currently provided by the FCC) to the Company's 1000 anytime minutes plan¹¹ (as an option, customer may use text, inbound or outbound, which consumes 1 plan minute) (regularly \$29.99) (i.e. Lifeline Plan 2), 30-day Unlimited Talk & Text retail plan (regularly \$39.99) (i.e. Lifeline Plan 3), the 30-day Unlimited Talk, Text & Data retail plan (regularly \$49.99) (i.e. Lifeline Plan 4).

Total Call's Lifeline service offering also proposes to give eligible tribal customers two
(2) Lifeline Plan choices:

1. <u>Discounted Regular Plans</u>. Eligible tribal customers may apply the Company's Lifeline discount of \$39.99 (i.e. which is greater than the \$34.25¹² currently provided by the FCC) to the Company's 30-day Unlimited Talk & Text retail plan (regularly \$39.99) (i.e. Lifeline Tribal Plan 1), and the 30-day Unlimited Talk, Text & Data retail plan (regularly \$49.99) (i.e. Lifeline Tribal Plan 2).

Total Call does not impose burdensome credit checks or long-term service contracts on its prepaid customers. All Lifeline plans come with a free handset, free customer care calls, free balance inquiries, and access to voice mail, caller I.D. and call waiting features at no additional charge. Also, customers are not bound by a local calling area requirement; all Total Call plans come with domestic long distance at no extra per minute charge and exceptional nationwide

¹⁰ See Lifeline and Link Up Reform Order at page 5.

¹¹ For the 1000-minute plan, as an option, customer may use text, inbound or outbound, which consumes 1 plan minute. Additional usage is priced at 10 cents per minute and 5 cents per text.

¹² See Lifeline and Link Up Reform Order at page 5.

digital coverage on the Nationwide Sprint PCS Network. Given this nationwide coverage, there is minimal need for roaming. As an additional precaution, Total Call blocks roaming ability on its Lifeline handsets so that customers will not incur unexpected roaming charges. Calls to 911 emergency services are always free, regardless of service activation or availability of minutes.

As further described in Exhibit 2, the Company's Lifeline offerings will not only allow feature-rich mobile connectivity for qualifying subscribers at no cost to the subscriber, but will also give eligible customers access to a variety of rate plans that are comparable in minutes and features to those available to post-paid wireless subscribers but at low Lifeline rates and without the burden of credit checks or service contracts. Total Call's prepaid offering, therefore, will be an attractive alternative for consumers who need the mobility, security, and convenience of a wireless phone, but who are concerned about usage charges or long-term contracts.

C. Plan Enrollment

Customers interested in obtaining information on the Lifeline program will be directed to a toll-free telephone number and to the Company's website, which will contain information regarding Total Call's Lifeline service plans, including a detailed description of the programs and state-specific eligibility criteria.

For direct sign-ups, applicants may download an enrollment form from the Company's website. Alternatively, applicants may call the Company's toll-free telephone number and request that a Company customer service representative mail the applicant the enrollment form. The applicant must then complete and submit the Company's Lifeline enrollment form via mail or fax. The Lifeline enrollment form will require all consumers, at sign up and annually thereafter, to provide the information and certifications, under penalty of perjury, required by

revised FCC Rule 54.410(d)¹³. See Exhibit 3, section I.B.6 for more detailed enrollment information.

For in-person events held by the Company and or the Company's distribution network, the applicant will be provided information (i.e. on paper or an electronic device) describing Total Call's Lifeline program in detail, including federal and state specific eligibility requirements, instructions for enrolling, and a description of the one-per-household rule. A Lifeline Sales Representative ("Sales Agent") will assist applicants in signing-up for Total Call Lifeline service through an online application, which includes all applicable disclosures and certifications and is integrated with the National Lifeline Accountability Database ("NLAD"). Once the online application is completed, it will be directly transmitted to the Company. The Company will review the application and will reject or approve the application within approximately five (5) minutes based on both federal and state eligibility requirements. For all Kentucky subscribers, a Company employee will review and approve the application before the Sales Agent provides a Lifeline handset to approved applicants (i.e. only Company-approved Lifeline subscribers shall receive a Lifeline handset). Total Call will comply with all verification and validation processes established by the Commission.

D. Prevention of Waste, Fraud and Abuse

Total Call recognizes the importance of safeguarding the USF. As such, the Company has implemented the following 90-day non-usage policy in an effort to avoid waste, fraud, and abuse of the program. Total Call will not consider a prepaid subscriber activated, and will not seek reimbursement for Lifeline for that subscriber, until the subscriber activates the Company's prepaid service through usage of the service. ¹⁴ In addition, after service activation, Total Call

¹³ See Lifeline and Link Up Reform Order page 227-29.

¹⁴ See Lifeline and Link Up Reform Order at ¶ 257; revised 47 C.F.R. § 54.54.407(c)(1).

will provide a de-enrollment notice to subscribers that have not used their service for 60 days. After 60 days of non-use, Total Call will provide notice to the subscriber that failure to use the Lifeline service within a 30-day notice period will result in de-enrollment. For these purposes, subscribers will be considered to "use" the service by: (1) completing an outbound call; (2) purchasing minutes from the Company to add to the subscriber's plan; (3) answering an incoming call from a party other than the Company; or (4) responding to a direct contact from the Company and confirming that the subscriber wants to continue receiving the service. If the subscriber does not respond to the notice, the subscriber will be de-enrolled and Total Call will not request further Lifeline reimbursement for the subscriber. Customers that have been deactivated may participate in the Company's Lifeline service in the future by reapplying and reestablishing eligibility.

III. THE PUBLIC SERVICE COMMISSION OF THE COMMONWEALTH OF KENTUCKY HAS JURISDICTION TO DESIGNATE WIRELESS ETCS

The Public Service Commission of the Commonwealth of Kentucky ("Commission") has the requisite jurisdiction to authorize the limited ETC designation requested herein.¹⁷ Section 214(e)(2) of the Act provides state public utility commissions with the "primary responsibility" for the designation of ETCs.¹⁸ Although Section 332(c)(3)(A)¹⁹ of the Act prohibits states from regulating the entry of, or the rates charged by, any provider of commercial mobile service or

 $^{^{15}}$ See Lifeline and Link Up Reform Order at ¶ 257; revised 47 C.F.R. § 54.54.405(e)(3). 16 See Lifeline and Link Up Reform Order at ¶ 261; revised 47 C.F.R. § 54.54.407(c)(2).

¹⁷ See MASSACHUSETTS GENERAL LAWS, Chapter 159 § 12, Investigation by the Dep't on its Own Motion into the Lifeline and Link-Up Programs for Mass. Tel. Customers, D.T.C. 10-3, Order Opening Investigation (Sept. 17, 2010); In the Matter of TracFone Wireless, Inc., Annual Verification of SafeLink Wireless Lifeline Subscribers, D.T.C. 09-9, Order (June 30, 2010).

¹⁸ 47 U.S.C. § 214(e)(2).

¹⁹ 47 U.S.C. § 332(c)(3)(A).

any private mobile service, this prohibition does not allow states to deny wireless carriers ETC status.²⁰ Therefore, the Commission has the authority to designate Total Call as an ETC.

Pursuant to this authority, the Commission has historically participated in determining whether to grant ETC status to an applying carrier, including any requesting wireless carrier. Under the Act, a state public utility commission with jurisdictional authority over ETC designations must designate a common carrier as an ETC if the carrier satisfies the requirements of Section 214(e)(1). Total Call establishes below that it currently meets all of the requirements of Section 214(e)(1). Thus, the Commission has the authority under Section 214(e)(2) of the Act to grant Total Call's request for designation as an ETC throughout the Commonwealth of Kentucky.

A. The ETC Designation Request Is Consistent with Recent Commission Precedent

Total Call's request for ETC designation to participate in the Lifeline program is consistent with the Commission's designation and recent certification of Tracfone Wireless as an ETC. In its decision, the Commission determined that Tracfone Wireless satisfied all of the necessary eligibility requirements, and that designation of a prepaid wireless provider as an ETC would serve the public interest. Total Call requests that the Commission expeditiously process its ETC Application so that it can quickly commence providing qualifying low-income Kentucky customers with affordable USF-supported wireless services during these challenging economic times. Designating Total Call as an ETC would further competition for wireless Lifeline services, would offer Lifeline-eligible consumers an additional choice of providers from which they may access telecommunications services, and represents a significant step towards the goal

²⁰ See Federal-State Joint Board on Universal Service, First Report and Order, 12 FCC Rcd 8776, 8858-59, \P 145 (1997) ("USF Order").

²¹ See e.g., Tracfone ETC Order.

²² See <u>id</u>.

of ensuring all low-income consumers have the opportunity to share in the many benefits associated with having access to wireless services.

IV. TOTAL CALL SATISFIES THE REQUIREMENTS FOR DESIGNATION AS AN ETC

Section 254(e) of the Act provides that "only an eligible telecommunications carrier designated under Section 214(e) shall be eligible to receive specific federal universal service support." Section 214(e)(2) of the Act authorizes state commissions, such as the Commission, to designate ETC status for federal universal service purposes and authorizes the Commission to designate wireless ETCs.²³ Section 214(e)(1)(A) of the Act, and FCC Rules 54.101(b) and 54.201(d)(1) provide that applicants for ETC designation must be common carriers that will offer all of the services supported by universal service, either using their own facilities or a combination of their own facilities and the resale of another carrier's services, unless granted forbearance from this requirement by the FCC.²⁴ Pursuant to Section 214(e)(1)(B) and FCC Rule 54.201(d)(2), applicants must also commit to advertise the availability and rates of such services.²⁵ Additional requirements for Commission designation of ETCs are set forth in revised FCC 54.202.²⁶ As detailed below, Total Call satisfies each of the above-listed requirements.

A. Total Call Will Provide Service Consistent with the FCC's Grant of Forbearance from Section 214's Facilities Requirements

Total Call recognizes that Section 214(e)(1)(A) of the Act and FCC Rule 54.201(d)(1) require ETCs to offer services, at least in part, using their own facilities, and that FCC Rule 54.201(i)²⁷ prohibits state commissions from designating as an ETC a telecommunications carrier that offers services exclusively through the resale of another carrier's services. The FCC

²³ USF Order, at 8858-59, ¶ 145.

²⁴ See 47 U.S.C. § 214(e)(1), 47 C.F.R. § 54.201(b) and (d)(1).

²⁵ See 47 U.S.C. § 214(e)(1) and 47 C.F.R. § 54.201(d)(2).

²⁶ See Lifeline and Link Up Reform Order at page 208, revised § 54.202.

²⁷ 47 C.F.R. § 54.201(i).

granted Total Call forbearance from the facilities-based service requirement in its *Lifeline and Link Up Reform Order*.²⁸ Furthermore, Section 10(e)²⁹ of the Act provides: "[a] State commission may not continue to apply or enforce any provision of this chapter that the [Federal Communications] Commission has determined to forbear from applying under subsection (a) of this section." As such, the Commission is required by Section 10(e) to act in accordance with the FCC's grant of forbearance to Total Call, and therefore may not apply the facilities-based requirement to Total Call.

Total Call, in its provision of wireless services, will rely on resold services which the Company will obtain from underlying wireless carriers that currently operate their own networks. In its *Lifeline and Link Up Reform Order*, the FCC granted Total Call's request for forbearance from the facilities requirement, and stated, "the Commission will forbear from the "own-facilities" requirement contained in Section 214(e)(1)(A) for carriers that are, or seek to become, Lifeline-only ETCs, subject to the following conditions:³⁰

- "(1) the carrier must comply with certain 911 requirements [(a) providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes; (b) providing its Lifeline subscribers with E911-compliant handsets and replacing, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services; and (c) complying with conditions (a) and (b) starting on the effective date of this Order]; and
- (2) the carrier must file, and the Bureau must approve, a compliance plan providing specific information regarding the carrier's service offerings and outlining the measures the carrier will take to implement the obligations contained in this Order as well as further safeguards against waste, fraud and abuse the Bureau may deem necessary."

Total Call will avail itself of the FCC's grant of blanket forbearance. In accordance with the *Lifeline and Link Up Reform Order*, Total Call filed its Compliance Plan, which the FCC

 $^{^{28}}$ See Lifeline and Link Up Reform Order \P 521; see also Total Call Mobile, Inc. Petition for Forbearance, WC Dkt. No. 09-197 (filed May 25, 2011)

²⁹ 47 U.S.C. § 160(e).

³⁰ See Lifeline and Link Up Reform Order at ¶¶ 368, 373 and 379.

approved on May 25, 2012. A copy of Total Call's Compliance Plan, as approved, is attached hereto as Exhibit 3. Total Call commits to providing Lifeline service in Kentucky in accordance with its Compliance Plan.

B. Total Call Is a Common Carrier

CMRS providers like Total Call are treated as common carriers for regulatory purposes.³¹ Total Call is a common carrier as that term is defined in the Act³² and, as such, is eligible for designation as an ETC.

C. Total Call Will Provide All Required Services and Functionalities

Through its wholesale arrangement with Sprint, Total Call offers, or will offer upon designation as an ETC in Kentucky, all of the services and functionalities required by revised FCC Rules 54.101(a)³³ and 54.202(a)³⁴ to all customers making a reasonable request for service, including the following:

1. Voice Grade Access to the Public Switched Telephone Network

Total Call provides the voice grade access to the public switched telephone network ("PSTN") required by revised FCC Rule 54.101(a)³⁵ through the purchase of wholesale CMRS services from Sprint.

Implementation of Sections 3(n) and 332 of the Communications Act, Regulatory Treatment of Mobile Services, GN Docket No. 93-252, Second Report and Order, 9 FCC Rcd 1411, 1425 ¶ 37, 1454-55 ¶ 102 (1994) (wireless resellers are included in the statutory "mobile services" category, and providers of cellular service are common carriers and CMRS providers); 47 U.S.C. § 332(c)(1)(A) ("mobile services" providers are common carriers); see also PCIA Petition for Forbearance for Broadband PCS, WT Docket No. 98-100, Memorandum Opinion and Order and Notice of Proposed Rulemaking, 13 FCC Rcd 16857, 16911 ¶ 111 (1998) ("We concluded [in the Second Report and Order] that CMRS also includes the following common carrier services: cellular service, ... all mobile telephone services and resellers of such services.") (emphasis added).

³² See 47 U.S.C. § 153(h)(10).
³³ See Lifeline and Link Up Reform Order at page 207, revised § 54.101(a).

³⁴ See Lifeline and Link Up Reform Order at page 208, revised § 54.202(a). ³⁵ See Lifeline and Link Up Reform Order at page 207, revised § 54.101(a).

2. Minutes of Use for Local Service

As part of the voice grade access to the PSTN, an ETC is required by revised FCC Rule 54.101(a)³⁶ to provide minutes of use for local service at no additional charge to end-users. The FCC has determined that a carrier satisfies the local usage requirements when it offers customers rate plans containing varying amounts of local usage.³⁷ Total Call offers a variety of rate plans that provide its customers with minutes of use for local service at no additional charge.

3. Access to 911 and E911 Emergency Service

Total Call provides 911 and E911 access for all of its customers to the extent the local government in its service area has implemented 911 or E911 systems. Total Call provides 911 and E911 access for all of its customers even when there is a zero dollar balance on a handset consistent with the requirements of revised FCC Rule 54.101(a)³⁸. Total Call also complies with the FCC's regulations governing the deployment and availability of E911 compatible handsets.

4. **Toll Limitation for Qualified Low-Income Customers**

FCC Rule 54.101(a)(2) requires toll limitation services to qualifying low-income consumers.³⁹ However, in its Lifeline and Link Up Reform Order, the FCC stated that toll limitation would no longer be deemed a supported service. 40 "ETCs are not required to offer toll limitation service to low-income consumers if the Lifeline offering provides a set amount of minutes that do not distinguish between toll and non-toll calls."41 Nonetheless, Total Call's offerings inherently allow Lifeline subscribers to control their usage, as its wireless service is

 $^{^{40}}$ See Lifeline and Link Up Reform Order at ¶ 367.

⁴¹ See id. at ¶ 49.

offered on a prepaid pay-as-you-go basis. Total Call's services, moreover, are not offered on a distance-sensitive basis and local and domestic long distance minutes are treated the same. Total Call will not seek reimbursement for toll limitation service.

5. Other Services

While no longer required by revised FCC Rule 54.101(a), Total Call provides dual tone multi-frequency ("DTMF") signaling to expedite the transmission of call set up and call detail information throughout the network, single party service for the duration of each telephone call and not multi-party (or "party-line") services, access to operator services, the ability to make interexchange, or long distance, telephone calls, and access to directory assistance services by dialing "411" from the provided wireless handsets.

Total Call Will Advertise the Availability of Supported Services D.

Total Call will advertise the availability and rates for the services described above using media of general distribution as required by Section 214(e)(1)(B) of the Act⁴², FCC Rule 54.201(d)(2)⁴³, and in accordance with the requirements set forth in the Lifeline and Link Up Reform Order, as outlined in the Company's Compliance Plan. 44 Total Call will also advertise the prices and availability of the Lifeline program in a manner reasonably designed to reach those likely to qualify for these programs by engaging in advertising campaigns specifically targeted to reach those likely to qualify for Lifeline services, and promoting the availability of cost-effective wireless services to this neglected consumer segment.

Specifically, Total Call intends to promote the availability of its Lifeline offerings by distributing brochures through various state and local social service agencies, if permitted, in order to inform customers of the availability of its Lifeline services. In addition, Total Call

⁴² See 47 U.S.C. § 214(e)(1)(B). ⁴³ See 47 C.F.R. § 54.201.

⁴⁴ See Exhibit 3, section I.E. See also Lifeline and Link Up Reform Order at Section VII.F.

intends to utilize its distribution network to help promote the availability of its Lifeline plans, especially those with retail outlets that are frequented by low income consumers. Total Call will provide its distribution with point of sale materials and printed materials describing the Company's Lifeline program for use by retail outlets. Total Call expects to be able to inform consumers of the availability of Lifeline service in a manner that will result in significantly higher participation by qualified consumers than has been the case in the past.

Total Call will explain in clear, easily understood language the following disclosures in all marketing materials related to the supported service: that only eligible consumers may enroll in the program, what documentation is necessary for enrollment, and that the program is limited to one benefit per household, consisting of either wireline or wireless service; that Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program. Additionally, Total Call will disclose the company name under which it does business and the details of its Lifeline service offerings in any Lifeline-related marketing and advertising.

Statistics suggest that there are many eligible customers who are not yet aware of the programs. According to the best data available to the Company, as of December 31, 2011, only between 10-20% of consumers eligible for Lifeline Services in the Commonwealth of Kentucky were being provided such services.⁴⁸ Total Call believes that its advertising and outreach efforts detailed above will result in increased participation in the Lifeline program.

E. Total Call Requests Designation throughout Its Service Area in Kentucky

⁴⁵ See Exhibit 3, section I.B.8 for a sample advertisement.

⁴⁶ See Lifeline and Link Up Reform Order at ¶ 275.

⁴⁷ See id.

⁴⁸ See attached Exhibit 4, 2011 Lifeline Participation Rates by State, which was obtained from the Universal Service Administrative Company ("USAC"), an independent non-for-profit corporation designated as the administrator of the federal Universal Service Fund by the FCC. USAC administers Universal Service Fund (USF) programs for high cost companies serving rural areas, low-income consumers, rural health care providers, and schools and libraries.

Total Call is not a rural telephone company as defined in Section 153(37)⁴⁹ of the Act. Total Call, through its resale of wireless services provided by its underlying carrier in Kentucky, can provide service in every Zip Code in the Commonwealth of Kentucky.⁵⁰ Accordingly, Total Call seeks ETC status throughout the entire Commonwealth of Kentucky.

Total Call understands that its service area overlaps with many rural carriers in Kentucky, but maintains that the public interest factors described below justify its designation in these carriers' service areas, especially because it seeks ETC designation solely to utilize USF funding to provide Lifeline service to qualified low-income consumers. It does not seek and will not accept high cost support. Nor does Total Call seek to provide Link-Up service. Therefore, its designation as an ETC will cause no growth in the high cost portions of the USF and will not erode high cost support from any rural telephone company. In fact, the FCC has determined that "[d]esignation of competitive ETCs promotes competition and benefits consumers in rural and high-cost areas by increasing customer choice, innovative services, and new technologies." As an option, the Commission may designate Total Call as an ETC in non-rural areas that Total Call serves without redefining the service areas of non-rural telephone companies. However, the Commission may also designate Total Call as an ETC in rural telephone company service areas upon a finding that such designation would serve the public interest. 52

F. Compliance with Service Requirements

Revised FCC Rule 54.202(a)(1)(i) requires an applicant to certify that it will comply with the service requirements applicable to the support that it receives.⁵³ Total Call provides service in

⁴⁹ 47 U.S.C. § 153(37).

⁵⁰ See Exhibit 5 for a list of wire centers included in the Company's coverage area in Kentucky.

⁵¹ See Western Wireless Corporation Petition for Designation as an Eligible Telecommunications Carrier in the State of Wyoming, Memorandum Opinion and Order, 16 FCC Rcd 48, 55 (2000).
⁵² See 47 C.F.R. § 54.207(c).

⁵³ See Lifeline and Link Up Reform Order at page 207, revised § 54.202(a).

