Attention:
Public Service Commission

Today I read in The Herald
leader where KU WAS RAISING
The Residential Basis Rate for
Reading the meters from \$10.75
to \$18.00. It was too high at
\$10.75 now \$18.00 January 1st.
2014. That's only \$216.00
A year. of wonder where this
country is headed.

Signed (where)

Dawn Theorian

P.S.
\$ 216 would be a good price,
