Public Service Commission

Sirs: I wish to object to the amount of increase Ky. Utilities has requested. My wife + I are living on a fixed income - We get a small increase in Social Security, but, as you know, it hasn't approached 9.57% in years. In the meantime, all our costs increase, and it is getting close to exceeding our income.

Yes, we could cut some costs, but!

We realize K. U.'s costs increase also, so I wouldn't mind a small increase for them.

Yours Truly

Ted B Waldo