Kentucky by reselling service that it obtains from its underlying carrier. The carrier's network is operational and largely built out. Thus, Total Call will be able to commence offering its Lifeline service to all locations served by its underlying carrier very soon after receiving approval from the Commission. Total Call commits to comply with the service requirements applicable to the support that it receives.⁵⁴

G. Network Improvement Plans

Although revised FCC Rule 54.202(a)(1)(ii) requires a common carrier seeking ETC designation to submit an improvement plan (a five-year plan under the FCC Rules,) as part of its application⁵⁵, the FCC has stated that a common carrier seeking designation as a Lifeline-only ETC is not required to submit such a plan as part of its application for designation as an ETC.⁵⁶

H. Ability to Remain Functional in Emergency Situations

Revised FCC Rule 54.202(a)(2) requires information that demonstrates that Total Call has the ability to remain functional in emergency situations, has a reasonable amount of back-up power and is able to reroute traffic spikes caused by emergency situations.⁵⁷ Given that Total Call is a reseller, it neither owns nor operates any cell site, microwave hubs, or switches. Therefore, the requirements in revised FCC Rule 54.202(a)(2) that Total Call demonstrate that it has a reasonable amount of back-up power, and is able to reroute and manage traffic in emergency situations, are not applicable. Total Call provides service in Kentucky by reselling services of its underlying wireless network carrier. Through its agreement with its underlying carrier, Total Call will provide its customers with the same ability to remain functional in emergency situations as is currently provided by the ILECs to their own customers.

⁵⁴ See Lifeline and Link Up Reform Order page 208, revised § 54.202(a)(1)(i).

See Lifeline and Link Up Reform Order page 208, revised § 54.202(a)(1)(ii).
 See Lifeline and Link Up Reform Order at ¶ 386.

⁵⁷ See Lifeline and Link Up Reform Order page 209, revised § 54.202(a)(2).

I. Commitment to Consumer Protection and Service Quality

An ETC applicant must demonstrate that it will satisfy applicable consumer protection and service quality standards in accordance with revised FCC Rule 54.202(a)(3).58 Specifically, Total Call commits to comply with the Cellular Telecommunications and Internet Association's (CTIA) Consumer Code for Wireless Service, and also commits to exceptional customer service standards. Customers will experience the level of service, including wait times typical of postpaid customer service, which is generally superior to prepaid service. Customers will also be able to contact Customer Care via the Company's toll free number or by mail. In addition, there are a number of automated systems and web options for customer needs. Customers may call Total Call or visit the Company's website for additional information or to buy additional airtime, should they wish to do so. Total Call is committed to resolving customer questions, concerns and complaints in a swift and satisfactory manner. Total Call will designate a contact person to work with the Commission regarding complaint resolution. Once Total Call is made aware of consumer complaints/inquiries, a trained customer care supervisor or manager will respond within 48 hours. Where a phone number is associated with the complaint, the customer will be contacted by telephone (minutes will not count against the customer). Otherwise, Total Call will use e-mail or regular mail, depending on the customer's preference or the information available to Total Call.

J. Local Usage Requirement

FCC rules no longer require an applicant for ETC designation to demonstrate that it offers a local usage plan that is "comparable" to the plan offered by the ILEC in the relevant service territory⁵⁹. Nevertheless, Total Call customers will have options similar to ILEC Lifeline

⁵⁸ See Lifeline and Link Up Reform Order page 209, revised § 54.202(3).

⁵⁹ See Lifeline and Link Up Reform Order at page 208, revised § 54.202(a).

offerings in that they may choose to apply the Lifeline discount to the Company's retail rate plans and will have the option for unlimited local calling (i.e. if the customer signs up for Lifeline Plan 3 (unlimited talk and text for \$29.99) or Lifeline Plan 4 (unlimited talk, text, and data for \$39.99)). Furthermore, not only will Total Call's offering be comparable to the underlying ILEC plans, it will exceed them in several respects. For Lifeline Plan 1, Total Call will offer Lifeline customers a certain amount of service free of charge. In contrast to the ILEC plans, which contain relatively small local calling areas, Total Call customers can use these free minutes to place calls statewide (or even nationwide) because Total Call does not constrict customers' use by imposing a local calling area requirement. Total Call will also provide Lifeline customers with E911 capabilities at no cost as well as voice mail, caller I.D., and call waiting features at no cost. The very nature of the wireless phone, i.e. mobility, has a tremendous benefit to many consumers, a benefit to which a monetary value cannot be easily assigned.

K. Equal Access Requirement

Pursuant to revised FCC Rule 54.202(a), Total Call is no longer required to acknowledge that it may be required to provide equal access to long distance carriers in the event that no other ETC is providing equal access within the service area. Total Call would like to note that it does not expect any customers to choose a different long distance carrier because the Company does not have extra per minute charges for long distance calls (i.e. it only charges for minutes used, whether local or long distance).

L. Total Call Is Financially and Technically Capable

In accordance with revised FCC Rule 54.202(a)(4)⁶⁰, Total Call is financially and technically capable of providing Lifeline-supported services.⁶¹ Total Call has been in business

⁶¹ See Lifeline and Link Up Reform Order at ¶ 387.

⁶⁰ See Lifeline and Link Up Reform Order page 209, revised § 54.202(4).

for 6 years and provides services to both Lifeline and non-Lifeline customers. Total Call already successfully provides wireless services in 49 states. Total Call has not been subject to enforcement action or ETC revocation proceedings in any state. Total Call does not, and has no intent to, offer exclusively Lifeline-supported services—and is therefore not exclusively dependent on universal service funds for its revenue. Total Call also has the financial support of its parent company, KDDI of America, which is a subsidiary of KDDI of Japan, the second largest carrier in Japan. Furthermore, the senior management of Total Call has great depth of knowledge in the telecommunications industry and offers extensive telecommunications business, technical and managerial expertise to the Company. Also, since Total Call will be providing resold wireless service, it will rely upon the managerial and technical expertise of its underlying carrier (i.e. Sprint).

M. Total Call Will Comply with Lifeline Certification and Verification Requirements

Revised FCC Rule 54.410 and 54.416 require ETCs to certify and verify a Lifeline customer's initial and continued eligibility.⁶³ Total Call will certify and verify consumer eligibility in accordance with the FCC's requirements, including the new rules set forth in the *Lifeline and Link Up Reform Order*.

N. Total Call Will Comply with All Regulations Imposed by the Commission

By this Application, Total Call hereby asserts its willingness and ability to comply with all the rules and regulations that the Commission may lawfully impose upon the Company's provision of service contemplated by this Application, to the extent such provisions apply to a

-

⁶² See Exhibit 6 for key management resumes.

⁶³ See Lifeline and Link Up Reform Order page 224, revised § 54.410 and 54.416.

prepaid wireless provider. Total Call commits to comply with all applicable reporting requirements adopted by the Commission.

V. DESIGNATION OF TOTAL CALL AS AN ETC WOULD PROMOTE THE PUBLIC INTEREST

One of the principal goals of the Act, as amended by the Telecommunications Act of 1996, is "to secure lower prices and higher quality services for American telecommunications consumers and encourage the rapid deployment of new telecommunications technologies" to all citizens, regardless of geographic location or income. There is no question that designating Total Call as an ETC in Kentucky will further the public interest by providing Kentucky consumers, especially low-income consumers, with lower prices and higher quality services. Many low-income customers in Kentucky have yet to reap the full benefits of the intensely competitive wireless market. Whether it is due to financial constraints, poor credit history or intermittent employment, these consumers often lack the countless choices available to most consumers.

The instant request for ETC designation must be examined in light of the Act's goal of providing low-income consumers with access to telecommunications services. The primary purpose of universal service is to ensure that consumers—particularly low-income consumers—receive affordable and comparable telecommunications services. Given this context, designating Total Call as an ETC would significantly benefit low-income consumers eligible for Lifeline services in the Commonwealth of Kentucky—the intended beneficiaries of universal service.

A. Advantages of Total Call's Lifeline Offering

The public interest benefits of Total Call's wireless service include larger local calling areas (as compared to traditional wireline carriers), the convenience and security afforded by

⁶⁴ Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56.

mobile telephone service, the opportunity for customers to control cost by receiving a preset amount of monthly airtime at no charge, the ability to purchase additional usage at flexible and affordable amounts in the event that included usage has been exhausted, 911 service even if a handset has a zero balance) and, where available, E911 service in accordance with current FCC requirements. Total Call's Lifeline customers will receive the same high-quality wireless services and exceptional customer service provided to all Company customers. Total Call's Lifeline rate plans will not only allow feature-rich mobile connectivity for qualifying subscribers at no cost to the subscriber, but also will bring a variety of rate plans into the reach of Lifeline customers that are comparable in minutes and features to those available to post-paid wireless subscribers – but at low Lifeline rates and without the burden of credit checks or contracts.

As described above and in Exhibit 2, Total Call offers customers five choices to better meet their needs. All Lifeline plans include a free phone, call waiting, caller ID and voicemail free of charge, and Total Call does not charge an activation fee or any other charge to establish service (other Lifeline service providers often charge an activation charge of \$30.00). Minutes include nationwide coverage, so customers do not incur long distance charges, unlike local calling area offerings which prevent or charge extra for calls made outside of a defined area. Unlike many Lifeline competitor products, Total Call provides customer service calls free of charge (that is, these calls do NOT reduce a customer's minute allotment).

Total Call's Lifeline service will provide low-income Kentucky residents with the convenience and security offered by wireless services – even if their financial position deteriorates.

Total Call's prepaid wireless plans enable consumers to enjoy the benefits of wireless telecommunication without being subject to extensive credit reviews and long-term service commitments, which historically have limited the availability of wireless service to many

Americans, including many Kentucky residents. ETC designation in Kentucky would enable Total Call to offer appealing and affordable service offerings to low-income Kentucky customers to ensure that they are able to afford wireless services on a consistent and uninterrupted basis.

It is a commonly accepted fact that in today's market all consumers, including qualified Lifeline customers, view the portability and convenience of wireless service not as a luxury, but as a necessity. Mobile service allows children to reach their parents, wherever they may be, allows a person seeking employment the ability to be contacted by potential employers, and provides end users with the ability to contact emergency service providers, regardless of location. Providing Total Call with the authority necessary to offer discounted Lifeline services to those in most danger of losing wireless service undoubtedly promotes the public interest.

Moreover, grant of Total Call's Application will serve the public interest in increasing the number of ETCs in Kentucky. By granting ETC status to Total Call, the Commission will enable Total Call to increase the number of Kentucky residents receiving Lifeline support, thereby increasing the amount of USF money flowing into Kentucky. In sum, ETC designation in the Commonwealth of Kentucky would enable Total Call to provide all of the public benefits cited by the FCC in its analysis in the Virgin Mobile Order. Namely, Total Call would provide "increased consumer choice, high-quality service offerings, and mobility,"65 as well as the safety and security of effective 911 and E911 services. 66

В. The Benefits of Competitive Choice

The benefits to consumers of being able to choose from among a variety of telecommunications service providers have been acknowledged by the FCC for more than three

 $^{^{65}}$ See Virgin Mobile Order, 24 FCC Rcd at 3395 \P 38. 66 See Id. at 3391 \P 23.

decades.⁶⁷. Designation of Total Call as an ETC will promote competition and innovation, and spur other carriers to target low-income consumers with service offerings tailored to their needs and to improve their existing networks to remain competitive, resulting in improved services to consumers. Designation of Total Call as an ETC will help assure that quality services are available at "just, reasonable, and affordable rates" as envisioned in the Act. 68 Introducing Total Call into the market as an additional wireless ETC provider will afford low income Kentucky residents a wider choice of providers and available services while enhancing the competitive marketplace as ETCs compete for a finite number of Lifeline-eligible customers. Increasing the competitive marketplace of providers has the potential to effectively increase the penetration rate and reduce the number of individuals not connected to the PSTN.

C. Impact on the Universal Service Fund

Total Call's request for designation as an ETC solely for Lifeline purposes would not unduly burden the USF or otherwise reduce the amount of funding available to other ETCs. With Lifeline, ETCs only receive support for customers they obtain. The amount of support available to an eligible subscriber is exactly the same whether the support is given through a company such as Total Call or the ILEC operating in the same service area. Total Call will only increase the amount of USF Lifeline funding in situations where it obtains Lifeline customers not enrolled in another ETC's Lifeline program. By implementing the safeguards set forth in the Lifeline and Link Up Reform Order, Total Call will minimize the likelihood that its customers are not eligible or are receiving duplicative support either individually or within their household. Thus, the Company's designation as an ETC will not increase the number of persons eligible for Lifeline support.

See, e.g., Specialized Common Carrier Services, 29 FCC Rcd 870 (1971).
 See 47 U.S.C. § 254(b)(1).

Moreover, Total Call's ability to increase the Lifeline participation rate of qualified low-income individuals will further the goal of Congress to provide all individuals with affordable access to telecommunications service. Indeed, according to the FCC, "the additional choice and service options of another wireless reseller offering a service for low-income consumers represents a significant benefit for consumers and is in the public interest" ⁶⁹ because "a new entrant should incent existing wireless reseller ETCs to offer better service and terms to their customers, which provides additional evidence that forbearance in the context of the Lifeline program outweighs the potential costs." Thus, any incremental increases in Lifeline expenditures are far outweighed by the significant public interest benefits of expanding the availability of affordable wireless services to low-income consumers.

VI. ANTI-DRUG ABUSE CERTIFICATION

Total Call certifies that no party to this Application is subject to denial of federal benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.

VII. CONCLUSION

Based on the foregoing, designation of Total Call as an ETC in the Commonwealth of Kentucky accords with the requirements of Section 214(e)(2) of the Act and is in the public interest.

WHEREFORE, Total Call respectfully requests that the Commission promptly designate Total Call as an ETC in the Commonwealth of Kentucky solely for purposes of participating in the Lifeline program.

Proposed Lifeline Offering

Proposed Lifeline Offering

Non-Tribal Service Offering

TCM's Lifeline offering proposes to give eligible non-Tribal customers the following Lifeline Plan choices:

Non-Tribal Plan 1: Lifeline 250 Minute Plan

250 anytime minutes per month (as an option, customer may use text, inbound or outbound, which consumes 1 plan minute)

(additional usage priced at 10 cents per minute and 5 cents per text message) Net cost to Lifeline customer: **\$0** (free)

Non-Tribal Plans 2, 3 & 4: Lifeline Credit - Discount Plan (30-Day Plans)

Lifeline eligible non-tribal customers may choose the 30-day 1000 Minute plan; the 30-day Unlimited Talk & Text plan; the 30-day Unlimited Talk, Text & Data at a \$10 discount off of retail. Additional details regarding TCM's plans can be found at www.totalcallmobile.com/rateplans monthly.aspx. The pricing for Lifeline eligible customers are as follows:

- o 1000 Minute Plan for 30 days at \$19.99 (retail price is \$29.99) (i.e. Plan 2) 250 anytime minutes per month (as an option, customer may use text, inbound or outbound, which consumes 1 plan minute) Additional usage priced at 10 cents per minute and 5 cents per text message.
- o Unlimited Talk & Text for 30 days at \$29.99 (retail price is \$39.99) (i.e. Plan 3)
- o Unlimited Talk, Text & Data for 30 days at \$39.99 (retail price is \$49.99) (i.e. Plan 4)

Tribal Service Offering

TCM's Lifeline offering proposes to give eligible Tribal customers the following Lifeline Plan choices:

Tribal Plan 1: Unlimited Talk & Text Plan

Net cost to Lifeline customer: \$0 (free)

Tribal Plan 2: Lifeline Credit - Discount Plan

Lifeline eligible non-tribal customers may choose the 30-day Unlimited Talk, Text & Data at a \$39.99 discount off of retail. Additional details regarding TCM's plans can be found at www.totalcallmobile.com/rateplans_monthly.aspx. The pricing for Lifeline eligible customers are as follows:

o Unlimited Talk, Text & Data for 30 days at \$39.99 (retail price is \$49.99)

EXHIBIT 3

Proposed Lifeline Customer Program Enrollment Form

Apply for a Free Mobile Phone & Free Service

Through the government-supported Total Call Mobile Lifeline program, you may qualify for free service and a free phone provided by Total Call Mobile. See inside for details. This is a State of Kentucky enrollment form. For other state forms or questions, call 1-800-661-7391.

LIFELINE PROGRAM FOR THE STATE OF KENTUCKY

WHAT IS THE LIFELINE PROGRAM?

Lifeline is a government-supported program that provides free services to qualified low-income customers. If you qualify, you will receive a free mobile phone from Total Call Mobile, and, through Lifeline, a limited amount of free wireless service and unlimited access to 9-1-1 and customer service. For more information or assistance, call 1-800-661-7391.

HOW DO I QUALIFY FOR THE LIFELINE PROGRAM?

You qualify for the Total Call Mobile Lifeline Program in the State of Kentucky if you, a dependent, or your household is enrolled in certain government programs or if your household income is at or below 135% of the poverty line. See the attached form for qualifying programs and income levels.

WHAT PLANS CAN I SIGN UP FOR IF I QUALIFY FOR THE LIFELINE PROGRAM?

If you qualify for the Lifeline program, you can choose from the Lifeline Plans below. Lifeline Plan 1 is available at no cost to you unless you purchase additional minutes or text messages. Alternatively, you may also choose certain Total Call Mobile prepaid plans at a discounted rate under Lifeline Plans 2, 3 & 4. All of Total Call Mobile's Lifeline Plans include the following:

- · A free basic phone (selected by Total Call Mobile; call customer service for upgrade options)
- · Free customer service calls
- · Free 911 and balance inquiry calls
- · Free voicemail, Caller ID, and Call Waiting
- · For additional minutes, text messages, or international calls, load a regular "Anytime Plan" refill or call customer service

Service Terms & Conditions

Comprehensive terms and conditions are available at www.totalcallmobile.com. Total Call Mobile ("TCM") service is for personal use within the United States. "Unlimited" does not mean unreasonable use. Unreasonable use includes, but is not limited to, conference calling, monitoring services, abnormally large data transactions, broadcast, telemarketing, autodialed calls, commercial uses, an abnormally high number of calls/messages or abnormally long calls, tethering to another device for data transmission, or any other usage that interferes with TCM service/network resources. Data is only available with select handsets. TCM data plans may not be used with smart phones/PDA devices unless the plan is explicitly identified for such devices. International calls are charged at the applicable rate plus airtime. TCM reserves the rights to limit picture message size. Governmental taxes and fees will be charged where applicable. Plans, rates, and fees are subject to change without notice. The rates herein are valid as of April 1, 2014. TCM reserves all rights with regard to TCM intellectual property.

WIRELINE COMPETITION BUREAU APPROVES THE COMPLIANCE PLANS OF AMERICAN BROADBAND & TELECOMMUNICATIONS, BUDGET PREPAY, CONSUMER CELLULAR, GLOBAL CONNECTION, TERRACOM AND TOTAL CALL

WC Docket Nos. 09-197 and 11-42

The Wireline Competition Bureau (Bureau) approves compliance plans of six telecommunications carriers: American Broadband & Telecommunications; Budget Prepay, Inc.; Consumer Cellular, Inc.; Global Connection, Inc. of America; TerraCom, Inc.: and Total Call Mobile, Inc. filed pursuant to the *Lifeline Reform Order* as a condition of obtaining forbearance from the facilities requirement of the Communications Act of 1934, as amended (the Act), for the provision of Lifeline service.¹

The Act provides that in order to be designated as an eligible telecommunications carrier for the purpose of universal service support, a carrier must "offer the services that are supported by Federal universal service support mechanisms . . . either using its own facilities or a combination of its own facilities and resale of another carrier's services" The Commission recently amended its rules to define voice telephony as the supported service and removed directory assistance and operator services, among other things, from the list of supported services. As a result of these amendments, many Lifeline-only ETCs that previously met the facilities requirement by relying on operator services, directory assistance or other previously supported services no longer meet the facilities requirement of the Act. In the Lifeline Reform Order, the Commission found that a grant of blanket forbearance of the facilities

¹ See Lifeline and Link Up Reform and Modernization et al, WC Docket No.11-42 et al., Report and Order and Further Notice of Proposed Rulemaking, FCC 12-11, at paras. 379-380 (rel. Feb. 6, 2012) (Lifeline Reform Order). A list of the compliance plans approved through this Public Notice can be found in the Appendix to this Public Notice.

² 47 U.S.C. § 214(e)(1)(A).

³ See Connect America Fund, WC Docket No. 10-90 et al., Report and Order and Further Notice of Proposed Rulemaking, 26 FCC Red 17663, 17692-93, paras. 77-78, 80 (2011) (USF/ICC Transformation Order); pets. for review pending sub nom. In re: FCC 11-161, No. 11-9900 (10th Cir. filed Dec. 8, 2011); Connect America Fund, WC Docket No. 10-90 et al., Order on Reconsideration, 26 FCC Red 17633, 17634-35, para. 4 (2011) (USF/ICC Transformation Order on Reconsideration).

