PUBLIC SERVICE
COMMISSION

Dear Public Service Commission,

I am writing because I am extremely concerned about another pay hike for K.U. and its subsidiaries. This is not right, at a time when so many workers including (miners) are unemployed in Bell, Hartan, Leslie, Letcher and many other counties in our state. I work (5) jobs while trying to make ends meet for my family. I substitute teach, Drive a school bus, Drive an after school tutoring run. Clean house for an elderly lady and clean my church. I am 62 years old. It's time for K.U. and President Obama to put some of the free loaders back to work and let them pay their fair share and maybe then "they" K.U. wouldn't need a pay hike. My father worked 37 years in coal mining. My brother worked 37½ years in mining until he got laid off.

(2)
Tell them K.U. needs a pay hike.
What happened to the Coal
Plants that they closed, so they
could open up the gas-plants.
Did they even think this through.
Everyone knows it more expensive
to use gas than coal.

Where did they get the money
for these gas plants.

I haven't had a pay raise in
11 years. So as far as I can
tell they don't need a pay
hike either. How about them
lowering the pay of their employees
like Mrs. Gilliam did the bus
drivers in Bell Co. Maybe then
~~you~~^{they} want need a pay hike.

I am against a pay hike for
K.U. and I wanted you to see
why.

Thank you for your time,
Bonnie Taylor
