BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN EXAMINATION OF THE APPLICATION OF THE)	
FUEL ADJUSTMENT CLAUSE OF LOUISVILLE)	CASE NO.
GAS & ELECTRIC COMPANY FROM MAY 1, 2015)	2016-00004
THROUGH OCTOBER 31, 2015)	

ORDER

On February 19, 2016, Louisville Gas and Electric Company (LG&E), filed a petition, pursuant to 807 KAR 5:001, Section 13, requesting that certain materials filed with the Commission be afforded confidential protection for a period of five years.

In support of its request, LG&E states that the information it is requesting to be held confidential is contained in its responses to requests for information contained in the Appendix to Commission Order dated February 5, 2016, Items 12, 19, and 20. The material requested to be held confidential is described as coal price settlement agreement information and coal bid analysis information.

Having considered the petition and the material at issue, the Commission finds that the information contained in LG&E's responses meets the criteria for confidential treatment and is exempted from public disclosure pursuant to KRS 61.878(1)(c)(1).

IT IS THEREFORE ORDERED that:

1. LG&E's petition for confidential protection for its responses to the requests for information contained in the Appendix to the Commission's Order dated February 5, 2016, is granted.

2. The materials requested to be held confidential shall not be placed in the public record or made available for public inspection for a period of five years, or until further Orders of this Commission.

3. Use of the material in question in any Commission proceeding shall be in compliance with 807 KAR 5:001, Section 13(9).

4. LG&E shall inform the Commission if the material in question becomes publicly available or no longer qualifies for confidential treatment.

5. If a non-party to this proceeding requests to inspect the material granted confidential treatment by this Order and the period during which the material has been granted confidential treatment has not expired, LG&E shall have 20 days from receipt of written notice of the request to demonstrate that the material still falls within the exclusions from disclosure requirements established in KRS 61.878. If LG&E is unable to make such demonstration, the requested material shall be made available for inspection. Otherwise, the Commission shall deny the request for inspection.

6. The Commission shall not make the requested material available for inspection for 20 days following an Order finding that the material no longer qualifies for confidential treatment in order to allow LG&E to seek a remedy afforded by law.