⁴ See Lifeline Reform Order, FCC 12-11, at para. 366, App. A; USF/ICC Transformation Order on Reconsideration at para. 4. Some ETCs have included language in their compliance plans indicating that they have facilities or plan to acquire facilities in the future. See, e.g., Budget PrePay, Inc. Petition for Designation as an Eligible Telecommunications Carrier, WC Docket Nos. 09-197 and 11-42, Compliance Plan of Budget PrePay, Inc. at 3 n. 6 (filed May 1, 2012). To the extent ETCs seek to avail themselves of the conditional forbearance relief established in the Lifeline Reform Order, we presume they lack facilities to provide the supported service under section 54.101 and 54.401 of the Commission's rules. See 47 C.F.R. §§ 54.101 and 54.401. Such ETCs must comply with the compliance plan approved herein in each state or territory where they are designated as an ETC, regardless of their claim of facilities for other purposes, such as eligibility for state universal service funding.

requirement, subject to certain public safety and compliance obligations, is appropriate for carriers seeking to provide Lifeline-only service. Therefore, in the *Lifeline Reform Order*, the Commission conditionally granted forbearance from the Act's facilities requirement to all telecommunications carriers seeking Lifeline-only ETC designation, subject to the following conditions: (1) compliance with certain 911 and enhanced 911 (E911) public safety requirements; and (2) Bureau approval of a compliance plan providing specific information regarding the carrier and its service offerings and outlining the measures the carrier will take to implement the obligations contained in the *Order*. 6

The Bureau has reviewed the compliance plans listed in the Appendix for conformance with the *Lifeline Reform Order*, and now approves those six compliance plans.⁷

Filings, including the Compliance Plans identified in the Appendix, and comments are available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, S.W., Room CY-A257, Washington, D.C. 20554. They may also be purchased from the Commission's duplicating contractor, Best Copy and Printing, Inc., Portals II, 445 12th Street, S.W., Room CY-B402, Washington, D.C. 20554, telephone: (202) 488-5300, fax: (202) 448-5563, or via email www.bcpiweb.com.

People with Disabilities: To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-7400 or TTY (202) 418-0484.

For further information, please contact Divya Shenoy, Telecommunications Access Policy Division, Wireline Competition Bureau at (202) 418-7400 or TTY (202) 418-0484.

- FCC -

⁵ See Lifeline Reform Order, FCC 12-11 at paras, 368-381.

⁶ See id. at paras. 373 and 389. Subsequently, the Bureau provided guidance for carriers submitting compliance plans pursuant to the *Lifeline Reform Order*. Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the Lifeline Reform Order, WC Docket Nos. 09-197 and 11-42, Public Notice, 27 FCC Rcd 2186 (Wireline Comp. Bur. 2012).

⁷ The Commission has not acted on any pending ETC petitions filed by these carriers, and this Public Notice only approves the compliance plans of the carriers listed above. While these compliance plans contain information on each carrier's Lifeline offering, we leave it to the designating authority to determine whether or not the carrier's Lifeline offerings are sufficient to serve consumers. *See Lifeline Reform Order*, FCC 12-11 at paras. 50 and 387.

Ms. Marlene H. Dortch Secretary Federal Communications Commission 445 12th Street, SW Washington, D.C. 20554

Re: Total Call Mobile, Inc., WC Docket Nos. 09-197 and 11-42

Dear Secretary Dortch:

On March 16, 2012, Total Call Mobile, Inc. ("TCM"), by its attorneys, submitted a Compliance Plan to the Federal Communications Commission ("Commission" or "FCC") in accordance with the Commission's February 6, 2012 Lifeline and Link Up Reform and Modernization *et al.* Report and Order. Attached to the Compliance Plan, as Exhibit B, was a sample of TCM's Application Form ("Form") for its Lifeline services.

TCM has continued to refine its plans for providing Lifeline services. In addition, through discussions of its Compliance Plan with Commission staff, TCM has identified additional revisions which will help clarify its compliance with the requirements in the *Lifeline Reform Order*. Accordingly, TCM hereby submits a revised Compliance Plan demonstrating its compliance with applicable FCC Lifeline rules. This plan supplements, restates and replaces the Compliance Plan submitted on March 16, 2012.

For the staff's convenience, TCM describes the principal changes to the plan below. The Revised Compliance Plan:

- Clarifies the procedures used by TCM personnel to verify Lifeline service applicant eligibility (see pp. 5-7);
- Provides further explanation of the technical and financial capabilities of TCM, of its parent, Total Call International, Inc.,

KELLEY DRYE & WARREN LLP

Ms. Marlene H. Dortch May 14, 2012 Page 2

and of the majority owner of TCI, KDDI of America (see pp. 21-23 and Exh. A);

- Inserts Exhibits A and B and re-labels the remaining exhibits accordingly;
- Revises the Model Application Form (now Exhibit D) to clarify eligibility for large households under income-based eligibility, to add a check-box for applicants residing at an address occupied by multiple households, and to amend and clarify customer certifications;
- Adds a copy of an internal verification form that will be used by TCM to record the type of documentation used to verify customer eligibility (see Exhibit B);
- Makes minor clarifications throughout (see pp. 1, 6-7, 14, 18, 22-23)

In addition, on February 29, 2012, the Wireline Competition Bureau provided guidance on the compliance plans that must be submitted to the Bureau by carriers seeking to avail themselves of the Commission's conditional grant of forbearance in the *Lifeline Reform Order*. The guidance summarized the elements that non-facilities based Lifeline-only ETCs must include within their compliance plans. For ease of review, Total Call Mobile also attaches to this letter an index identifying the sections in its Compliance Plan that address each of the items listed in the Bureau *Public Notice*. This index follows the organization of the *Public Notice*, at page 3.

TCM requests that the Commission expeditiously approve this Compliance Plan in order to permit it to begin serving Lifeline customers on a non-facilities basis in its ETC states as soon as possible.

Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the *Lifeline Reform Order*, WC Docket Nos. 09-197, 11-42, DA 12-314 (rel. Feb. 29, 2012).

KELLEY DRYE & WARREN LLP

Ms. Marlene H. Dortch May 14, 2012 Page 3

Please contact the undersigned at (202) 342-8612 if you have any questions.

Respectfully submitted,

Steven A. Augustino

Counsel to Total Call Mobile, Inc.

TOTAL CALL MOBILE, INC.'S REVISED COMPLIANCE PLAN

On May 25, 2011, Total Call Mobile, Inc. ("TCM" or "Company")¹ filed a

Petition for Forbearance ("Petition") requesting the Commission forbear from enforcement of
section 214(e)(1)(A) of the Communications Act of 1934, as amended, 47 U.S.C. § 214(e)(1)(A),
which requires eligible telecommunications carriers ("ETCs") to use their own facilities to
provide services supported by the Universal Service Fund ("USF").

On February 6, 2012, the Federal Communications Commission ("FCC" or "Commission") granted TCM's Petition for Forbearance, conditioned on fulfillment of the

The Company hereby also reports its corporate and trade names, along with its holding company, operating companies and affiliates as follows: Total Call International is the parent of Total Call Mobile; KDDI of America is the majority owner of Total Call International; Locus Telecommunications and KDDI Global are affiliates of Total Call International. A copy of KDDI Corporation's "Financial Statements Summary for the Year ended March 31, 2012 [Japan GAAP]" and biographies for all of the Executive Board Directors showing KDDI's technical and financial capabilities is attached hereto as Exhibit A.

obligations detailed in the *Lifeline Reform Order*, which also required each carrier to submit to the Commission for approval a Compliance Plan outlining the measures it will take to implement the conditions imposed by the Commission in its *Lifeline Reform Order*.

The Company will comply fully with all conditions set forth in the *Lifeline Reform Order*, as well as with the Commission's Lifeline rules and policies more generally.³

Company will comply with 911 requirements as described below in its Compliance Plan.

Company also will implement the foregoing objectives and the other objectives described in the *Lifeline Reform Order*. Specifically, this Compliance Plan: (1) describes the specific measures that the Company will take to implement the obligations contained in the *Lifeline Reform Order*, including the procedures the Company follows in enrolling a subscriber in Lifeline and submitting for reimbursement for that subscriber from the Fund; (2) describes the materials related to initial and ongoing certifications and the sample marketing materials; and (3) provides a detailed description of how the Company offers Lifeline services, the geographic areas in which it offers services, and a detailed description of the Company's Lifeline service plan offerings.

DC01/SMITD/472719. 7

See Lifeline and Link Up Reform and Modernization, Lifeline and Link Up, Federal-State Joint Board on Universal Service, Advancing Broadband Availability Through Digital Literacy Training, WC Docket No. 11-42, WC Docket No. 03-109, CC Docket No. 96-45, WC Docket No. 12-23, Report And Order and Further Notice of Proposed Rulemaking, FCC 12-11, ¶¶ 521, 523 (Feb. 6, 2012) ("Lifeline Reform Order"). TCM herein submits the information required by the Compliance Plan Public Notice. See Wireline Competition Bureau Provides Guidance for the Submission of Compliance Plans Pursuant to the Lifeline Reform Order, WC Docket Nos. 09-197, 11-42, Public Notice, DA 12-314 (rel. Feb. 29, 2012).

In addition, this Compliance Plan is consistent with the compliance plan filed by Cricket Communications, Inc. See Notice of Ex Parte Communication of Cricket Communications, Inc., WC Docket No. 09-197 (Sept. 23, 2011) ("Cricket Compliance Plan"). The Wireline Competition Bureau approved the Cricket Compliance Plan on February 7, 2012. See Telecommunications Carriers Eligible for Universal Service Support, Cricket Communications, Inc. Petition for Forbearance, WC Docket No. 09-197, Order, DA 12-158 (Feb. 7, 2012).

I. TOTAL CALL MOBILE'S COMPLIANCE PLAN

A. Total Call Mobile's Access to 911 and E911 Services

Pursuant to the *Lifeline Reform Order*, forbearance is conditioned upon Company (1) providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes; and (2) providing its Lifeline subscribers with E911-compliant handsets and replacing, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services.⁴ Company will comply with these conditions upon initiation of its Lifeline service.

Company will provide its Lifeline customers with access to 911 and E911 services immediately upon activation of service. The Commission and consumers are hereby assured that all Company customers will have available access to emergency calling services at the time that the handset is activated, and that such 911 and E911 access will be available from Company handsets, even if the account associated with the handset has no minutes remaining.

The Company's existing practices currently provide access to 911 and E911 services for all customers. Company uses Sprint as its underlying network provider/carrier. Sprint routes 911 calls from Company's customers in the same manner as 911 calls from Sprint's own retail customers. To the extent that Sprint is certified in a given PSAP territory, this 911 capability will function the same for Company. Company (via Sprint) also currently enables 911 emergency calling services for all properly activated handsets regardless of whether the account associated with the handset is active, suspended or terminated. Finally, the Company (via Sprint) transmits all 911 calls initiated from any of its handsets even if the account associated with the handset has no remaining minutes.

See Lifeline Reform Order, ¶ 373.

DC01/SMITD/472719. 7

Company will ensure that all handsets used in connection with the Lifeline service offering are E911-compliant. In point of fact, Company's phones have always been and will continue to be 911 and E911-compliant. Company uses phones that have been through a stringent certification process with Sprint, which, among other things, ensures that the handset models used meet all 911 and E911 requirements. As a result, any customer that qualifies for and elects Lifeline service will already have a 911/E911-compliant handset, which will be confirmed at the time of enrollment in the Lifeline program. Any new customer that qualifies for and enrolls in the Lifeline program is assured of receiving a 911/E911-compliant handset as well, free of charge.

B. Procedures To Enroll A Subscriber in Lifeline

1. Policy

The Company will comply with the uniform eligibility criteria established in new section 54.409 of the Commission's rules (when it becomes effective on June 1, 2012), as well as any additional certification and verification requirements for Lifeline eligibility in states where the Company is designated as an ETC. In states where there are no state-imposed requirements, the Company will comply with the certification and verification procedures in effect in that state as reflected on the website of the Universal Service Administration Company ("USAC").⁵ For any states that do not have established rules of procedure in place, the Company will comply with the certification and verification procedures in effect in that state as reflected in the *Lifeline Reform Order* and the rules.

All subscribers will be required to demonstrate eligibility based at least on: (1) household income at or below 135% of the Federal Poverty Guidelines for a household of that

See Cricket Compliance Plan at 3. DC01/SMITD/472719. 7

size; or (2) the household's participation in one of the federal assistance programs listed in new section 54.409(a)(2) and 54.409(a)(3) of the Commission's rules. In addition, through the certification requirements described below, Company will confirm that the subscriber is not already receiving a Lifeline service and no one else in the subscriber's household is subscribed to a Lifeline service.

2. Eligibility Determination

If Company cannot determine a prospective subscriber's eligibility for Lifeline by accessing income databases or program eligibility databases, Company's employees or agents ("Company personnel") will review documentation establishing eligibility pursuant to the Lifeline rules. All personnel who interact with actual or prospective customers will be trained to assist Lifeline applicants in determining whether they are eligible to participate based on the federal and state-specific income-based and/or program-based criteria. These personnel will be trained to answer questions about Lifeline eligibility, and will review required documentation to determine whether it satisfies the *Lifeline Reform Order* and state-specific eligibility requirements using state-specific checklists.

Proof of Eligibility. Company personnel will be trained on acceptable documentation required to establish income-based and program-based eligibility. Acceptable documentation of program eligibility includes: (1) the current or prior year's statement of benefits from a qualifying state or federal program; (2) a notice letter of participation in a qualifying state or federal program; (3) program participation documents (e.g., the consumer's Supplemental Nutrition Assistance Program (SNAP) electronic benefit transfer card or Medicaid

See Lifeline Reform Order, ¶ 100; 47 C.F.R. §§ 54.410(b)(1)(i)(B), 54.410(c)(1)(i)(B); Cricket Compliance Plan at 4.

See Cricket Compliance Plan at 6.

See Lifeline Reform Order, ¶ 101.

DC01/SMITD/472719. 7

participation card (or copy thereof)); or (4) another official document evidencing the consumer's participation in a qualifying state or federal program.⁹

Acceptable documentation of income eligibility includes the prior year's state or federal tax return, current income statement from an employer or paycheck stub, a Social Security statement of benefits, a Veterans Administration statement of benefits, a retirement/pension statement of benefits, an Unemployment/Workmen's Compensation statement of benefits, federal notice letter of participation in General Assistance, or a divorce decree, child support award, or other official document containing income information for at least three months time.¹⁰

Company personnel will examine supporting documentation for each Lifeline applicant, and will record the type of documentation used to satisfy the income- or programbased criteria. As specified in FCC rules, the Company will not retain a copy of the documentation reviewed. However, for audit and recordkeeping purposes, the Company will record eligibility verification information on a separate form. This "Company-only" form will be completed by Total Call Mobile personnel, who will be trained to complete the form, indicating what proof of eligibility was reviewed, and retain the form for each applicant determined to be eligible for service. The separate form is attached hereto as Exhibit B.

Where the Company personnel conclude that proffered documentation is insufficient to establish such eligibility, the Company will deny the associated application and

⁹ *Id.* and 47 C.F.R. § 54.410(c)(1)(i)(B).

See Lifeline Reform Order, ¶101; 47 C.F.R. § 54.410.(b)(1)(i)(B).

See Lifeline Reform Order, ¶101; 47 C.F.R. §§ 54.410(b)(1)(iii), 54.410(c)(1)(iii).

See Lifeline Reform Order, ¶101; 47 C.F.R. §§ 54.410(b)(1)(ii), 54.410(c)(1)(ii). DC01/SMITD/472719.7

inform the applicant of the reason for such rejection.¹³ In the event that Company personnel cannot ascertain whether documentation of a specific type is sufficient to establish an applicant's eligibility, the matter will be escalated to supervisory personnel.¹⁴ In addition, as described in Section I.B.3, below, subscribers will complete certification forms that, among other things, demonstrate the subscriber's eligibility to receive Lifeline support.

<u>De-Enrollment for Ineligibility</u>. If Company has a reasonable basis to believe that one of its Lifeline subscribers no longer meets the eligibility criteria, Company will notify the subscriber of impending termination in writing and in compliance with any applicable state dispute resolution procedures applicable to Lifeline termination, and give the subscriber 30 days to demonstrate continued eligibility. ¹⁵ A demonstration of eligibility must comply with the annual verification procedures below and found in new rule section 54.410(f), including the submission of a certification form.

3. Subscriber Certifications for Enrollment

The Company will implement certification policies and procedures that enable consumers to demonstrate their eligibility for Lifeline assistance to Company personnel as detailed in the *Lifeline Reform Order*, together with any additional state certification requirements. ¹⁶ The Company shares the Commission's concern about abuse of the Lifeline program and is thus committed to the safeguards stated herein, with the belief that these

See Cricket Compliance Plan at 6.

See Cricket Compliance Plan at 6.

See Lifeline Reform Order, ¶ 143; 47 C.F.R. § 54.405(e)(1).

Lifeline Reform Order, ¶ 61; 47 C.F.R. § 54.410(a). DC01/SMITD/472719.7

procedures will prevent the Company's customers from engaging in such abuse of the program, inadvertently or intentionally.¹⁷

TCM will implement certification procedures that require consumers to demonstrate their eligibility for Lifeline assistance. Customers will be able to sign up for Lifeline assistance by contacting TCM via telephone, facsimile, or the internet. Company personnel will verbally explain the eligibility criteria to consumers when they are enrolling in person or over the phone. ¹⁸ At the point of sale, consumers will be provided with printed information describing TCM's Lifeline program in detail, including federal and state specific eligibility requirements, and instructions for enrolling, a description of the one-per-household rule and a copy of USAC's printed material describing the one-per-household rule. ¹⁹ These materials (like all Lifeline marketing materials) also will clearly identify supported plans as "Lifeline" plans, consistent with TCM's current practice and policies. Consumers will be directed to a toll-free telephone number and to TCM's website, which will contain a link to information regarding the Company's Lifeline service plan, including a detailed description of the program, rates, and federal and state-specific eligibility criteria.

TCM will have direct contact with all customers applying for participation in the Lifeline program either by mail or by phone and all marketing materials will include TCM's customer service number. Retailers and distributors will be able to assist customers in completing applications but will provide TCM's customer service number for further questions and assistance. Retailers or customers will then directly send the applications and supporting

See Cricket Compliance Plan at 3.

¹⁸ See Lifeline Reform Order, ¶ 123.

See Lifeline Reform Order, ¶79.

documents to TCM. Retailers will not retain any copies of the customer application or supporting documentation, and company personnel will review and process all applications.

4. Call Center Procedures

Consumers will be directed to call a toll-free number to complete an application over the phone. The application will then be mailed to the customer for signature under penalty of perjury and for the submission of supporting documentation. The signed application and support documentation must be mailed to the address provided by the Company (or, if available to the consumer, returned by facsimile or electronic transmission). Processing of consumers' applications, including review of all application forms and relevant documentation will be performed under TCM's supervision by managers thoroughly trained in the requirements of the Lifeline program. TCM will ensure that all required documentation is taken care of properly by using federal and state-specific compliance checklists.

TCM will emphasize the "one Lifeline phone per household" restriction during the initial interview with the potential customer when they call into the call center. The call center introduction script substantially in the form TCM would use is attached as Exhibit C.

5. In-Person Sales Efforts

TCM will promote its Lifeline services through many channels. One sales channel will be in-person sales events staffed by TCM representatives or agents. At these events, customers will be allowed to sign up, in-person, for Lifeline service. TCM representatives or agents, fully trained in Lifeline requirements, will conduct an interview, ensuring that the potential customer does not already receive a Lifeline subsidy. Documentation proving eligibility for the program will also be collected and an application will be completed by

DC01/SMITD/472719. 7

the customer. Only after completing all required eligibility verification will TCM issue phones to the customer.

At retail outlets where trained TCM representatives or agents are not present, customers will not have access to Lifeline services (or receive a Lifeline handset) at the retail location. Instead, customers will be directed via print ads and information brochures to contact TCM directly, and to submit the Lifeline service application directly to TCM. Through TCM's certification procedures, the company would verify that the individual qualifies for a Lifeline plan (*i.e.* that there is no duplication, and that the individual qualifies by virtue of participation in an eligible state or federal low income program). Only after the customer is verified as qualifying to receive Lifeline will the phone be provided to the customer via mail or subsequent pickup.

6. Applications, Information and Disclosures

Every applicant will be required to complete an application/certification process containing disclosures, and collecting certain information and certifications as discussed below.²⁰

Disclosures. TCM's application and certification process will include the following disclosures: (1) Lifeline is a federal benefit and that willfully making false statements to obtain the benefit can result in fines, imprisonment, de-enrollment or being barred from the program; (2) only one Lifeline service is available per household; (3) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses; (4) a household is not permitted to receive Lifeline benefits from multiple providers; (5) violation of the one-per-household limitation constitutes a violation of the Commission's rules and will result in the applicant's de-enrollment

See Model Application/Certification Form (Maryland), included as Exhibit D. See Compliance Plan Public Notice at 3.
DC01/SMITD/472719, 7

from the program; and (6) Lifeline is a non-transferable benefit and the applicant may not transfer his or her benefit to any other person.²¹

Applicants will also be informed that (1) the service is a Lifeline service,

(2) Lifeline is a government assistance program, and (3) only eligible consumers may enroll in
the program.²²

In addition, Company will notify the applicant that the prepaid service must be personally activated by the subscriber and the service will be deactivated and the subscriber deenrolled if the subscriber does not use the service for 60 days.²³

Information Collection. TCM will also collect the following information from the applicant in the application/certification process: (1) the applicant's full name;²⁴ (2) the applicant's full residential address (P.O. Box is not sufficient²⁵); (3) whether the applicant's residential address is permanent or temporary; (4) billing address will not be requested as the service will be on TCM's prepaid platform (i.e. there will be no bill sent); (5) the applicant's date of birth; (6) the last four digits of the applicant's Social Security number; (7) if the applicant is seeking to qualify for Lifeline under the program-based criteria, the name of the qualifying assistance program from which the applicant, his or her dependents, or his or her household receives benefits;²⁶ and (8) if the applicant is seeking to qualify for Lifeline under the income-based criterion, the number of individuals in his or her household.²⁷

See Lifeline Reform Order, ¶ 121; 47 C.F.R. § 54.410(d)(1).

