Greetings,

I am writing this letter  
in protest of Kentucky  
Power Companies Rate  
Increases.

As a customer I feel  
it's not our duty to pay  
for their upgrades, to  
allow them to switch from  
Coal to Gas, It's there's  
they are the ones that  
decided to switch, We as  
consumers didn't ask them  
to upgrade. I feel they  
are talking advantage of  
us.

Please put a stop  
on there increases.

Thank You

Luna Smith
