Re: Kentucky Utilities
Rate Hike

Say No to Kentucky Utilities Latest
attempt at Larceny.

The average person is not even aware
that they're doing this. Make them prove
it to the people, like they're supposed to.
No secret shenanigans.

Is this our Christmas gag gift?

And they're doing it at a time of
year when they're going to hurt the most
people and families.

There's no excuse for it.

Say No to KU's rate increase.