See 47 C.F.R. § 54.405(c).

²³ See Lifeline Reform Order, ¶ 114.

See Cricket Compliance Plan at 4.

See Lifeline Reform Order, ¶ 87.

See Cricket Compliance Plan at 4.

²⁷ See 47 C.F.R. § 54.410(d)(2). See Cricket Compliance Plan at 4. DC01/SMITD/472719. 7

Applicant Certification. Consistent with new rule section 54.410(d)(3), TCM will require the applicant to certify, under penalty of perjury, in writing or by electronic signature or interactive voice response recording, ²⁸ the following:

- 1. the applicant meets the income-based or program-based eligibility criteria for receiving Lifeline;
- 2. the applicant will notify the Company immediately, and, in any event, within a maximum of 30 days, if for any reason he or she no longer satisfies the criteria for receiving Lifeline including, as relevant, if the applicant no longer meets the incomebased or program-based criteria for receiving Lifeline support, if the applicant is receiving more than one Lifeline benefit, or if another member of the applicant's household is receiving a Lifeline benefit;
- 3. if the applicant moves to a new address, he or she will provide that new address to the Company within 30 days;
- 4. if the applicant provided a temporary residential address to the Company, the applicant will be required to verify his or her temporary residential address every 90 days;
- 5. the applicant's household will receive only one Lifeline service and, to the best of the applicant's knowledge, the applicant's household is not already receiving a Lifeline service;²⁹
- 6. the information contained in the applicant's certification form is true and correct to the best of the applicant's knowledge;
- 7. the applicant acknowledges that providing false or fraudulent information to receive Lifeline benefits is punishable by law; and
- 8. the applicant acknowledges that the applicant may be required to re-certify his or her continued eligibility for Lifeline at any time, and the applicant's failure to re-certify as to the applicant's continued eligibility will result in de-enrollment and the termination of the applicant's Lifeline benefits pursuant to the de-enrollment policy included below and in the Commission's rules.

Applicants will also be required to certify under penalty of perjury that they are head of their household and receive Lifeline-supported service only from TCM. Penalties for

²⁸ See Lifeline Reform Order. ¶¶ 168-69; 47 C.F.R. § 54.419.

See Cricket Compliance Plan at 4.

perjury will be clearly stated on the certification form.³⁰ This will be accomplished by a certification form substantially similar in format to the Model Application/Certification Form (Maryland), included as Exhibit D. Customers will be required to sign and date this statement.

In addition, the applicant will be required to authorize TCM to access any records required to verify the applicant's statements in the application/certification process and to confirm the applicant's eligibility for the Company Lifeline credit. The applicant must also authorize TCM to release any records required for the administration of the Company Lifeline credit program, including to USAC to be used in an Lifeline program eligibility database. 32

C. Annual Verification Procedures

TCM will annually re-certify all subscribers by querying the appropriate eligibility databases (when it becomes available) or, if no eligibility database is available, by obtaining a signed certification from each subscriber consistent with the certification requirements above and new section 54.410(d) of the rules. This certification will include a confirmation that the applicant's household will receive only one Lifeline service and, to the best of the subscriber's knowledge, the subscriber's household is receiving no more than one Lifeline service. Company will notify each participating Lifeline customer prior to his or her service anniversary date that he or she must confirm his or her continued eligibility in accordance with the applicable requirements. Further, the verification materials will inform the subscriber that

³⁰ See Cricket Compliance Plan at 5.

See Cricket Compliance Plan at 5.

See 47 C.F.R. § 54.404(b)(9). The application/certification form will also describe the information that will be transmitted, that the information is being transmitted to USAC to ensure the proper administration of the Lifeline program and that failure to provide consent will result in the applicant being denied the Lifeline service. See id. See also Cricket Compliance Plan at 5.

³³ See Lifeline Reform Order, ¶ 120 and Cricket Compliance Plan at 8.

See Cricket Compliance Plan at 8. DC01/SMITD/472719. 7

he or she is being contacted to re-certify his or her continuing eligibility for Lifeline and if the subscriber fails to respond, he or she will be de-enrolled in the program.³⁵

2012 Verification. Company will re-certify (if applicable) the eligibility of each of its existing subscribers as of June 1, 2012 on a rolling basis by the end of 2012 and report the results to USAC by January 31, 2013. Company will contact its subscribers via text message to their Lifeline supported telephone, or by mail, phone, email or other Internet communication. The notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact the Company.

<u>Verification De-Enrollment</u>. Company will give subscribers 30 days to respond to the annual verification inquiry. Company will de-enroll subscribers that do not respond to the annual verification or fail to provide the required certification.³⁷ If the subscriber does not respond, the Company will send a separate written notice explaining that failure to respond within 30 days will result in the subscriber's de-enrollment from the Lifeline program. If the subscriber does not respond within 30 days, Company will de-enroll the subscriber within five business days thereafter.

D. Activation and Non-Usage

Each subscriber activates the service by placing a call to TCM. Company will not consider a prepaid subscriber activated, and will not seek reimbursement for Lifeline for that subscriber, until the subscriber places this call demonstrating usage of the phone.³⁸ In addition, after service activation, Company will provide a de-enrollment notice to subscribers that have

³⁵ See Lifeline Reform Order, ¶ 145.

³⁶ See Lifeline Reform Order, ¶ 130.

³⁷ See Lifeline Reform Order, ¶ 142; 47 C.F.R. § 54.54.405(e)(4).

See Lifeline Reform Order, ¶ 257; 47 C.F.R. § 54.407(c)(1). DC01/SMITD/472719. 7

not used their service for 60 days. After 60 days of non-use, Company will provide notice to the subscriber that failure to use the Lifeline service within a 30-day notice period will result in deenrollment.³⁹ For these purposes, subscribers will be considered to "use" the service by:

(1) completing an outbound; (2) purchasing minutes from Company to add to the subscriber's plan; (3) answering an incoming call from a party other than Company; or responding to a direct contact from Company and confirming that the subscriber wants to continue receiving the service.⁴⁰

If the subscriber does not respond to the notice, the subscriber will be de-enrolled and Company will not request further Lifeline reimbursement for the subscriber. Company will report annually to the Commission the number of subscribers de-enrolled for non-usage by month.⁴¹

E. Additional Measures to Prevent Waste, Fraud and Abuse

To supplement its verification and certification procedures, and to better ensure that customers understand the Lifeline service restrictions with respect to duplicates, the Company will implement measures and procedures to prevent duplicate Lifeline benefits being awarded to the same household. These measures entail additional emphasis in written disclosures as well as live due diligence.⁴²

In addition to checking the national database when it becomes available,

Company personnel will emphasize the "one Lifeline phone per household" restriction in their

See Lifeline Reform Order, ¶ 257; 47 C.F.R. § 54.405(e)(3). See Cricket Compliance Plan at 2 (stating that it did not need to implement a non-usage policy because it offered only plans with unlimited local and long distance calling).

⁴⁰ See Lifeline Reform Order, ¶ 261; 47 C.F.R. § 54.407(c)(2).

See Lifeline Reform Order, ¶ 257; 47 C.F.R. § 54.405(e)(3).

See Cricket Compliance Plan at 9.

direct sales contacts with potential customers.⁴³ Training materials will include a discussion of the limitation to one Lifeline phone per household, and the need to ensure that the customer is informed of this restriction.⁴⁴

<u>Database</u>. When the National Lifeline Accountability Database ("National Database") becomes available, Company will comply with the requirements of new rule section 54.404. Company will query the National Database to determine whether a prospective subscriber is currently receiving a Lifeline service from another ETC and whether anyone else living at the prospective subscriber's residential address is currently receiving Lifeline service.⁴⁵

One-Per-Household. Company will implement the requirements of the Lifeline Reform Order to ensure that it provides only one Lifeline benefit per household through the use of its application and certification forms discussed above, internal database checks and its marketing materials discussed below. Upon receiving an application for Company's Lifeline service, Company will search its own internal records to ensure that it does not already provide Lifeline-supported service to someone at the same residential address. If it does discover

⁴³ See Cricket Compliance Plan at 6, 9.

⁴⁴ Id.

See Lifeline Reform Order, ¶ 203. Company will also transmit to the National Database the information required for each new and existing Lifeline subscriber. See Lifeline Reform Order, ¶¶ 189-195; 47 C.F.R. § 54.404(b)(6). Further, Company will update each subscriber's information in the National Database within ten business days of any change, except for de-enrollment, which will be transmitted within one business day. See 47 C.F.R. § 54.404(b)(8),(10).

A "household" is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. An adult is any person eighteen years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to be part of the same household as their parents or guardians. See Lifeline Reform Order, ¶ 74; 47 C.F.R. § 54.400(h).

See Lifeline Reform Order, ¶ 78 and See Cricket Compliance Plan at 7. DC01/SMITD/472719. 7

duplicate service at an address, Company will require the applicant to complete and submit a written USAC document containing the following: (1) an explanation of the Commission's one-per-household rule; (2) a check box that an applicant can mark to indicate that he or she lives at an address occupied by multiple households; (3) a space for the applicant to certify that he or she shares an address with other adults who do not contribute income to the applicant's household and share in the household's expenses or benefit from the applicant's income, pursuant to the Commission's definition; and (4) the penalty for a consumer's failure to make the required one-per-household certification (i.e., de-enrollment). Further, if a subscriber provides a temporary address on his or her application/certification form collected as described above, Company will verify with the subscriber every 90 days that the subscriber continues to rely on that address.

Finally, Company personnel will inform each Lifeline applicant that he or she may be receiving Lifeline support under another name, and will facilitate the applicant's understanding of what constitutes "Lifeline-supported services." The Company personnel will also assist the applicant in determining if he or she is already benefiting from Lifeline support, by identifying the leading Lifeline offerings in the relevant market by brand name. ⁵⁰

Marketing Materials. Within the deadline provided in the Lifeline Reform Order,

TCM will include the following information regarding its Lifeline service on all marketing

materials describing the service: (1) it is a Lifeline service, ⁵¹ (2) Lifeline is a government

assistance program, (3) the service is non-transferable, (4) only eligible consumers may enroll in
the program, (5) the program is limited to one discount per household, consisting of either one

DC01/SMITD/472719. 7

⁴⁸ Id.

⁴⁹ See Lifeline Reform Order, ¶ 89.

⁵⁰ See Cricket Compliance Plan at 7.

⁵¹ See Cricket Compliance Plan at 4.

wireline or one wireless service; (6) what documentation is necessary for enrollment; ⁵² (7) TCM's name as the ETC; and (8) consumers who willfully make a false statement in order to obtain the Lifeline benefit can be punished by fine or imprisonment or can be barred from the program. ⁵³ These statements will be included in all print, audio video and web materials (including social networking media) used to describe or enroll customers in Company's Lifeline service offering, as well as Company's application forms and certification forms. ⁵⁴ This specifically includes Company's website (totalcallmobile.com/lifeline). ⁵⁵ A sample of Company's Lifeline marketing materials is included as Exhibit E.

F. Company Reimbursements From the Fund

To ensure that the Company does not seek reimbursement from the Fund without a subscriber's consent, Company will certify, as part of each reimbursement request, that it is in compliance with all of the Commission's Lifeline rules and, to the extent required, has obtained valid certification and verification forms from each of the subscribers for whom it is seeking reimbursement. Company will verify customers as described in the Compliance Plan before submitting requests for reimbursement for service provided to the subscriber. In addition, Company will keep accurate records as directed by USAC⁵⁷ and as required by new section 54.417 of the Commission's rules.

Further the Company will submit its FCC Forms 497 on the eighth day of each month in order to be reimbursed the same month, and inform USAC, to the extent necessary, to

DC01/SMITD/472719.7

⁵² See Cricket Compliance Plan at 4.

⁵⁷ See id.

reimburse it for actual claims rather than projected claims over the course of more than one month.⁵⁸

G. Annual Company Certifications

Company will submit an annual certification to USAC, signed by a Company officer under penalty of perjury, that Company: (1) has policies and procedures in place to review consumers' documentation of income- and program-based eligibility and ensure that its Lifeline subscribers are eligible to receive Lifeline services; ⁵⁹ (2) is in compliance with all federal Lifeline certification procedures; ⁶⁰ and (3) has obtained a valid certification form for each subscriber for whom the carrier seeks Lifeline reimbursement. ⁶¹

In addition, Company will provide the results of its annual recertifications/verifications on an annual basis to the Commission, USAC and the applicable state commission as appropriate. ⁶² Further, as discussed above, Company will report annually to the Commission the number of subscribers de-enrolled for non-usage by month. ⁶³

The Company will also annually report to the Commission, USAC and relevant state commissions as appropriate, the company name, names of the company's holding company, operating companies and affiliates, and any branding (such as a "dba" or brand designation) as well as relevant universal service identifiers for each entity by Study Area Code. 64 Company will report annually information regarding the terms and conditions of its Lifeline plans for voice

See Lifeline Reform Order, ¶¶ 302-306.

⁵⁹ See Lifeline Reform Order, ¶ 126; 47 C.F.R. § 54.416(a)(1).

⁶⁰ See Lifeline Reform Order, ¶ 127; 47 C.F.R. § 54.416(a)(2).

⁶¹ See 47 C.F.R. § 54.416(a)(3).

See Lifeline Reform Order, ¶¶ 132,148; 47 C.F.R. \S 54.416(b).

⁶³ See Lifeline Reform Order, ¶ 257; 47 C.F.R. § 54.405(e)(3).

See Lifeline Reform Order, ¶¶ 296, 390; 47 C.F.R. § 54.422(a). DC01/SMITD/472719. 7

telephony service offered specifically for low income consumers during the previous year, including the number of minutes provided and whether there are additional charges to the consumer for service, including minutes of use and/or toll calls. Finally, Company will annually provide detailed information regarding service outages in the previous year, the number of complaints received and certification of compliance with applicable service quality standards and consumer protection rules, as well as a certification that Company is able to function in emergency situations. 66

H. Cooperation with State and Federal Regulators

The Company will cooperate with federal and state regulators to prevent waste, fraud and abuse. More specifically, the Company will:

- Make available state-specific subscriber data, including the names and addresses
 of Lifeline subscribers, to USAC and to each state public utilities commission
 where the Company operates for the purpose of determining whether an existing
 Lifeline subscriber receives Lifeline service from another carrier;⁶⁷
- Assist the Commission, USAC, state commissions, and other ETCs in resolving instances of duplicative enrollment by Lifeline subscribers, including by providing to USAC and/or any state commission, upon request, the necessary information to detect and resolve duplicative Lifeline claims;
- Promptly investigate any notification that it receives from the Commission, USAC, or a state commission to the effect that one of its customers already receives Lifeline services from another carrier; and
- Immediately de-enroll any subscriber whom the Company has a reasonable basis to believe ⁶⁸ is receiving Lifeline-supported service from another ETC or is no longer eligible whether or not such information is provided by the Commission, USAC, or a state commission. ⁶⁹

⁶⁵ See Lifeline Reform Order, ¶ 390; 47 C.F.R. § 54.422(b)(5).

⁶⁶ See Lifeline Reform Order, ¶ 389; 47 C.F.R. § 54.422(b)(1)-(4).

The Company anticipates that the need to provide such information will sunset following the implementation of the national duplicates database.

⁶⁸ See 47 C.F.R. § 54.405(e)(1).

See Cricket Compliance Plan at 10. DC01/SMITD/472719. 7

II. <u>DESCRIPTION OF LIFELINE SERVICE OFFERINGS</u>

Company will offer its Lifeline service in the states where it is designated as an ETC and throughout the coverage area of its underlying provider Sprint. The Company's Lifeline offering, as described in Exhibit F, will allow customers to choose from the following options: (1) 150 minutes (including select international destinations as described in Exhibit G) per month at no charge; (2) 250 minutes (domestic only) per month at no charge; or (3) a discount off of TCM's 30-day Unlimited Talk & Text plan or TCM's 30-day Unlimited Talk, Text, & Data plan. Additional plan details are described on the sample advertisement at Exhibit E and in Exhibit F. Lifeline customers can also purchase additional bundles of minutes and service (i.e. if they run out of minutes or if they want to make international calls) by purchasing TCM's refill cards online, via the customer service line, at a Western Union location, and at stores that carry TCM prepaid refills.

In addition to free or discounted voice services, Company's Lifeline plan will include a free handset (with an option to buy an upgrade) and custom calling features at no charge, including Caller ID and Voicemail. All plans include domestic long-distance at no extra per minute charge. Calls to customer service and 911 emergency services are always free, regardless of service activation or availability of minutes.

III. <u>DEMONSTRATION OF FINANCIAL AND TECHNICAL CAPABILITIES AND CERTIFICATIONS REQUIRED FOR ETC DESIGNATION⁷⁰</u>

<u>Financial and Technical Capabilities</u>. Revised Commission rule 54.202(a)(4), 47 C.F.R. 54.202(a)(4), requires carriers petitioning for ETC designation to demonstrate financial

See Compliance Plan Public Notice at 3. DC01/SMITD/472719. 7

and technical capability to comply with the Commission's Lifeline service requirements.⁷¹ The Compliance Plan Public Notice requires that a carrier's compliance plan also include this demonstration. Among the factors the Commission will consider are: a carrier's prior offering of service to non-Lifeline subscribers, the length of time the carrier has been in business, whether the carrier relies exclusively on Lifeline reimbursement to operate; whether the carrier receives revenues from other sources and whether the carrier has been the subject of an enforcement action or ETC revocation proceeding. This section summarizes TCM's financial and technical capabilities to provide the service.

TCM provides affordable prepaid mobile phone service, including calling and text messaging, along with user-friendly handsets and high quality customer service. The majority of TCM's products and plans are specially geared toward serving lower income communities, and its service models and pricing plans reflect this mission. TCM offers nationwide non-Lifeline prepaid services as an MVNO using the Sprint network. In addition, TCM is applying for certification as an ETC with the FCC (for Alabama, Connecticut, Delaware, the District of Columbia, Florida, New Hampshire, New York, North Carolina, Tennessee, and Virginia), Arkansas, California, Louisiana, Michigan, Nevada, and West Virginia. TCM received ETC approval in Maryland on December 23, 2011. 72

TCM is the wholly-owned subsidiary of Total Call International ("TCI"), a national prepaid telecommunications services provider. TCI provides international prepaid calling cards, which are often used by low income or unbanked consumers, many of whom are members of ethnic communities. TCI has been providing telecommunications services to

See Lifeline Reform Order, ¶¶ 387-388 (revising Commission rule 54.202(a)(4)).

The Arkansas PSC initially granted TCM's application, but on March 22, 2012, the PSC issued a stay and remand in light of the *Lifeline Reform Order*.

DC01/SMITD/472719. 7

customers for over 10 years. TCI, in turn, is majority owned by KDDI America, a subsidiary of Japan's second largest telecommunications carrier (KDDI Corporation). KDDI Corporation and its affiliates provide mobile services (voice and data) and fixed line services (broadband, domestic and international telecommunications and data center services) in Japan and globally. KDDI's technical and financial capabilities are further described in Exhibit A.

TCM will benefit from the experience of its parent entities in its provision of ETC services. TCM also will benefit from TCI's knowledge of low income markets when conducting outreach to eligible consumers. During the past 10 years, TCM and TCI have provided telecommunications services to non-Lifeline customers and, consequently, TCM has not and will not be relying exclusively on Lifeline reimbursement for the Company's operating revenues. TCM receives revenues from these prepaid wireless services and also has access to the financial resources of its parent company. The Company has not been the subject of any enforcement actions by the FCC nor has it been subject to any ETC revocation proceedings.

Service Requirements Applicable to Company's Support. The Compliance Plan Public Notice requires carriers to include "certifications required under newly amended section 54.202 of the Commission's rules." Company certifies that it will comply with the service requirements applicable to the support the Company receives. TCM provides all of the telecommunications service supported by the Lifeline program and will make the services available to all qualified consumers throughout the states in which it is designated as an ETC. TCM's services include voice telephony services that provide voice grade access to the public

Compliance Plan Public Notice at 3.

⁷⁴ 47 C.F.R. § 54.202(a)(1).

In addition to voice telephony services, TCM's services include the nine features, *i.e.*, dual tone multi-frequency signaling, single party service and access to operator services, *etc.* previously identified in Commission rule 54.101(a).

switched network or its functional equivalent. Further, TCM's service offerings provide its customers with minutes of use for local service at no charge to the customer. The Company will offer a set number of minutes of local exchange service free of charge to its subscribers and will abide by any Commission-required minimum usage amounts. TCM's Lifeline offering will allow customers to choose from the following options: (1) 150 minutes (including select international destinations as described in Exhibit G) per month at no charge; (2) 250 minutes (domestic only) per month at no charge; or (3) a discount off of TCM's 30-day Unlimited Talk & Text plan or TCM's 30-day Unlimited Talk, Text, & Data plan. Additional plan details are described on the sample advertisement attached as E and in F. Lifeline customers can also purchase additional bundles of minutes and service (*i.e.* if they run out of minutes or if they want to make international calls) by purchasing TCM's refill cards online, via the customer service line, at a Western Union location, and at stores that carry TCM prepaid refills.

The Company also will provide access to emergency services provided by local government or public safety officials, including 911 and E911 where available and will comply with any Commission requirements regarding E911-compatible handsets. As discussed above, TCM will comply with the Commission's forbearance grant conditions relating to the provision of 911 and E911 services and handsets.

