

To; Kentucky Public Service Commission.

This is in regards to the proposed rate increase
by the KU, case number 2014 00371.

RECEIVED

DEC 10 2014

PUBLIC SERVICE
COMMISSION

It is my opinion that a rate increase of 3.5 percent
or any rate increase for that matter would be counter-
productive and economically damaging to an already
depressed area. The people and small businesses are
already paying all they can afford. I urge you to
DENY this request.

Thank you
Keith Maiden
