RECEIVED

Water Service
Commission

Dear Sirs,

We received notice of the Kentucky American Water Service Commission Lexington, Ky. wanting to raise their rates by approximately 15.2%. This seems like a great amount since they have steadily asked and received rate hikes for about 10 yrs.

Would it be possible to ask them to tighten their expenses just as we customers have had to do? Thank the Lord, we customers have someone to ask for help to curb their monopoly.

I'm opposed to a rate hike for a few years. Thank you for listening and helping their Ky. customers,

Sincerely,
Leis and Tom Kemp