Finally, toll limitation services do not apply because TCM, like most wireless carriers, does not differentiate domestic long distance toll usage from local usage and all usage is paid for in advance. Pursuant to the *Lifeline Reform Order*, subscribers to such services are not considered to have voluntarily elected to receive TLS.⁷⁶

See Lifeline Reform Order, ¶ 230.

DC01/SMITD/472719. 7

IV. CONCLUSION

TCM submits that its Compliance Plan fully satisfies the conditions set forth in the Commission's *Lifeline Reform Order*, the Compliance Plan Public Notice and the Lifeline rules. Accordingly, the Company respectfully requests that the Commission expeditiously approve its Compliance Plan.

Respectfully submitted,

Steven A. Augustino

Indication of audit procedure implementation status

This earnings report is exempt from audit procedure based upon the Financial Instruments and Exchange Act. It is under the audit procedure process at the time of disclosure of this report.

Explanation for Appropriate Use of Forecasts and Other Notes

1. Forecast of Results

The forward-looking statements such as operational forecasts contained in this statements summary are based on the information currently available to KDDI corporation (hereafter: the "Company") and certain assumptions which are regarded as legitimate. Actual results may differ significantly from these forceasts due to various factors. Please refer to page 8 "Outlook for the Year ending March 31, 2013" under • the Attachment • for the assumptions used and other notes.

2. Forecasts for financial results and dividends after the stock split

The Company resolved at a meeting of the Board of Directors held on April 25, 2012, that the common stock will be split 100 for 1, and the trading unit of the stock will be 100 shares with an effective date of October 1, 2012. Accompanying this change, the forecasts for financial results and dividends in the fiscal year ending March 31. 2013 are as follows.

(1) Consolidated Business Results Forecast for the Year ending March 31, 2013

Year ending March 31, 2013 ¥654.14

(2) Dividends forceast for the Year ending March 31, 2013

Six months ending September 30, 2012

Year ending March 31, 2013

¥8,500.00 Notel ¥85,00 Note2

Note I; Interim dividends will be paid on the basis of the number of shares prior to the implementation of the stock split, Note 2: Dividends after the implementation of the stock split, if adjusted to reflect the number of shares prior to the stock split, will be equivalent to ¥8,500,00 per share.

Minority Interests	8,900	8,254	(646)	(7.3)
Net Income	255,122	238,604	(16,517)	(6.5)

Operating revenues for the year ended March 31, 2012 amounted to \(\frac{43}{35}, \frac{2098}{2016} \) million, 4.0\(\frac{4}\) increase year on year, mainly due to the increase in revenues brought by the increase in the number of terminal sales in the Mobile Business, and the increase in revenues of group companies in the Fixed-line Business, despite the decline in voice ARPU (Average Revenue per Unit) in the Mobile Business.

In profits, the decline the Mobile Business was offset by the substantial gain in the Fixed-line Business. Operating income was up 1.2% year on year to ¥477,647 million, and ordinary income was up 2.4% year on year to ¥451,178 million. In extraordinary income and loss, there was a substantial improvement due to a decline in impairment losses and a reversal of the provision for loss on the Great East Japan Earthquake. However, corporate taxes for the year ended March 31, 2011 declined due to a loss on liquidation of four intermediary holding companies that possessed shares of Jupiter Telecommunications Co., Ltd. In addition, in the fiscal year under review, income taxes increased due to the reversal of deferred tax assets accompanying a reduction in the corporation tax rate. As a result, net income was down 6.5% year on year to ¥238,604 million.

Overview of Economic Conditions

The debt problems in Europe continue to be a major risk factor for the global economy, and in the Euro zone, the unemployment rate is rising and banks are reluctant to lend. In addition, countries are stepping up budget cuts. As a result, the pace of the recovery in the global economy is clearly decelerating. On the other hand, in the U.S., the employment environment has improved, and monetary easing measures are gradually taking effect. Business conditions are expected to follow a moderate recovery trend. Also, in emerging economies, business conditions seem to be steadily improving as concerns about inflation subside, monetary easing measures take effect, and internal demand increases.

In Japan, the economy has not been expanding, but moving forward a moderate recovery is expected to continue for some time, with support from reconstruction-related demand and a range of policy measures, such as subsidies for environmentally-friendly cars. Nonetheless, issues requiring ongoing attention include downside risks in the economy, such as electricity shortages and increases in the price of crude oil, as well as trends in the global economy.

Industry Trends

In the mobile communications market, competition for customers is intensifying as pricing plans become more affordable; the use of smartphones increases; the range of tablets and other devices diversifies; and content services expand, centered on music, videos, and ebooks. In the fixed-line communications market, progress is being made by services combining fixed-line and mobile and by the integration of telecommunications and broadcasting. As a result, competition between services is entering a new phase.

KDDI's Position

The Company steadily implemented its medium to long term strategies-the 3M Strategy and the Global Strategy-targeting the realization of the three business vision: "More Connected" "More Diverse Values" "More Global." 3M stands for Multi-network, Multi-device, and Multi-use. Our growth strategy calls for the establishment of an environment that seamlessly provides a variety of content and services to customers

through an optimal network that can be used anytime and anywhere, with a variety of devices, including smartphones and tablets.

In January 2012, we announced the Smart Passport Concept, which is phase 1 of the 3M strategy. This concept has three key factors, The first is "au Smartvalue," an FMC discount service that we offer in cooperation with FTTH/CATV companies. The second is "au Smart Pass," which offers packages of more than 500 applications and cloud services. The third is "au ID," which enables the seamless use of those services on multiple devices. The Smart Passport Concept is aimed at maximizing Value ARPU by expanding FTTH sales, targeting smartphone subscriptions through linked acquisition in the household, and promoting the use of cloud-based content services. In the future, the Company will further advance the Smart Passport Concept, and in accordance with a new slogan—New Freedom.—we will provide customers with new value that realizes 3M.

In the Mobile Business, we have implemented a variety of initiatives to expand our customer base. We strengthened our lineup of handsets, including smartphone models not available from other companies. We also took steps to enhance our applications and content, such as establishing a cooperation agreement with Pacebook Inc. and strengthening our LISMO service. Additionally, to respond to rapidly growing data traffic, we bolstered our network by expanding the "au Wi-Fi SPOT" public wireless LAN service. We also began to provide the "Wi-Fi HOME SPOT (CUBE)," a router for use in the home, and we introduced "EV-DO Advanced" to increase communications quality in congested areas. In this way, we continued to focus on both strengthening our network and reducing our costs.

In the Fixed-line Business, we worked to expand access lines, centered on FTTH services. For corporate clients, we strove to reinforce our ability to support corporate clients' international business development by making effective use of our overseas locations. We also took steps to enhance our solutions services.

In both businesses, we sought to forge partnerships with numerous companies in a variety of fields.

- 3. Number of households with at least one contract via broadcasting, internet, or telephone
- Total access lines of FTTH, direct-revenue telephony (Metal-plus, Cable-plus phone), and CATV subs. excluding crossover.

Mobile Business

Operating revenues for the year ended March 31, 2012 amounted to \(\frac{4}{2}\),727,012 million, 5.3% increase year on year. Contributing factors include the increase in revenue brought by the increase in the number of terminal sales, despite the decline in voice ARPU caused by the uptake of the Maitsuki Discount (Monthly discount) and Simple Course. Operating income amounted \(\frac{4}{4}\)19,190 million, down 4.5% year on year, due to the increase in handsets procurement cost that led the rise in operating expenses.

- Ownerall

- The number of "au" mobile phone subscriptions was 35.109 million as of March 31, 2012.
- On January 16, 2012, in conjunction with the rollout of the new au slogan—New Freedom.—we introduced a new au brand mark.
- On March 1, 2012, we began to offer au Smart Pass and au Smartvalue.

 "au Smart Pass" offers unlimited use of more than 500 applications as well as coupon and point services, storage of photos and videos, and security and support, all for \(\frac{4}{3}90\) per month (including tax). Everyone, from experienced smartphone users to beginners, can securely and freely enjoy their favorite applications and services with "au Smart Pass," and by March 27 the number of members had surpassed 500,000.

 "au Smartvalue" is a service that combines mobile and fixed-line communications. With a subscription to a designated fixed-line communications service (FTTH, CATV), customers can receive a discount of \(\frac{4}{1},480\) (tax included)* on their monthly smartphone usage charges for up to two years. This service is available to subscribers to a designated fixed-line communications service and their family members who reside in the same household.

 * After 2 years, the discount will be \(\frac{4}{2}980\).
- Accompanying the reorganization of the \$00MHz bandwidth, which is used by an mobile phones, the provision of service for models that are not compatible with the new \$00MHz bandwidth will end on July 22, 2012. Special options have been made available to eligible customers who upgrade their bandsets, such as special prices, including models that are eligible for free upgrades. We have also continued to implement activities to publicize this issue. As a result, we have made favorable progress in encouraging customers to upgrade.

<Mobile Terminals>

- On October 14, 2011, the Companies began offering the "iPhone 4S" (made by Apple Inc.). You can use iPhone 4S on the Companies' 3G network, so you can enjoy the incredible features of iPhone 4S anywhere, anytime.
- We launched a total of 24 new AndroidTM smartphones. These included the INFOBAR series as well as high-speed communications models with WiMAX and tethering capability and waterproof models.
- In feature phones, we launched 13 new models. These included models that can be easily used even by people who are not skilled in the use of mechanical devices and waterproof models that feature a sophisticated design and a focus on ease of use.
- · We also launched a total of 8 other communications devices (tablets, mobile Wi-Fi routers, etc.).
- In handset accessories, in collaboration with "NAVA," a leading Italian stationery maker, in October 2011 we began sales of "iida & NAVA" smartphone accessories. In January 2012, we launched the "au + I collection" of official au accessories, which features a large number of items, centered on original products available only from au. The "au +1 collection" will be available at au shops, and au points can be used for payment.

<Pricing Plans>

- On September 1, 2011, we began providing two new au mobile phone pricing plans, "Plan W simple" and
 "Plan W," for customers who place frequent international calls. In addition, we made calls inside Japan
 between au mobile phones free of charge (except between 9pm and 1am) and made all C-mail within
 Japan free of charge, the first time this has been done for au mobile phones.
 - On the same day, the Companies made it possible to place international calls from au mobile phones by dialing the "010" prefix.
- The Companies launched a new pricing plan. "Plan Z Simple." on September 28, 2011. "Plan Z Simple" allows users in Japan to call other au mobile phones within Japan for free between the hours of lam and 9pm for a basic monthly rate of \$980 (including tax)*. Also, domestic C-mail messages between au mobile phone users are always free. 24 hours a day.
 - * Under "Everybody Discount" contract
- On December 1, 2011, the Companies began to offer "WIN Single Flat WiMAX (Simple)," a new rate
 plan that can be used with a downlink speed of up to 40Mbps. In addition to the conventional 3G wide
 service areas, this service can also be used in WiMAX service areas. If customers subscribe to this service
 when purchasing a compatible device (DATA08W, DATA01), they are eligible for the "WIN Single Flat
 Cost-Saving Discount," under which the service is available for ¥4,410 per month (tax included)* for up
 to 25 months.
 - * When applying for "Everybody Discount Single" or "WIN Single Set Discount."

<Consumer Services>

- We began to offer the "Guarantee Security Pack," which provides total security and safety support for AndroidTM smartphones, on November 18, 2011. In this way, we provide a package of services; remote locking in the event a smartphone is lost, "Virus Buster Mobile for au," which protects handsets from harmful sites and applications, and "Remote Support," which offers remote operation and setting by operators. We are the first domestic mobile telecommunications company to introduce remote support for AndroidTM smartphones.
- From March 1, 2012, we significantly improved the existing au mobile phone point service, the "au Point
 Program." Through this upgrade, we have expanded the ways in which members can use points earned
 under the "au Point Program." For example, points can be used to make purchases of goods from a variety
 of shopping sites or content. In addition, we changed the requirements for earning points.

<Corporate Services>

- The Company entered a business alliance with Branddialog, Inc., on August 2, 2011, to launch the "KDDI Knowledge Suite." As the Company's first service for its proprietary "KDDI MULTI CLOUD" service, the "KDDI Knowledge Suite" is a highly convenient business application that links groupware with sales support and customer management, which enables workers to operate more efficiently by allowing them to use schedules and telephone memos even when away from their desks.
- On November 22, 2011, we began to offer "KDDI 3LM Security," a security management service developed by Three Laws of Mobility, Inc. This service, which is available for corporate customers using an AndroidTM devices, features robust security functions that were not previously available at the application level.

<Others>

- The Companies launched the "au Wi-Fi SPOT" public wireless LAN service on June 30, 2011, and by the end of March 2012, the number of spots available with this service had surpassed 100,000. Customers who subscribe to the "IS Flat" or to "Plan F (IS) Simple/Plan F (IS)" can use this service from au smartphones at no additional charge, and this service is used by a large number of customers. We have implemented a variety of measures to increase convenience for our customers. We are providing services in cooperation with convenience stores for the distribution of a wide range of information and content. We have also enhanced service to enable the use of another Wi-Fi compatible device in addition to the smartphone, such as a PC or a tablet, at no charge. In addition, we have taken steps to expand our coverage area in Japan and include such locations as moving buses, railroad stations, airports, and restaurants. We are also providing international roaming service in more than 100 countries and regions overseas, such as in North America, Asia, and Europe.
 - Furthermore, in February 2012, we commenced rentals of "Wi-Fi HOME SPOT (CUBE)," an indoor wireless LAN service that offers high-speed wireless LAN communications in the home, "Wi-Fi HOME

- SPOT" is a home-use wireless LAN router than can be connected to home broadband circuits. One special feature is that the Wi-Fi can be initialized for use with an au smartphone just by pressing a single button. In addition, other Wi-Fi compatible devices, such as PCs and game machines, can also be easily used. In the future, we will work to expand our wireless LAN services, under the name "au Wi-Fi," which will cover both "Wi-Fi HOME SPOT" and "au Wi-Fi SPOT."
- From late January 2012, we began to roll out mobile NFC* (Type A/B) service in stages. As a result, the
 use of NFC services with mobile phones became possible for the first time in Japan. NFC-enabled mobile
 phones can be used for settlement services; coupon, membership card, and other services; and information
 acquisition and exchange. Furthermore, they can be used overseas as well, such as for shopping and
 transportation related functions.
 - * Near field communication: ISO international standard for near field wireless communications. Compatible with Type A/B and FeliCa[®]. Contactless IC card functions, reader/writer functions, inter-device communications functions, etc., can be used.
- "Emergency Report Mail" delivers emergency messages to an mobile phones in specified areas. From
 January 31, 2012, in cooperation with national and municipal entities, we began to provide "disaster and
 evacuation information," to provide notifications, such as various warnings and evacuation information
 related to disasters. From March 30, 2012, we began to provide the "tsunami warnings" announced by the
 Japan Meteorological Agency.
 - From spring 2012, we will offer the "Disaster Voice Delivery Service" for ISO3 and later Android me smartphones. Even when voice networks are congested and it is difficult to make a phone call, this service will be able to deliver voice messages about personal safety and related topics. In addition to the "Disaster Message Board" service, the "au Disaster Countermeasure" application has been available since December 23, 2011. In this way, we are providing "security and safety" to customers using au Android martphones.
- On February 1, 2012, the Company established the KDDI Open Innovation Fund, a corporate venture capital fund that will support promising startup companies. (Plans call for a total investment in the fund of ¥5.0 billion.) Through the fund, the Company will invest in promising startup companies in Japan and overseas. In addition, through cooperative activities, the Company will support service development, provide cloud computing and other platforms, and cooperate in promotional initiatives. In this way, the Company will foster the development of high-quality applications and services and, in conjunction with the "KDDI ∞ Labo" incubation program, support the growth of startup companies. Furthermore, the innovative applications and services that are developed through this fund will be provided through "au Smart Pass." In this way, the Company will provide customers with new experiences and value that realize the 3M strategy.

Fixed-line Business

Operating revenues in the year ended March 31, 2012 amounted to ¥915,536 million. 2.0% increase year on year, due to the increase in operating revenues of group companies, which offset the decline in voice revenue of the Company. Operating income amounted to ¥53,431 million, 122.7% increase sharply year on year, due to the decrease in operating expenses of the Company as a result of network streamlining conducted in the Fixed-line Business.

< Overall >

- The number of FTTH service subscriptions, consisting of "au HIKARI" and services of consolidated subsidiaries (Chubu Telecommunications Co., Inc.'s "Commuf@-hikari," Okinawa Cellular Telephone Company's "au HIKARI Chura" and Okinawa Telecommunication Network Co., Inc.'s "Hikarifuru") reached 2.268 million as of March 31, 2012.
- As of March 31, 2012, the number of "Metal-plus" subscriptions totaled 2.189 million.
- For "Cahle-plus phone," alliances with cable television companies grew steadily, reaching 118 companies and its subscriptions expanded to 2,074 million as of March 31, 2012.
- Consolidated subsidiary JCN Group, which oversees 18 cable companies primarily in the Tokyo
 metropolitan area, had 1.142 million cable television subscriptions as of March 31, 2012.
- < Consumer Services >
- "au HIKARI Home," a FTTH service for detached houses, expanded its service areas to Hokkaido.
 Tohoku, Chugoku, Shikoku, Kyushu region, the service started from June 1, 2011. On February 14, 2012,

- we began to provide customers who newly apply for "an HIKARI Home" with the "Aterm BL900HW," a new home gateway with built-in high-speed wireless LAN functionality and a maximum speed of 450 Mbps (theoretical speed), the highest in Japan.
- On September 1, 2011, the Company began offering the "Guarantee Total Support" service, which provides customers using our "au one net" Internet connectivity service with support from expert operators for various problems related to Internet use. Specialized operators use the telephone and remote operations to provide "Guarantee Total Support," which can be added to the "au one net" support service to help resolve issues involving Internet network equipment connectivity, settings and methods of use. On November 24, 2011, we began to offer "Guarantee Net Security." The "Guarantee Net Security" is a comprehensive security service that offers abundant security functions at an economical price. These functions include virus and spyware countermeasures as well as phishing scam countermeasures and web filtering that limits access to harmful web sites.
- From February 14, 2012, as an au HKARI telephone added-value service, we began to provide the "Telephone Option Pack," which offers customers a bundle of convenient services, such as caller ID and call forwarding, at a package price.

< Corporate Services >

- The Company have started "KDDI MULTI CLOUD," a new brand for corporate customers on June 28, 2011. Through this service, we integrate smart devices and applications seamlessly with "high quality" and "highly credible" networks and data centers as foundation to provide simple solutions and offer best working environment to corporate customers.
- On September 13, 2011, the Company and its subsidiary KDDI Web Communications Inc. participated in
 Google's new "Getting Japanese Business Online" as a business partner in Japan. Aimed at promoting ICT
 use among small and medium-sized Japanese businesses, the project supports the creation and operation
 of websites for small and medium-sized businesses and promotes the use of IT in business. In conjunction
 with "KDDI Matomete Office," a membership program that supports the establishment of office IT
 environments, we will strongly support small and medium-sized businesses.
- In October 2011, the Company acquired 85.5% of the common stock of CDNetworks Co., Ltd., of South Korea, which became a consolidated subsidiary of the Company. CDNetworks is a provider of content delivery network (CDN)^{Note} services in the global market. In addition to adding CDN services to our service lineup, we will also pursue synergies from this acquisition, such as network and facility cost reductions. In addition, as a result of this acquisition, on February 1, 2012, we began to provide "KDDI Global Content Accelerator," a CDN service that accelerates the performance and dramatically increases the reliability and scalability of web sites and web applications.

Note: CDN services realize acceleration of Internet communications through temporary caching and delivery of content using servers that are located closer to end users.

• From December 2011, we began offering service at the "TELEHOUSE HONG KONG CCC," a large-scale data center in Hong Kong that has a total floorspace of 36,000 square meters and meets the TELEHOUSE global standard. From January 2012, we also began offering service at the "TELEHOUSE FRANKFURT," a data center in Frankfurt, Germany that has a total floorspace of 67,000 square meters. With the opening of these data centers, we have 22 overseas TELEHOUSE data centers in 11 regions and 14 cities.

Other Business

Operating revenue for the year ended March 31, 2012 decreased 6.5% year on year to ¥106,873 million. Operating income decreased 49.6% year on year to 4.298 million.

3. Status of major affiliates

UQ Communications Inc. (hereafter: "UQ"), an equity method affiliate of the Company, has recorded 2,265.700 subscriptions (topped 2 million subscriptions on February 26, 2012) and 19,714 base stations as of March 31, 2012.

The service area included 100 million people as of January 24, 2012. Moreover, it has been extended to include Tokyo subways and the areas alongside principal railroad lines throughout the country, including the Tokyo metropolitan area, Chubu, and Kansai, so that WiMAX services can be used in stations and on trains. Also, we are working to increase convenience with WiMAX on smartphones, tablets, and other devices.

In April 2011, Jupiter Telecommunications Co., Ltd. (hereafter: "J:COM"), an equity method affiliate, began rolling out J:COM PHONE Plus, which uses the Company's telecommunication networks and J:COM's cable TV networks, in J:COM's service areas. From March 15, 2012, in stages, the backbone circuits linking the service areas of J:COM, which has operations in the five major metropolitan areas in Japan, will be migrated to our consolidated IP core network, thereby strengthening and increasing the reliability of J:COM's network. First, we will start from the Sapporo-Tokyo, and then in stages we will move on to other areas. In this way, within 2012, about 70% of traffic will be migrated, and plans call for the migration to be completed in 2013.

