REVISE AND IMPLEMENT DEMAND-SIDE) CASE NO.
MANAGEMENT PROGRAMS) 2015-00119

ORDER

On March 24, 2015, Kenergy Corp. ("Kenergy") filed revised and new tariff sheets incorporating revisions to its existing demand-side management ("DSM") programs and a new DSM program with an effective date of April 27, 2015. Kenergy proposes changes to the incentives provided for its existing DSM programs. It further proposes to institute a new Pilot Residential Weatherization A La Carte Program ("Weatherization Program"). The Weatherization Program is intended to promote increased residential weatherization improvements by providing a portion of the cost of approved retrofits.

Having reviewed the proposed filing, we find that further proceedings are necessary to determine its reasonableness, that these proceedings cannot be completed prior to its effective date, and that the filing should be suspended pursuant to KRS 278.190(2).

IT IS THEREFORE ORDERED that:

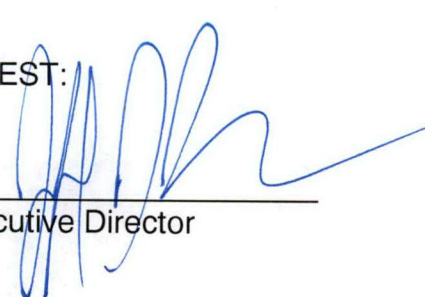

1. This proceeding is established to investigate the reasonableness of the filing.

2. Kenergy's proposed tariff No. 2, Sheet Nos. 47 through 55B, are suspended for five months from April 27, 2015, up to and including September 26, 2015.
