PUBLIC SERVICE
COMMISSION

Public Service Commission

I am writting to protest the rate Increase
by Ky power co. in the Moutain Eagle Newspaper Dec. 31, 2014
They are asking for a 12.5% rate Increase.
I don't under stand why. Coal & natural gas
prices are down. Aep stock price is \$61.09 a
Share and the pay a dividend of \$2.12 a share.
they are making huge profits. Kentucky power was
given a rate increase several year ago to
clean right of way and now the are wanting
more. I know Ky power company has ask for
rate increase two times this year 2014. I think
they are price gouging & taking advange of their
customers.

Anyway people back here in Eastern Ky.
are having it pretty rough. we have lost most
of our coal jobs. Business are shutting down,
not very many people has jobs. our workers
that have jobs are not getting raises. people
are struggling to buy food and medicing. Our
Olden citizens are banelly getting buy.
people of letchen county are struggling to live.
getting back to our power bills. The add-ons
is 25% of of power bill. I think the public
service commission should look into this. Ky
power company is taking advantage of its customers.
Its your job to look out for us.

②

I don't think Ky power co. or AEP
deserves a rate increase because they
are doing just fine. look at their profits,
they are not struggling like the people of
letchen co. who lost their jobs.

Just think for a moment. they have
ask for rate increases two time this
year. 2014. They also ask for increases
in 2013., 2012 and so on.

please write me and let me know what
you decision is

Thank you
Fredrick J. Coleman
