Re: Case No. 2014-00396

2014-00396

Ladies and Gentlemen:

Please consider this letter my request to consider the rate increase by Kentucky Power Company to be extreme and unaffordable by consumers.

I understand the company has to report to its stockholders and remain profitable; however, I can not understand why, when it is reporting exceptional gains, the company proposes such a huge increase.

At the last increase, the company recused, the reason was the need to clear power lines - in our area, there is no evidence of the company doing such clearing.

Thank you for your consideration and I am confident you will do what is best for consumers and the Commonwealth.

Sincerely,
Shera Kay Salmon