The accounts of Jibun Bank Corporation (hereafter: "Jibun Bank"), an equity method affiliate of the Company, numbered 1.36 million accounts, 160,000 accounts more from March 31, 2011, and 349.7 billion yen in deposits, 126.3 billion yen more from March 31, 2011.

From July 2011, Jibun Bank increased customer convenience by enabling the use of a service for real-time settlement from Jibun Bank accounts, the "Jibun Bank Payment service," through "au one toto." Targeting individual customers, on October 11, 2011, the bank also began offering RMB-denominated foreign currency deposits via the Internet.

au Insurance Company, Limited (hereafter; "au Insurance"), established by the Company and Ajoi Nissav Dowa Insurance Co., Ltd. through joint investment started its services on May 25, 2011.

In addition to offering the "My Smart Insurance (Standard Accidental Insurance)" including "¥100 Bicycle Plan" and "Leisure Plan," from November 29, 2011, au Insurance began to offer "My Smart Insurance world (Overseas Travel Insurance)," for a premium of ¥500 per day.

4. Outlook for the Year ending March 31, 2013

The consolidated financial results outlook of the Companies for the year ending March 31, 2013 is as (Amount unit: Millions of ven) follows:

	Year ended March 31, 2012	Forecast, year ending March 31, 2013	(Decrease)	Increuse (Decrease) %
Operating revenues	3,572,098	3,580,000	7,901	0.2
Operating income	477,647	500,000	22,352	4.7
Ordinary income	451,178	490,000	38,821	8.6
Net income	238,604	250,000	11,395	4.8

In operating revenues, lower unit sales of handsets had the effect of decreasing revenues, but the launch of au Smartvalue and au Smart Pass expanded the customer base, which had the effect of increasing revenues. Consequently, operating revenues are forecast to increase to ¥3,580,000 million on a consolidated basis.

In operating expenses, the Company is forecasting a decline in sales promotion costs due to lower unit sales of handsets. As a result, the Company is forecasting an increase in operating income, to 4500,000 million. In ordinary income, the Company anticipates improvement in equity in profit/loss of affiliates and is forecasting an increase in ordinary income, to ¥490,000 million.

In net income, the Company anticipates impairment loss on facilities with low utilization and special losses on about 480,000 million in communications facilities that the Company is considering disposing of. Nonetheless, the Company is forecasting an increase in net income, to ¥250,000.

Because forecasting for the period is difficult due to volatile conditions in the telecommunications market related to competition among carriers, the Company has not prepared a forecast of consolidated business results for the six months ending September 30, 2012.

(2) Analysis on Consolidated Financial Position

1. Consolidated Financial Position

	Year ended March 31, 2011	Year ended March 31, 2012	Increase (Decrease)
Total assets	¥3.778,918M	¥4,004.009M	¥225,090M
Shareholder's equity	¥2,103,331M	¥2,060,746M	(¥42.584M)
Equity ratio	55.7%	51.5%	(4 2%)
Net assets per share	¥495,386.23	¥539,206.73	¥43,820.50
Interest-bearing debt	¥979,629M	¥1,046,754M	¥67,124M

Consolidated total assets as of March 31, 2012 amounted to \$4,004,009 million, an increase of \$225.090 million from March 31, 2011. This increase was primarily attributable to factors such as increase in accounts receivable-trade.

Total liabilities amounted to \$1,875,384 million, an increase of \$268.305 million from March 31, 2011. The major factors contributing to this increase were issuance of convertible hond-type bonds with subscription rights to shares.

As a result of these factors, the shareholders' equity ratio decline from 55.7% to 51.5%.

Interest-bearing debt as of March 31, 2012 included ¥200,916 million of convertible bond-type bonds with subscription rights to shares issued for the year ended March 31, 2012.

2. Consolidated Cash Flows

(Amount unit: Millions of yen)

	Year ended March 31 2011	Year ended March 31, 2012	Increase (Decrease)
Net cash provided by (used in) operating activities	717,353	725,886	8,532
Net cash provided by (used in) investing activities	(440,545)	(484,507)	(43,961)
Free cash flows	276,807	241,379	(35,428)
Net cash provided by (used in) financing activities	(279,998)	(225,931)	54,067
Effect of exchange rate change on each and each equivalents	(2,416)	(1,125)	1,291
Net increase (decrease) in cash and cash equivalents	(5.607)	14,322	19,929
Cash and eash equivalents at beginning of period	165,476	159,869	(5,607)
Cash and cash equivalents at end of period	159,869	174,191	14,322

Note Free cash flows are calculated as the sum of "net cash provided by (used in) operating activities" and "net cash provided by (used in) investing activities."

Operating activities provided net cash of \$725,886 million largely due to \$454,419 million of income before income taxes and minority interests, \$417,886 million of depreciation, \$207,033 million of increase in notes and accounts receivable-trade, \$62,003 million of increase in accounts payable-other. \$23,441 million of increase in notes and accounts payable-trade, \$88,625 million of income taxes paid, and \$33,386 million of income taxes refund, etc.

Investing activities used not cash of ¥484,507 million mainly due to ¥318,870 million for purchase of property, plant and equipment, ¥75,914 million for purchase of intangible assets, and ¥57,530 million for purchase of stocks of subsidiaries and affiliates, etc.

Financing activities provided net cash of \$225,931 million. This includes \$201,000 million for proceeds from issuance of convertible bond-type bonds with subscription rights to shares. \$220,969 million for purchase of treasury stock, and \$133,750 million for repayment of long-term loans payable, and \$63,689 million for eash dividends paid.

The sum of eash flows from operating and investing activities showed a net outflow of \$241,379 million, down \$35,428 million year on year.

As a result, total amount of net cash and cash equivalents as of March 31, 2012, increased ¥14,322 million from March 31, 2011, to ¥174,191 million.

3. Cash Flows Indicators

	Year ended March 31, 2008	Year ended March 31, 2009	Year ended March 31, 2010	Year ended March 31, 2011	Year ended March 31, 2012
Shareholder's equity ratio	58.5%	53.7%	52.8%	55,7%	51.5%
Market equity ratio	94.4%	60.0%	56.4%	57.9%	51.2%
Debt repayment period (year)	1.0	1.2	1.5	1.4	1.4
Interest coverage ratio	52.7	60 6	59.7	51.1	56.3

Note:

- Equity ratio: (Total net assets Stock acquisition rights Minority interests) / Total assets
- · Market equity ratio: Market capitalization / Total assets
- · Debt repayment period: Interest bearing debt / Cash flows
- · Interest coverage ratio; Cash flows / Interest payments
- Market capitalization is calculated by multiplying the closing stock price at fiscal year-end by the number of shares outstanding (not including treasury stock).
- · Cash flows from operating activities in consolidated statements of each flows are used for operating each flows.
- Figures for interest-bearing debt cover the amounts of loans and bonds that are recognized in consolidated balance sheets
 and liabilities upon which interest is paid. Further, regarding interest payments, the amount of interest expenses paid in
 consolidated statements of each flows is used.

(3) Profit Distribution

Regarding the return of profits to shareholders as one of the priorities of its business management, the Company has a basic policy of continuing to pay stable dividends while maintaining financial soundness.

Regarding dividend payments for the year ended March 31, 2012, the Company has already paid an interim cash dividend of ¥7,500 per share. In order to express gratitude to its shareholders for their constant support, and in light of an overall consideration of business development aimed at improving future business results, the Company plans to pay an increased year-end cash dividend of ¥8,500 per share, up ¥1,000 year on year.

Further, for the year ending March 31, 2013, the Company plans to pay out \$8,500 per share for both interim and year-end cash dividend, making the full-year amount \$17,000 per share.

Going forward, the Company will work to increase the consolidated payout ratio to 25% - 30% range while considering investment for the sustainable growth remains.

(4) Business Risks

As the Companies pursue its business, there are various risks involved. The Companies take every effort to reduce these risks by preventing and hedging them.

However, there are various uncertainties which could have negative impacts on the Companies' brand image, liability, financial position aud/or earnings performance such as;

- subscription growth trends out of line with the Companies expectations due to competition, rival technologies and rapid market shifts
- breach of obligations regarding communications security and protection of customer privacy
- natural disasters and accidents including carthquake, tsunami, typhoon, etc.
- revision or repeal of laws and ordinances governing telecommunications, together with related government policies
- general legal and regulatory, litigation and patents, personnel retention and training, retirement benefits, asset-impairment accounting, telecommunications sector consolidation and business restructuring in the Companies

2. The Group

The Group comprises the Company. 118 consolidated subsidiaries (Japan: 44 companies, overseas: 74 companies), and 24 affiliates (Japan; 15 companies, overseas: 9 companies). The Group's main business lines are the Mobile Business, which provides mobile communication services, sales of mobile terminals, and content business, etc., and the Fixed-line Business, which provides broadhand services, domestic and international telecommunications services, data center services, and ICT solution services, etc. Affiliates include 21 equity-method affiliates (Japan: 14 companies, overseas: 7 companies).

The status of the Company, consolidated subsidiaries and affiliates within the Companies business and their relationships with segments are as shown below.

3. Management Policy

(I) Basic Management Policies

- We aim to become a company that can provide excitement, safety, happiness and smiles of gratitude to people in the world by offering highly credible networks and value-added products and services.
- The Companies will advance total customer satisfaction (TCS) initiatives that will heighten the level of satisfaction among all stakeholders.
- The Companies will emphasize cash flows and work to become a company that is attractive to its shareholders and other investors.
- The Companies will work to establish an even sounder financial position by making efficient capital investments and reducing various expenses rigorously.
- To step up information security, we are working to ensure thorough information management and compliance and reinforcing our risk management structure.
- The Companies will actively implement activities to preserve the environment—including energy saving, resource saving, recycling, and green purchasing—in order to emphasize harmony with the global environment and create a rich society that is fully in accord with human nature.
- The Companies will actively contribute to the development of a rich communications-based society in
 adherence with the overriding goal of its corporate social responsibility initiatives, which seek to support
 social and economic activities in all areas by providing secure and convenient telecommunications
 services.

(2) Medium-to Long-term Management Strategies, Targeted Management Indicators, and Important Issues

We will promote our mission as a telecommunication company that supports a lifeline through construction of telecommunication infrastructure network that can be recovered in case of major natural disasters, and creation of BCP upon the experiences of the Great East Japan Earthquake.

In regard to five major accidents occurring in the period from April 2011 to February 2012, the Company has been directed by the Ministry of Internal Affairs and Communications and by a MIC liaison committee—to rapidly formulate rigorous countermeasures, including recurrence prevention countermeasures, and to report on the results of their implementation and future initiatives. The Company established an investigative committee, which is led by the president, and targeting the prevention of a recurrence, implemented a complete overhaul, formulated improvement measures, and implemented them.

The Company expresses its sincere apologies for causing trouble and concern for customers and related parties as a result of this series of accidents, and to provide a comfortable communications environment for customers, the Company will continue to implement countermeasures to further increase reliability.

The Companies have formalized "three commitments" to respond quickly to changes in the operating environment, while at the same time growing sustainably and taking the lead in meeting emerging needs.

- "More connected" We will aim to achieve multi-network connectivity by organically linking networks owned by the Companies, including mobile phone. FTTH, CATV and WiMAX networks, and various devices. We will also provide a high-speed communication environment and attractive content optimized for multi-device access. At the same time, the Company will enable multi-use services tailored to individual customer preferences, thereby making ourselves "more connected" to customer.
- "More diverse values" -- The ongoing proliferation of Internet technologies, led by IP connectivity, are spawning ICT needs in a broadening host of fields, including medicine, health, education, government and the environment. By taking a more active part in various corporate initiatives and lifestyle aspects, the Companies offer further value to customers.
- "More global" -- Overseas, many countries are experiencing robust economic growth. Meanwhile, Internet
 diffusion in numerous emerging markets continues to lag. The Companies are working to meet the needs of
 markets around the world by developing communication-related businesses tailored to individual countries*
 cultural and socioeconomic conditions, and is working toward global information and telecommunication
 technology (ICT) and building communication environments to this end.

To realize these visions, we will advance the full-scale implementation of the 3M strategy (Multi-network, Multi-device, Multi-use), which will enable customers to select a device the meets their own preferences and to enjoy a variety of content through an optimal network that can be used anytime and anywhere.

Under the Smart Passport Concept, which is phase 1 of the 3M Strategy, "au Smart Pass" and "au Smartvalue" were launched in March 2012 and have carned the satisfaction of many customers. Targeting increases in customer value by leveraging the 3M strategy as one of our strengths, in the future we will continue to enhance networks. handsets, and service.

In addition, from the year ending March 31, 2013, the segments have been reorganized from the previous categories of Mobile Business and Fixed-line Business. The four new segments have been determined in accordance with the management approach, reflecting the units for which management resources are allocated and financial results are evaluated.

< Personal Services >

With the Smart Passport Concept as its core strategy, through "au Smartvalue" the segment will work to expand sales of the Companies' FTTH services—"au HIKARI," "Commuf@-hikari," and "au HIKARI Chura." In addition, the segment will strengthen its relationships with CATV companies and electric-power related communications companies. The segment will also work to expand the au customer base, achieve gains in revenues and profits, and maximize the number of FMC IDs* x FMC ARPU.

Moving forward, the segment will work to develop an extensive handset lineup, including smartphones with communications functions that have been enhanced, such as through the addition of functions that are standard in Japan; high-speed smartphones utilizing au + WiMAX; Wi-Fi routers and other data communications devices; and tablets. In addition, the segment will work to develop and provide innovative new services and new content and work to expand service areas and further increase communications quality. The segment will also strive to provide a comfortable communications environment, at higher speeds than were previously possible, through the introduction of LTE.

* Number of IDs for subscribers to both fixed-line and mobile.

< Value Services >

The Value Services segment will continue to provide cloud-based content services, centered on entertainment services. These will be linked with "au Smart Pass," for multiple devices and multiple operating systems. At the same time, by establishing a service platform, moving toward more open services, and nurturing startup companies, the segment will work to increase the appeal of these services and achieve linked acquisitions of service subscriptions. In this way, the segment will strive to maximize Value ARPU.

< Business Services >

The Business Services segment will develop the "KDDI MULTI CLOUD" brand for corporate customers, provide cloud solutions that seamlessly integrate across the range from smartphones and tablets to networks, data centers, and applications, and propose work style reforms to customers. In addition, through the provision of "Smartvalue for Business," 3M services for small and medium-sized companies, the segment will strive to increase the number of KDDI customers.

< Global Services >

In addition to expanding "TELEHOUSE" data centers, the Global Services segment will strengthen its system for the one-stop provision to customers of optimal, high-value-added ICT solutions through the utilization of the services of consolidated subsidiaries CDNetworks and DMX. In addition, the segment will work to expand its customer base, including non-Japanese companies. In addition, the segment will also work aggressively to expand consumer businesses, such as Internet broadband operations in emerging countries and MVNO operations in the U.S.

 Knwagoe Cable Vision Co., Ltd.: merged by JCN KANTO LIMITED

 KMN Corporation: merged by CABLE TELTVISION TOKYO, LTD.
 - c) Special purpose companies
 - 1) Overview of special purpose companies and transactions made through such companies

The Company has securitized real estate in order to improve its financial position by reducing interest-bearing debt. This securitization was conducted using special purpose companies ("SPCs"), a particular type of limited liability company.

In this securitization, the Company leased back the real estate that was transferred.

As of November 30, 2011, the Company acquired beneficial interest in trust on land, buildings, etc., from Aobadai Estate Y.K., which is a special purpose company. Accompanying this acquisition, the anonymous association contract as the operator of the related SPC was terminated, and the Company, which was an investor in this association, received dividends accompanying the termination of the anonymous association contract. The investment in the anonymous association was settled in December 2011.

2) Transaction amounts with SPCs during the year ended March 31, 2012

		(Amount unit	: Millions of yen)
	Major transaction amounts	Major income	and loss
	for the year ended March 31, 2012 and balance as of March 31, 2012	Items	Amounts
Acquired properties	14,993		-
Long-term accounts receivable	-		-
Investments by anonymous association	-	Dividend Dividends due to liquidation of silent partnership contract	654 6,976
Lease transaction		Lease payments ²	1,112

Note 1: Transaction amounts related to the acquired properties are represented as the acquisition cost.

Note 2: The Company paid rent from April 1, 2011 to November 30, 2011 for the year ended March 31, 2012.

2. Equity method affiliate

a) Number of equity method affiliate: 21

b) Major equity method affiliates

Jupiter Telecommunications Co., Ltd., Kyocera Communication Systems Co., Ltd., UQ Communications Inc., TEPCO OPTICAL NETWORK ENGINEERING INC., Jibun Bank Corporation, Mobacku Co., Ltd., MOBICOM Corporation

(Added)

· · 2 companies due to stock acquisition

Branddialog, Inc., Alliance Internet Co., Ltd.

(Removed)

 1 company due to additional purchase, resulting in subsidiary Japan Internet Exchange Co., Ltd.

- c) Non equity method affiliates (CISC Vostoktelecom etc.) are not included within the scope of the equity method because they are insignificant and their net incomes and retained earnings (the amounts equivalent to the Company's interest in the companies) do not significantly affect consolidated financial statements.
- d) For equity method companies with the fiscal year end that differ from the consolidated fiscal year end, the financial statements for the fiscal year of each company are used.

3. Fiscal year of consolidated subsidiaries

Among consolidated subsidiaries, the fiscal year end of 74 companies, including KDDI AMERICA Inc, KDDI Europe Ltd., is December 31 of each year. For the preparation of consolidated financial statements, the Company uses financial statements as of December 31 and makes adjustments as necessary for consolidation in relation to significant transactions during their year-end date and the consolidated year-end date.

4. Accounting policies

a) Valuation standards and methods for major assets

1) Securities

Bonds intended to be held to maturity: amortized cost method (straight-line method) Other securities

- a): Other securities for which market quotations are available are stated at fair value prevailing at the balance sheet date with unrealized gains and losses, directly included in net assets. The cost of securities sold is determined by the moving-average method.
- b): Other securities for which market quotations are not available are valued at cost mainly determined by the moving-average method.

2) Inventorics

Supplies

Stated at cost, Cost is determined by the moving-average method (the method of write-downs based on the decrease in profitability is applied in order to calculate the inventory value on the balance sheet).

- b) Depreciation and amortization for major assets
 - 1) Property, plant and equipment other than leased assets

The Company:

Machinery: declining-balance method

Property, plant and equipment other than machinery: straight-line method

Consolidated subsidiaries: Mainly straight-line method Useful life of principle assets is as follows:

Machinery: 9

9 years

Antenna facilities, Local line facilities, Long-distance line facilities, Engineering facilities, Buildings, and Structures: 5 to 38 years

2) Intangible assets other than leased assets: straight-line method

Software for internal use is amortized under the straight-line method over the expected useful lives (5 years).

3) Leased assets

Leased assets related to financial leases that do not transfer ownership rights to the lessees are amortized under the straight-line method based on the lease term as the useful life and residual value of zero.

Finance leases other than those, which are deemed to transfer the ownership rights of the leased assets to the lessees, that started before March 31, 2008, are accounted for by a method similar to that applicable to ordinary operating leases.

- 4) Long-term prepaid expenses: Straight-line method
- c) Deferred assets

Bond issuance expenses: Entire amount of expenses is fully charged at time of expenditure.

- d) Significant allowances
 - 1) Allowance for doubtful accounts

To prepare for uncollectible credits, general allowance is recorded based on the actual bad debt ratio, and specific allowance is recorded based on the amount deemed to the uncollectible considering the collectibility.

2) Provision for retirement benefits

The amount for employee retirement benefits at March 31, 2011 is based on the estimated value of benefit obligations, plan assets and retirement benefit trust assets at March 31, 2011.

Prior service cost is amortized on a straight-line basis over the average remaining service life of employees (14 years) in the year in which it arises and unrecognized actuarial differences are amortized on a straight-line basis over the average remaining service life of employees (14 years) from the year following that in which they arise.

3) Provision for point eard certificates

In order to prepare for the future cost generating from the utilization of points that customers have earned under the point services such as "au Point Program," based on its past experience, the Company reserves an amount considered appropriate to cover possible utilization of the points during or after the next consolidated fiscal year.

4) Allowance for bonuses

To allow for the payment of bonuses to employees, the Company records the standard for estimated amounts of bonuses to be paid.

5) Impairment loss on the Great East Japan Earthquake

Amount for recovery of assets damaged by the Great East Japan Earthquake that occurred on March 11, 2011 has been estimated.

e) Foreign currency transaction

All monetary assets and liabilities denominated in foreign currencies are translated into Japanese yen at the exchange rates prevailing at the balance sheet date. Resulting gains and losses are included in net profit or loss for the period.

All assets and liabilities of foreign subsidiaries and affiliates are translated into Japanese yen at the exchange rates prevailing at the balance sheet date. Revenues and expenses for the year are translated into Japanese yen at the average exchange rate during the year and translation adjustments are included in "Foreign currency translation adjustments" and "Minority interests" of "Net assets."

f) Amortization of goodwill

Goodwill is amortized under the straight-line method over a period of 5 to 20 years. However, minimal amounts of goodwill is recognized as expenses or gains for the year ended March 31, 2012.

- g) Cash and cash equivalents in the consolidated cash flow statements Cash and cash equivalents are composed of cash on hand, bank deposits able to be withdrawn on demand and short-term highly liquid investments with a maturity of three months or less at the time of purchase and which bear lower risks from fluctuations in value.
- Others
 Accounting method for consumption taxes
 Consumption taxes are accounted for using the net method of reporting.

