Dear Commissioner,

My name is Nydia Mercer-Rose. I am a concerned citizen writing to complain about any proposed rate increase requested by LG&E.

I am requesting an intervention to stop their 6.4% rate increase.

Families in Muhlenberg County are currently struggling with lay-offs, finding jobs, the already high cost of living, buying groceries for our families, as well as, paying our many utilities.

Thank you,

Nydia Mercer-Rose