(7) Changes in Accounting Policies

From the year ended March 31, 2012, we have applied the "Accounting Standard for Earning Per Share" (Accounting Standards Board of Japan [ASBJ] Statement No.2 of June 30, 2010), the "Guidance on Accounting Standard for Earning Per Share" (ASBJ Guidance No.4 of June 30, 2010), and the "Practical Solution on Accounting for Earnings Per Share" (ASBJ PITF No.9 of June 30, 2010).

To calculate diluted net income per share, we have changed the method to include potential services offered by the employees in the fair valuation of stock options of payment when exercising the right regarding stock options whose rights are secured after certain period of employment.

Information about the influence of this change is included in the "Per Share Information" section.

(8) Changes in Presentation

(Consolidated Balance Sheets)

"Income taxes receivable" fisted in the year ended March 31, 2011 has been included in "Accounts receivable-other" as it has become less significant from the year ended March 31, 2012.

As a result, ¥32,703 million that was recorded as income taxes receivable on the consolidated balance sheets in the previous fiscal year has been included in accounts receivable-other.

(9) Changes in Accounting Estimates

Since August 2006, the Company and Okinawa Cellular Telephone Company have offered a service enables users to carry-over unused talk time. The service allows a specified amount of the free talk time that is included in the basic monthly rate to be carried-over indefinitely.

The Company and Okinawa Cellular Telephone Company have estimated the amount of each month's unused free talk time that is expected to be used in the future, deferred the recognition of that amount as revenue, and recorded that amount in the advances received account. However, from this consolidated fiscal year, a sufficient quantity of historical results for the estimation of the amount of unused free talk time that is expected to lapse in the future has been accumulated, and more detailed estimates of that amount have become possible. Accordingly, the amount of unused free talk time that is expected to lapse in the future is deducted from the amount of deferred revenue.

As a result, from this fiscal year, this change has had the effect of increasing revenues from telecommunications business, operating income, ordinary income, and not income by \$10,361 million.

(10) Additional Information

(Application of the "Accounting Standard for Accounting Changes and Error Corrections" and others)
For the accounting changes and error corrections made in after the beginning of the year ending March 31,
2012, we have applied the "Accounting Standard for Accounting Changes and Error Corrections" (ASBJ
Statement No.24 of December 4, 2009) and the "Guidance on Accounting Standard for Accounting Changes
and Error Corrections" (ASBJ Guidance No.24 of December 4, 2009).

(11) Notes for Consolidated Financial Statements

Consolidated financial statements of the Company are prepared under the "Regulations concerning the terms, forms and preparation methods for quarterly consolidated financial statements" (Ministry of l'imance Ordinance No. 28, 1976, herein after "Regulations for consolidated financial statements"), and in accordance with these regulations and the "Rules for telecommunications business accounting" (Ministry of Posts and Telecommunications Ordinance No. 26, 1985).

Loss on disposal of real estate accompanying disposal of land, etc.	-	¥597M
Loss on disposal of other facilities, etc.	-	¥79M
Total	-	¥676M

Note 5: Impairment loss

The Companies mainly recognized impairment loss for the following assets and asset groups.

For the year ended March 31, 2011

Location	Usage for	Турс	Impairment loss amount
The Company, etc. Facility used for current \$60MHz band (Tokyo, Nagoya, Osaka, etc.)	Telecommunications business	Machinery, etc.	¥13,079M
The Company Domestic transmission line facilities, idle assets, etc. (Tokyo, etc.)	Telecommunications business	Local line facilities, Engineering facilities, etc.	¥17,471M
The Company Facility used for legacy service (Tokyo, ctc.)	Telecommunications business	Machinery, local line facilities, etc.	¥21,209M

The Companies calculate impairment losses by grouping assets based on minimum units that have identifiable cash flows essentially independent from the cash flows of other assets or groups of assets.

The use of the facility for current 800MHz band will be discontinued from July 2012 due to a reorganization of frequencies, while transfer of mobile handsets to new frequency band is being promoted. Recognizing the downward trend in subscribers using handsets compatible with such equipments, the book value of those assets was written down to the amount deemed recoverable, resulting in an extraordinary loss on asset impairment of ¥13,079 million. Of which, ¥12,373 million comes from machineries and ¥705 million from others.

The recoverable value of these assets for the Companies was estimated based on the usage value, and calculated based on a future each flow discount rate of 5.54%.

In the year ended March 31, 2011, for domestic transmission system with declining utilization rates and idle assets, the book value has been reduced to recoverable value. The said reduction is recognized as impairment loss of \\$17,471 million in extraordinary loss. This consists of \\$10,687 million for local line facilities, \\$4,485 million for engineering facilities and \\$2.298 million for others.

Further, the recoverable amount for the said assets is estimated based on the net selling price. The calculation of

market value is based on appraised value and other factors, with the value of assets that are difficult to sell or convert to other uses set at ¥0.

Due to the worsening market environment and the downward trend in the subscribers of a part of legacy services in the Fixed-line Business during the year ended March 31, 2011, the Company set up a cash management system for cash flows generated by such equipment, and pooled those assets into an independent asset grouping.

Recognizing the worsening market environment and the downward trend in the subscribers, the book value of those assets was written down to the amount deemed recoverable, resulting in an extraordinary loss on asset impairment of ¥21,209 million. Of which, ¥10,468 million comes for machineries, ¥7,753 million for local line facilities, and ¥2,987 million for others.

In addition, impairment loss of ¥380 million on business assets in certain subsidiaries was recognized in extraordinary loss. This consists of ¥95 million for long-distance line facilities, ¥84 million for buildings, ¥79 million for machinery, ¥77 million for local line facilities, and ¥44 million for others.

For the year ended March 31, 2012

Location	Usage for	Турс	Impainment loss amount
The Company	Telecommunications	Local line facilities,	
Domestic transmission line facilities,	business	Long-distance line facilities, etc.	¥8,515M
idle assets, etc. (Tokyo, etc.)			

The Companies calculate impairment losses by grouping assets based on minimum units that have identifiable cash flows essentially independent from the cash flows of other assets or groups of assets.

In the year ended March 31, 2012, for domestic transmission system with declining utilization rates and idle assets, the book value has been reduced to recoverable value. The said reduction is recognized as impairment loss of ¥8,515 million in extraordinary loss. This consists of ¥4,454 million for local line facilities, ¥1,940 million for long-distance line facilities and ¥2,119 million for others.

Further, the recoverable amount for the said assets is estimated based on the net selling price. The calculation of market value is based on appraised value and other factors, with the value of assets that are difficult to sell or convert to other uses set at \(\frac{40}{5}\).

In addition, impairment loss of ¥1,431 million on business assets in certain subsidiaries was recognized in extraordinary loss.

Note 6: Loss on retirement of noncurrent assets

	Year ended March 31,	Year ended March 31,
	2011	2012
Facility used for current 800MHz band	¥28,383M	
Facility used for legacy service	¥3,256M	1
Others	¥176M	-
Total	¥31,816M	

Note 7: Loss on the Great East Japan Earthquake

For the year ended March 31, 2011

It is for recovery of assets damaged by the Tohoku Region Pacific Coast Earthquake that occurred on March 11, 2011. It includes loss and recovery cost of au base stations, domestic cable and others, support cost to agencies, and other recovery costs. It includes \(\frac{1}{2}\)16,282 million in transfer for losses on the Great East Japan Earthquake.

For the year ended March 31, 2012

It includes cost of handset replacement of victims and other recovery cost of the Great East Japan Earthquake on March 31, 2011.

Note 2: Major assets and liabilities of company that became a consolidated subsidiary through the acquisition of shares

For the year ended March 31, 2011

No significant items to be reported.

For the year ended March 31, 2012

The breakdown of assets and liabilities at the point when consolidation was initiated due to the consolidation of WebMoney Corporation as a result of the acquisition of shares, and the relationship between the amount of the acquisition of shares and the expenditures for the purpose of the acquisition (not amount), are as follows.

Current assets	¥17,901M
Noncurrent assets	¥3,401M
Goodwill	¥16,344M
Current liabilities	(¥18.208M)
Minority interests	(¥86M)
Amount of the acquisition of shares of WebMoney Corporation	419,352M
Cash and case equivalents of WebMoney Corporation	(¥8,440M)
Expenditures for the purpose of the acquisition of WebMoney Corporation	¥10,912M

Note 3: In regard to the acquired beneficial interest in trust, accompanying the termination of the real estate investment trust contract, the ownership of the assets that had been held in trust were transferred to the Company.

These acquired assets were recorded as follows in the noncurrent assets-telecommunications business section of the consolidated balance sheets-machinery: ¥1,065 million; buildings: ¥6,125 million; structures: ¥97 million; land; ¥7,697 million; other tangible assets; ¥8 million.

Note 4: Details of major non-eash transactions

Amount of assets and liabilities related to finance lease transactions

	Year ended March 31,	Year ended March 31,
	2011	2012
Assets related to finance lease transaction	¥5,672M	¥5,170M
Liabilities related to finance lease transaction	¥5,959M	¥5,642M

(Segment Information)

[Segment Information]

1. Outline of business segments reported

The business segments the Companies reports are the business units for which the Company is able to obtain respective financial information separately in order for the Board of Directors, etc. to evaluate regularly in determining how to allocate resources and assess their business performance.

As the Companies is a comprehensive telecommunications company combining mobile and fixed-line communications in a single company, its business segments reported comprise of the "Mobile Business" and the "Fixed-line Business."

The Mobile Business provides mobile services (voice and data service), sales of mobile phone handsets and content and other services. The Fixed-Line Business provides various fixed-line communications services, including broadband services centering in FTTH and CATV access lines, long distance and international telecommunications services. In addition, the Companies offers data center services and various ICT solutions services outside of Japan.

2. Method of calculating sales and income (loss), identifiable assets, and other items by business segment reported Accounting method for business segment reported is the same as presentations on "Basis of Presenting Consolidated Financial Statements."

Income by business segments reported are calculated based on operating income. Intersegment sales are calculated based on third-party trading prices.

3. Information on sales and income (loss), identifiable assets, and other items by business segment reported

For the year ended March 31, 2011

					(Amou	nt unit: Mill	ions of ye
	Mobile Business	Fixed-line Business	Subtotal	Others ¹	Total	Elimina- tion and corporate ²	Consoli- dation

Liquidation of subsidiaries	(15.7)	
Effect of share exchange		3.3
Other	(0.5)	0.5
Actual tax rate	23.5	45.7

^{3.} Impact from the change in the corporation tax rate, etc.

Due to the promulgation on December 2, 2011, of The Law to Revise the Income Tax, etc., in Order to Construct a Tax System Addressing Changes in the Socio-Economic Structure (Law No. 114 of 2011), and The

Act on Special Measures for Securing the Financial Resources to Implement the Restoration from the Tohoku Earthquake(Law No.117 of 2011), for fiscal years beginning on or after April 1, 2012, the corporation tax rate has been reduced and a special reconstruction corporation tax has been instituted. As a result, the effective statutory tax rate used to measure deferred tax assets and liabilities has been changed from the previous 40.6% to 38.0% for temporary differences expected to be climinated during the period from the fiscal year beginning on April 1, 2012 to the fiscal year beginning on April 1, 2014, and to 35.6% for temporary differences expected to be climinated in the fiscal year beginning on April 1, 2015.

As a result of this tax rate change the amount of deferred tax assets (not of the amount of deferred tax liabilities) decreased by \\$12,006 million, valuation difference on available for-sale securities increased by \\$2,762 million, and income taxes-deferred increased by \\$14,769 million.

(Financial Instruments)

1. Status of financial instruments

(1) Policy for measures relating to financial instruments

In light of plans for capital investment, primarily for conducting telecommunications business, the Companies raise the funds it requires through bank loans and bonds issuance. The Companies manage temporary fund surpluses through financial assets that have high levels of safety. Further, the Companies raise short-term working capital through bank loans. Regarding derivatives policy, the Companies' adhere to the fundamental principle of limiting transactions to those actually required and never conducting speculative transactions for trading profit.

(2) Details of financial instruments and associated risk and risk management system

Trade receivables—trade notes and accounts receivable and other accounts receivable—are exposed to credit risk in relation to customers and trading partners. For such risk, pursuant to criteria for managing credit exposure, the Companies have systems enabling the management of due dates and balances of each customer and trading partner as well as the analysis of credit status.

The Companies are exposed to market price fluctuation risk in relation to investment securities. However, those are primarily the shares of companies with which the Companies have operational relationships, and periodic analysis of market values is reported to the Board of Directors.

Almost all trade payables—trade notes and accounts payable, other accounts payable, and accrued expenses—have payment due dates within one year.

Those trade payables are exposed to liquidity risk at time of settlement. However, the Companies reduce that risk by having each company review fund-raising plans every month.

Among loans payable, short-term loans payable are primarily for fund raising related to sales transactions, and long-term loans payable are primarily for fund raising related to capital investment and investment and financing. Loans payable with variable interest rates are exposed to interest rate fluctuation risk. However, to reduce fluctuation risk for interest payable and fix interest expenses when it enters into long-term loans at variable interest rates—based on the premise that requirements for special treatment of interest rate swaps are met in relation to evaluation of the effectiveness of hedges—in principle, the Companies use interest rate swap transactions as a hedging method on an individual contract basis.

In transaction-related market risk, the Group's derivative transactions have the objective of avoiding risks associated with assets and liabilities on the consolidated balance sheets. With interest rate transactions, there is a risk of interest rate fluctuations.

Moreover, in regard to credit risk, the counterparties to the Group's derivatives transactions are financial institutions with high degrees of creditworthiness, and accordingly the credit risk of nonfulfillment by a counterparty is considered to be close to zero.

In order to conduct derivative transactions, based on their company's internal regulations and regulations stipulating associated details, finance or accounting divisions must receive approval from those with final-approval authority as stipulated by authority-related regulations through consultation via an internal memo for each derivative transaction and only conduct transactions with financial institutions with high credit ratings.

(3) Supplementary explanation of items relating to the market value of financial instruments. The market values of financial products include prices based on market prices, or, if there are no market prices, they include reasonably estimated prices. Because estimations of the said prices incorporate fluctuating factors, applying different assumptions can in some cases change the said prices.

2. Market value of financial instruments

Amounts recognized in the consolidated balance sheet, market values, and the differences are as shown below. Moreover, items for which it is extremely difficulty to determine market values are not included in the following table (see (note 2)).

1	Ammunt	mit	Millions o	Cycul
-	THROUGH	unn.	D CHOILEIN	1 1.0111

	Book value	Market value	Difference
1) Cash and deposits	136,921	136,921	
2) Notes and accounts receivable-trade	573,508		
Allowance for doubtful accounts	(13,767)		
	559,740	559,740	
3) Accounts receivable-other	68,190	68.190	
4) Short-term investment securities	25,201	25.201	
5) Investment securities			
Other securities	69,722	69,722	
Stocks of subsidiaries and affiliates	332,560	186,823	(145,736)
Total assets	1,192,337	1,046,600	(145,736)
7) Notes and accounts payable-trade	65,598	65,598	-
8) Short-term loans payable	1,304	1,304	
Accounts payable-other	192,402	192.402	-
10) Accrued expenses	14,253	14,253	E-
11) Income taxes payable	57,764	57,764	•
12) Bonds payable"	414,978	424,976	9,997
13) Long-term loans payable ⁱⁱ	547,436	551.396	3,960
Total liabilities	1,293,739	1,307,696	13,957

Allowance for doubtful accounts recognized in notes and accounts receivable-trade is offset.

Note 1: Calculation of the market value of financial instruments and items relating to short-term investment securities and derivative transactions

1) Cash and deposits, 2) Notes and accounts receivable-trade, 3) Accounts receivable-other,

4) Short-term investment securities

Because, the settlement periods of the above items are short and their market values are almost the same as their book values, the relevant book values are used. Further, because the credit risk is extremely difficult to determine on an individual basis for notes and accounts receivable-trade, allowance for doubtful accounts is regarded as credit risk and the book value is calculated accordingly,

5) Investment securities, 6) Stock of subsidiaries and affiliates

In relation to the market value of investment securities, for shares the market prices of exchanges are

Further, for information on investment securities categorized according to holding purpose, please see the note "Securities."

7) Notes and accounts payable-trade, 8) Short-term loans payable, 9) Accounts payable-other, 10) Accrued expenses, 11) Income taxes payable

Because the settlement periods of the above items are short and their market values are almost the same as their book values, the relevant book values are used.

12) Bonds payable, 13) Long-term loans payable

The market value of bonds payable is calculated based on trading reference data.

The market value of long-term loans payable is calculated by applying a discount rate to the total of principal and interest. That discount rate is based on the assumed interest rate if a similar new loan was entered into. Because long-term loans payable with variable interest rates are based on the condition that interest rates are revised periodically, their market values are almost the same as their book values, the relevant book values are used.

Note 2: Financial instruments for which it is extremely difficulty to determine market value

(Amount unit: Millions of yen)

	Book value
Investment securities	
Unlisted equity securities	4,176
Stocks of subsidiaries and affiliates	
Unlisted equity securities	24,327
Investments in capital of subsidiaries and affiliates	182

ii: Bonds and long-term loans payable included in current portion of noncurrent liabilities are included.

Because it is recognized that these do not have market values and that the market values are extremely difficult to determine, they are not included in the chart above.

Note 3: Planned redemption amounts after the balance sheet date for monetary assets and short-term investment securities with monetary assets and maturity dates

	(Amount unit: Millions of yen)			
	Within 1 year	Over 1 year		
Cash and deposits	136,921

Bonds payable	-	415,000	
Long-term loans payable	133,248	414,187	
Total	133.248	829,187	

For the year ended March 31, 2012 (Amount unit: Millions of yen) Book value Market value Difference Cash and deposits 100,037 100.037 1) Notes and accounts receivable-trade 760,890 Allowance for doubtful accounts' (14,960)745,929 745,929 3) Accounts receivable-other 66,286 66,286 Short-term investment securities 80,188 80,188 Investment securities Bonds intended to be held to maturity 3,005 3,137 132 72,374 72.374 Other securities 326,297 189,567 (136,729)6) Stocks of subsidiaries and affiliates Total assets 1,394,118 1,257,521 (136,597) 90,661 Notes and accounts payable-trade 90,661 Short-term loans payable 1,486 1,486 Accounts payable-other 273,119 273,119 20,370 20,370 Accrued expenses Income taxes payable 149,773 149,773 414.988 427,727 12) Bonds payable 12,738 Convertible bond-type bonds with subscription rights to shares 200,916 214,500 13,583 Long-term loans payableil 414,163 419,340 5,176 Total liabilities 1,565,480 1,596,979 31,498

Note 1: Calculation of the market value of financial instruments and items relating to short-term investment securities and derivative transactions

- 1) Cash and deposits, 2) Notes and accounts receivable-trade, 3) Accounts receivable-other,
- 4) Short-term investment securities

Because, the settlement periods of the above items are short and their market values are almost the same as their book values, the relevant book values are used. Further, because the credit risk is extremely difficult to determine on an individual basis for notes and accounts receivable-trade, allowance for doubtful accounts is regarded as credit risk and the book value is calculated accordingly.

5) Investment securities, 6) Stock of subsidiaries and affiliates

In relation to the market value of investment securities, for shares the market prices of exchanges are used.

Further, for information on investment securities categorized according to holding purpose, please see

i: Allowance for doubtful accounts recognized in notes and accounts receivable-trade is offset.

ii: Bonds and long-term loans payable included in current portion of noncurrent liabilities are included.

the note "Securities."

- 7) Notes and accounts payable-trade, 8) Short-term loans payable, 9) Accounts payable-other,
- 10) Accrued expenses, 11) Income taxes payable

Because the settlement periods of the above items are short and their market values are almost the same as their book values, the relevant book values are used.

 Bonds payable.
 Convertible bond-type bonds with subscription rights to shares, 14) Long-term loans payable

The market value of bonds payable and convertible bond-type bonds with subscription rights to shares are calculated based on trading reference data.

The market value of long-term loans payable is calculated by applying a discount rate to the total of principal and interest. That discount rate is based on the assumed interest rate if a similar new loan was entered into. Because long-term loans payable with variable interest rates are based on the condition that interest rates are revised periodically, their market values are almost the same as their book values, the relevant book values are used.

Note 2: Financial instruments for which it is extremely difficulty to determine market value -

Because it is recognized that these do not have market values and that the market values are extremely difficult to determine, they are not included in the chart above.

Note 3: Planned redemption amounts after the balance sheet date for monetary assets and short-term investment securities with monetary assets and maturity dates

Vesting conditions	 In the event that the party to whom new share subscription rights have been allocated (hereinafter, "Grantee of New Share Subscription Rights") is a director or employee of Party A, said party must also hold a position as director, auditor or employee of Party A or its subsidiary at the time these rights are exercised. However, this restriction is lifted when there are appropriate grounds, such as resignation due to completion of term of office or reaching the age of retirement, upon approval by the Board of Directors of Party A. In the event of Party B's death in the period during which these new share acquisition rights may be exercised, his or her heirs may not exercise these new share subscription rights. However, this restriction is lifted if the heirs have received Board of Directors approval in advance of their attempt to exercise new share subscription rights. These new share subscription rights may not be transferred, pledged or otherwise disposed of. Conditions for applying tax exemption measures under Article 29-2 of the Act on Special Measures Cuncerning Yaxation to new share subscription rights received are as follows. The total amount paid in exchange for the exercise of new share subscription rights may not exceed ¥12 million during a one-year period. Shares acquired in exchange for the exercise of new share subscription rights shall be recorded via Party A in the transfer account ledger (the transfer account ledger legally prescribed for the transfer of bonds, shares, etc.; the same applies below) of the financial instruments business operator specified by Party A or the legally prescribed financial institution (hereinafter, "Specified Financial Instruments Business Operator"), or such recording shall be received or held in trust at the saltes office or business office of the Specified Financial Instruments Business Operator or similar or the shares shall be held in trust.

- 2. Method of estimating reasonable price for share options Consolidated subsidiary Wire & Wireless Co., Ltd., is an unlisted company, and consequently the reasonable price of the December 2011 No. I share options of Wire & Wireless is calculated by estimating the intrinsic value. The stock valuation method that is the basis of this intrinsic value estimate is a method in which decisions are made with reference to the price calculated in accordance with the discounted cash flow method. The total intrinsic value at the end of the consolidated fiscal year, with calculations based on the intrinsic value of the share options, is ¥0.
- Method of estimating number of options vested
 The number of options vested was calculated by estimating the number of expirations due to unvested options, based on the retirement rate in the year ended March 31, 2012.
- 4. Amount and classification of expenses

(Business Combination)
For the year ended March 31, 2012
Business Combination due to acquisition

1. Overview of business combination

(1) Name of acquired company

(2) Business activities of acquired company

(3) Main reason for the business combination

Targeting the realization of multiple uses under the 3M strategy (Multi-Use, Multi-Network, Multi-Device), the Company acquired shares of WebMoney and made it a consolidated subsidiary in order to enhance the settlement platform.

(4) Date of business combination

July 19, 2011 (Date of commencement of TOB settlement)

(5) Legal form of business combination

(6) Name of company after business combination WebMoney Corporation

(7) % of voting rights acquired 97.2%

(8) Main factors in determination of acquirer

Because the type of consideration was cash, the Company, which provided the cash, was determined to be the acquirer.

Period for which the acquired company's results are included in the consolidated statements of income under review

July 1, 2011, was deemed to be the acquisition date, and accordingly results for the period from July 1, 2011, to March 31, 2012, were included.

3. Acquired company acquisition cost: amount and breakdown

Consideration for acquisition \$19,103M

Costs directly incurred for acquisition \$248M

Acquisition cost \$19,352M

 Amount of goodwill recognized, basis for recognition of goodwill, method and period for amortization of goodwill

(1) Amount of goodwill

(2) Basis for recognition of goodwill

Additional future earnings capacity expected as a result of future operational development by the acquired company.

(3) Method and period for amortization of goodwill

Straight-line amortization over a period of 13 years.

5. Amounts and breakdown for assets acquired and liabilities assumed in the business combination

 Noncurrent assets
 ¥3,401M

 Current assets
 ¥17,901M

 Total assets
 421,302M

 Current liabilities
 ¥18,208M

 Total liabilities
 ¥18,208M

6. Approximate amount of the effect on the consolidated statements of income for the fiscal year assuming that the business combination had been completed at the beginning of the fiscal year. The approximate amount of the effect has been omitted because it is not material. (Asset Retirement Obligations)
For the year ended March 31, 2011 and the year ended March 31, 2012
No significant items to be reported.

(Estate Leases)
For the year ended March 31, 2011 and the year ended March 31, 2012
No significant items to be reported.

(Per Share Information, etc.)

[Per share information]

	Year ended March 31, 2011	Year ended March 31, 2012
Net assets per share	¥495,386.23	¥539,206.73
Net income per share	¥58,149.78	¥58,115.98
Diluted net income per share	Not given as the Company has no potential stocks with dilution effect	¥56,668.91

Note: The following shows the basis of calculating net income per share.

	Year ended March 31, 2011	Year ended March 31, 2012
Net income per share		
Net income for the fiscal year	¥255,122M	Y238.604M
Monetary value not related to common stockholders		-
Net income related to common stock	¥255.122M	¥238,604M
Number of weighted average common shares outstanding during the fiscal year (shares)	4,387,331	4,105,665
Diluted Net Income per Share		
Adjustment of net income for the fiscal year	-	(¥49M)
Amortization of bond premium (after deduction of an amount equivalent to tax)*	•	(¥49M)
Increase in number of shares of common stock	-	103,967
(subscription warrants)		37
(Convertible bond-type bonds with subscription rights to shares)	-	103,930
Overview of potential stock not included in calculation of diluted net income per share because the stock have no dilution effect	Three types of subscription warrant -August 2007, 6th Stock Option (4.558 subscription warrants) -August 2008, 7th Stock Option (4.805 subscription warrants) -August 2009, 8th Stock Option (5.146 subscription warrants)	One type of subscription varrant -August 2008, 7th Stock Option (4,658 subscription varrants)

^{*} This is the amount of amortization for the fiscal year (after deducting an amount equivalent to tax) of the premium resulting from the issuance of the bonds at an amount higher than the face amount,

(Changes in Accounting Policies)

From the year ended March 31, 2012, we have applied the "Accounting Standard for Earning Per Share" (Accounting Standards Board of Japan [ASBJ] Statement No.2 of June 30, 2010), the "Guidance on Accounting Standard for Earning Per Share" (ASBJ Guidance No.4 of June 30, 2010), and the "Practical Solution on Accounting for Earnings Per Share" (ASBJ PITF No.9 of June 30, 2010).

To calculate diluted net income per share, we have changed the method to include potential services offered by the employees in the fair valuation of stock options of payment when exercising the right regarding stock options whose rights are secured after certain period of employment.

If this accounting standard, etc., had not been applied, there would be no impact on the calculation of net assets per share, not income per share, and diluted net income per share in the previous consolidated fiscal year.

(Significant Subsequent Event)

(Notice Concerning Share Split and Adoption of Share-Trading-Unit System)

The Company resolved at the meeting of the Board of Directors held on April 25, 2012 concerning share split and adoption of share-trading-unit system. The details are as follows,

 Purpose of Share Split, Adoption of Share-Trading-Unit System, and Partial Changes to Articles of Incorporation

Taking into consideration the intent of the "Action Plan for Consolidating Trading Units" that was announced by all domestic stock exchanges of Japan in November 2007, the Company will conduct a 1:100 share split and adopt a share-trading-unit system to contribute towards improving the convenience and liquidity of the securities market that the Company's stock is listed. Please note that the number of investment units will not actually change following the implementation of the share split and the adoption of the share-trading-unit system.

2. Share Split

(1) Method of share split

The share split shall have a record date of Sunday, September 30, 2012 (because this date falls on a holiday, for all practical purposes the date in substance is Friday, September 28, 2012) and shall involve the splitting of common shares held by shareholders whose names appear or are recorded in the latest Registry of Shareholders on the record date at a ratio of 1:100.

(2) Number of increase in shares by share split

Number of increase in shares by share split shall be 99 times the final total number of issued shares on Sunday, September 30, 2012. The numbers of shares presented below are based on the total number of issued shares on Wednesday, April 25, 2012.

1) Total number of issued shares before share split
2) Number of increase in shares by share split
3) Total number of issued shares after share split
443,996,982 shares
448.481,800 shares

4) Total number of authorized shares after share split 700.000,000 shares

(3) Schedule of share split

1) Public notice date of the record date Friday, September 14, 2012

2) Record date Sunday, September 30, 2012

* For all practical purposes the record date in substance is Friday. September 28, 2012.

3) Effective date Monday, October 1, 2012

3. Adoption of Share-Trading-Unit System

(1) Number of shares in newly established share-trading unit

¥4.953.86

¥581.50

¥581.16

The adoption of the share-trading-unit system shall take effect on the effective date stated in "2. Share Split" above and the number of shares to constitute a share-trading unit shall be 100 shares.

(2) Schedule for establishment of the new system

Effective date Monday, October 1, 2012

Note: Effective September 26, 2012, the share-trading unit for the Company's shares shall be changed to 100 shares on the securities exchange.

d Others

Per share information based on the assumption that this stock split had been implemented at the beginning of the previous period is presented as follows for the previous consolidation fiscal year and the consolidated fiscal year under review.

Total net assets per share As of March 31, 2011

As of March 31, 2012 ¥5,392.07 Not income per share

As of March 31, 2011 As of March 31, 2012

Diluted net income per share As of March 31, 2011

As of March 31, 2012 ¥566.69

Total Call Mobile

Customer Service Script

Total Call Mobile - Customer Service Script

Greeting: "Thank you for calling Total Call Mobile. This is (Representative Name). May I please have your name and the state you are calling from?"

** Representative "Are you calling about a new application or to check the status of a previous application?"**

- Make sure state is an approved state
 - If not ** Representative "I am sorry, we are not currently providing service in your state. You can go to www.usac.org/li to find a provider in your state. Click on the Low Income Households section and then click on find a service provider in your state**
- If status of application: **Representative "May I please have your address?"**

 - locate application
 double check address (make sure the address is valid and correct)
 - ✓ relate the status to customer
 - ✓ note the contact on the account
- If new application: **Representative'-"Great! Thank you for calling Total Call Mobile."** and perform the following validations.
 - a) "Are you the head of household?" If not then, "We can only provide service to the head of household. Please have the head of household call us and we'd be happy to sign them up." If yes, go to (b).
 - b) "Do you currently have wireless or home phone service?" If no, skip the remaining questions and process application.
 - c) (if yes) "Is that a subsidized service or do you pay full price?"
 - d) (if subsidized) "Is this phone under the Lifeline program? The Lifeline program is only available for one phone per household." If yes go to (e), if they don't know go to (f), if no, go to (g).
 - e) "We cannot provide you with a second Lifeline phone. If there is a problem with that service or you want to be on our service, you must first disconnect your service with your other provider and then call back to establish service with us."
 - f) "Can I ask who your provider is?" Check against the larger Lifeline providers (Exhibit D, updated from time-to-time).
 - g) (if not subsidized) "Can I ask who your provider is?" Check against the larger Lifeline providers (Exhibit C, updated from time-to-time).

If it is evident that they don't already have Lifeline service then proceed for the application.

Proposed Advertising Language and Brochure to Advertise Lifeline

Free Mobile Phone and Free Service

Through the government-supported
Lifeline program, you may qualify for free service
and a free phone provided by Total Call Mobile.
See the inside for details.
This is a state of Kentucky brochure.

Lifeline Plans

For more information or to sign up, call 1-800-661-7391.

If you qualify for the Lifeline program in the state of Kentucky, you can choose from the Lifeline Plans below. All of Total Call Mobile's Lifeline Plans have the following features:

- A free basic phone (selected by Total Call Mobile; call customer service for upgrade options)
- · Free customer service calls
- · Free voicemail, caller ID, and call waiting
- · Free 911 and balance inquiry calls
- For additional minutes, text messages, or international calls, load an "Anytime Plan" refill as described on the back of this brochure or call customer service

Plan 1: 250 minutes per month for free (for domestic calls)

- 250 minutes per month (for domestic calls) at no cost to you
- 1 text = 1 Plan minute
- Plan minutes expire after 30 days
- Additional minutes are \$0.10 per minute
- Additional text messages are \$0.05 per text
- · No international calls are included in this plan

Plans 2, 3 & 4: Discounted Plans

- · You can purchase the following plans:
- Plan 2: 1000 Talk (1 text = 1 Plan minute) for \$19.99 per month (regularly \$29.99)
- Plan 3: Unlimited Talk & Text for \$29.99 per month (regularly \$39.99)
- Plan 4: Unlimited Talk, Text & Data for \$39.99 per month (regularly \$49.99)
- For plan details, see the back of this brochure.
 Please call customer service for additional information or to select this option.
- · No international calls are included in these plans

Tribal Only

The following plans are available to individuals who reside on federally recognized Tribal lands:

- Tribal Plan 1: Unlimited Talk & Text at no cost to you (domestic only)
- Tribal Plan 2: Discounted Unlimited Talk, Text & Data for \$10.00 per month (domestic only)

Lifeline Eligibility

Eligibility criteria varies by state. For the state of Kentucky, you are eligible for Lifeline if you, any of your dependents, or your household participate(s) in one of these programs:

- >> Federal Public Housing / Section 8
- >> Low Income Home Energy Assistance (LIHEAP)
- >> Medicaid (not Medicare)
- >> National School Lunch Program (free program only)
- >> SNAP (formerly known as the Federal Food Stamp program)
- >> Supplemental Security Income (SSI)
- >> Temporary Assistance for Needy Families (TANF)

If you reside on federally recognized Tribal lands, you can qualify by participating in any of the programs listed above or below:

- >> Bureau of Indian Affairs General Assistance
- >>> Food Distribution Program on Indian Reservations (FDPIR)
- >> Head Start (only those households meeting its income qualifying standard)
- >> Tribally administered Temporary Assistance for Needy Families (Tribal TANF)

You also qualify for Lifeline in the state of Kentucky if your household income is at or less than 135% of the Federal Poverty Guidelines.

Number in Household	Household Annual Incom		
1	\$15,755		
2	\$21,236		
3	\$26,717		
4	\$32,198		

For details or to determine if you qualify, call us at 1-800-661-7391. Only one person per household may sign up for Lifeline. If your Lifeline Plan is not used for sixty (60) days, it will be terminated.

Lifeline Terms & Conditions

Comprehensive terms and conditions for the Total Call Mobile ("TCM") Lifeline Plans are available at www.totalcallmobile.com. All terms and conditions of service as described herein and on the reverse of this brochure apply to services provided under the Lifeline Plans. TCM Lifeline Plans are supported by the government assistance Lifeline program. TCM, at its sole discretion, will determine whether or not a Customer is eligible for a Lifeline Plan. Proof of eligibility is required, such as an eligible program card or statement of benefits. Customer understands that by signing up for a Lifeline plan with Total Call Mobile, Customer may not have a Lifeline plan with any other carrier (wireless or landline) and further agrees to comply with any documentation or verification procedure necessary to confirm that the Customer qualifies for Lifeline. In addition, the Customer acknowledges that Lifeline Plan enrollment may be terminated at any time by TCM in the event that the federal or state Lifeline Programs are changed or terminated, if the Customer no longer qualifies for Lifeline, if TCM discontinues its Lifeline Plans, or if the Customer breaches the terms and conditions. To remain qualified for a Lifeline Plan, the Customer must successfully complete an annual verification. If the Customer falls to complete an annual verification by the required verification date, the Customer will be de-enrolled from the Lifeline Plan. Customer agrees not to give away, resell, or offer to resell the TCM Lifeline phone or service. If you willfully make false statements in order to obtain a TCM Lifeline Plan, you can be punished by fine or imprisonment or can be barred from the program.

International Talking & Texting

Call worldwide with Total Call Mobile by dialing 011 and the destination. On the Anytime Plan, there is no extra charge to call certain cities in the countries listed below. Call 1-800-661-7391 for international rates on other plans or for other destinations. To make international calls on all other plans, you must have an Anytime Plan balance. Additionally, standard text message rates apply to messages sent worldwide.

For more information, call 1-800-661-7391
or visit www.totalcallmobile.com.

Refill Options

- Buy refills from the store where you purchased your handset.
- 2. Call 1-800-661-7391 to refill by credit card or debit card.
- 3. Visit a Western Union "prepaid service" location and enter "totalcall" in Box 1 of the prepaid services form. Enter \$10 or \$20 (Anytime), \$29.99 (1000 Talk),or \$24.99 or \$49.99 (Unlimited Talk, Text, & Data). For locations, call 1-800-325-6000.
- Visit your local e-pin store (wireless store or market).

Service Terms & Conditions

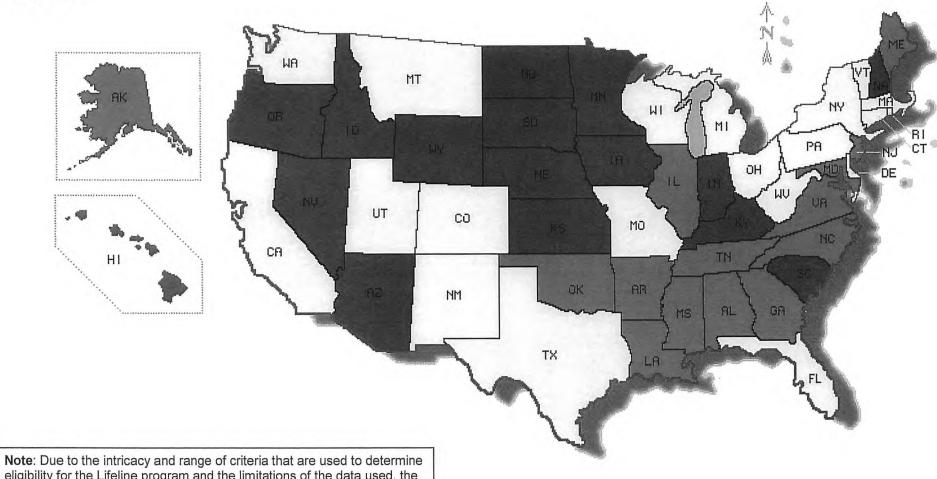

* Total Call Mobile ("TCM") service is for personal use within the United States, Puerto Rico, and the U.S. Virgin Islands. "Unlimited" does not mean unreasonable use, which includes but is not limited to conference calling, monitoring services, abnormally large data transmissions, broadcasts, telemarketing, autodialed calls, commercial uses, an abnormally high number of calls/messages or abnormally long calls, tethering to another device for data transmission, or any other usage that interferes with TCM's underlying service/network resources. Data is only available for select handsets. TCM data plans may not be used with smartphones/PDA devices unless the plan is explicitly identified for such devices. International calls are charged at the applicable rate plus airtime. Advertised international rates and "Free International Locations" do not apply to calls made to foreign mobile phones or to off network/special locations and in some instances may be higher. The "Free International Locations" promotion only applies when using the Anytime Plan (i.e. 10¢ per minute) but such locations are 2¢ per minute on all other plans. Directory assistance is charged at \$1.25 per call. TCM reserves the right to limit picture message size at any time. Governmental taxes and fees will be charged where applicable. Plans, rates, and fees are subject to change without notice. For more information, current rates, and a complete list of "Free International Locations," please call Customer Service at 1-800-643-4926. The rates on this brochure were valid as of June 13, 2012. Unless otherwise indicated on the package, the handset is refurbished/reconditioned. For additional information on Hearing Aid Compatibility, please see www.totalcallmobile.com.

Key Management Resumes

MANAGEMENT INFORMATION

Saturo Manabe, President and Chief Executive Officer

Mr. Manabe became President and Chief Executive Officer of Total Call International in April 2014, where he directs and oversees the operations of Total Call International, its wholly own subsidiary, Total Call Mobile, and its affiliate companies. Along with his position at Total Call International, Mr. Manabe also holds the positions of President and Chief Executive Officer of KDDI America, Inc. and Telehouse International Corporation of America, both headquartered in New York. Prior to holding his current positions, he held senior executive positions with KDDI Corporation, headquartered in Japan, and has extensive experience in the telecommunications industry since 1984, when he first joined KDDI Corporation. With over thirty years of experience, Mr. Manabe provides substantial depth of knowledge regarding the business, technical and managerial experience of the telecommunications industry to Total Call International.

Hideki Kato, Chief Operating Officer

As Chief Operating Officer, Mr. Kato is responsible for overseeing all business operations of Total Call International and its wholly own subsidiary, Total Call Mobile. Prior to joining Total Call International in 2012, Mr. Kato worked for KDDI Corporation in Japan for 19 years, and his latest assignment was as a Manager of the Post Merger Integration Group. While based in Tokyo, Mr. Kato also served as a member of the board of directors of various overseas affiliated companies, including Mobicom Corporation in Mongolia and Vostok Telecom in Russia. Mr. Kato received his B.A. in Law from the University of Tokyo.

Masato Takei, Chief Financial Officer

As Chief Financial Officer, Mr. Takei is responsible for overseeing the financial activities and planning of Total Call International and its wholly own subsidiary, Total Call Mobile. Prior to his current position with Total Call International, Mr. Takei served as the General Manager, Accounting and Finance Department at KDDI Corporation in Tokyo, Japan. Mr. Takei also currently holds the position of Vice President, Corporate Planning and Administration at KDDI America, Inc., in New York, New York. Mr. Takei received a Bachelor of Laws from Kwansei Gakuin University in Japan.

Voltaire Hernandez, Chief Sales and Marketing Officer

As Chief Sales and Marketing Officer, Mr. Hernandez is responsible for overseeing the sales channels, sales team and maintenance of all prepaid long distance and prepaid mobile products and services of Total Call International and its wholly own subsidiary, Total Call Mobile. He was previously the Vice President of Sales and Marketing, having achieved the position in July of 2002. Mr. Hernandez joined Total Call International as a Retail Sales Manager in January of 2000 with a focus on retail distribution of prepaid cards. Mr. Hernandez has a strong background in sales and established a multi-million dollar nationwide distribution system for prepaid phone cards in less than a year.

Robert Yap, Chief Legal/Administrative Officer and Corporate Secretary

As Chief Legal/Administrative Officer, Mr. Yap is responsible for overseeing all transactional, litigation, regulatory, and governmental affairs matters for Total Call International and its wholly own subsidiary, Total Call Mobile. Mr. Yap also serves as the Corporate Secretary of the company. Prior to joining Total Call International in 2007, Mr. Yap was a practicing attorney at Artiano & Guzman (2001-2007) and at McDermott, Will & Emery (1999-2001). Mr. Yap received his B.A. in Economics from Northwestern University and his J.D., with honors, from George Washington University School of Law.
