COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC APPLICATION OF LOUISVILLE GAS AND ELECTRIC COMPANY FOR AN ADJUSTMENT OF ITS ELECTRIC AND GAS RATES AND FOR CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY

ORDER

This matter is before the Commission upon the motion of Louisville Gas and Electric Company ("LG&E") requesting the Commission to make certain technical corrections to the Order issued on June 22, 2017, ("Final Order") in this matter. In support of its motion, LG&E states that the Final Order incorrectly applied a gross-up factor to the pre-tax 401(k) plan disallowance of $1,246,499 for LG&E electric and $407,808 for LG&E gas. LG&E asserts that the purpose of the gross-up factor is to account for the effect of federal and state income taxes on net operating income. LG&E further asserts that its application reflects that its operating expenses were tax affected before they were adjusted by the gross revenue conversion factor to arrive at the proposed revenue deficiencies for its electric and gas operations. LG&E contends that applying a gross-up factor to the 401(k) plan-related disallowance overstates the disallowance because employers' matching contributions to 401(k) plans are a tax-deductible expense. LG&E maintains that the calculation in the Final Order should have taken into account the tax impact of the 401(k) adjustment before applying the gross revenue conversion factor, and that the correct revenue requirement calculation should reflect an increase of
$57,098,290 instead of $56,302,875 for its electric operations and an increase of $6,784,246 instead of $6,524,016 for its gas operations, as determined in the Final Order.

LG&E also requests the following clerical corrections to Appendix B of the Final Order.

- On page 1 under the heading Schedule RTOD-Demand, Residential Time-of-Day Demand Service, the lines stating “Off Peak Hours” and “On Peak Hours” should state “Base Hours” and “Peak Hours,” respectively.
- On page 6 under the heading Mercury Vapor, the following entry should be removed: “25,000 Lumens – Cobra (State of KY Pole) $23.84.”
- On page 7, the “Special Contracts” section with regard to Ft. Knox should be removed.
- On page 12 under the heading Rider TS-2 Gas Transportation Service at the top of the page, the following entry should be removed: “Customer Charge per Month Meters >= 5000 cf/hr $750.00.”
- On page 12 under the heading Rider TS-2 Gas Transportation Service under the section labeled Rate AAGS, As-Available Gas Service, the following entry should be removed: “Customer Charge per Month $500.00.”
- On page 12 under the section Rate DGGS, Distributed Generation Gas Service, the following should be added:
  - Rider TS-2 Gas Transportation Service
    - Administrative Charge per Month $550.00
    - Distribution Charge per Mcf $0.2992
- On page 12, under the section Rate SGSS, Substitute Gas Sales Service, a heading “Rates for Commercial Customers” should be added to the rates.
shown, and a heading labeled “Rates for Industrial Customers” with the appropriate rates shown should be added to this section.

- The Daily Storage Charge of $0.2785 per Mcf included on Rate Schedules FT and LGDS should be included in the rate appendix.

Having reviewed the motion and being otherwise sufficiently advised, the Commission finds that LG&E has established good cause to have certain corrections made to the Final Order. The Commission finds that the second and third sentences in the section titled “Revenue Requirement” on page 21 of the Final Order, should be amended to reflect that the disallowance of the 401(k) plan contributions to certain employee categories and the reduction of the return on equity decrease the stipulated revenue requirement for LG&E’s electric operations from $59,400,000 to $57,098,289, a reduction of $2,301,711, and decrease the stipulated revenue requirement for LG&E’s gas operations from $7,500,000 to $6,784,246, a reduction of $715,754. The Commission further finds that the table on page 21 of the Final Order, which sets forth how the decrease to the stipulated revenue requirement is calculated, should be revised and superseded by the table below.
Reduction to 401(k) Plan - Pre Income Tax
Multiplied by the Combined Income Tax Rate

Net Increase Granted by the Commission

|       | $ 57,098,289    | $ 6,784,246    |

The Commission further finds that the corrected revenue requirement will require a recalculation of the rates in the same manner as set forth in the Final Order at page 28 in the section titled "OTHER ISSUES – Rate Adjustment." Those revised rates are attached as an appendix to this Order.

Other Gas Issues

LG&E also requested that certain corrections be made to Appendix B of the Final Order. In particular, LG&E requested the following correction be made to page 12 of Appendix B: “Under the heading ‘Rider TS-2 Gas Transportation Service’ at the top of the page, the following should be deleted, as it does not apply to Rider TS-2: ‘Customer Charge per Month Meters >= 5000 cf/hr $750.00.’” A similar request was made with respect to the customer charge for Rate AAGS, which was also provided on page 12 of
Appendix. The Commission finds that the charges should be removed as they do not appear in LG&E's proposed gas tariff which was filed as an exhibit to the April 19, 2017 Stipulation and Recommendation. The Commission notes, however, LG&E included present and proposed rates for Customer Charges under the headings for the TS-2 Rider in the billing analysis for both the IGS and AAGS classes.¹ The Commission developed Appendix B to the Final Order based primarily upon LG&E's billing analysis. To avoid confusion in future rate applications, LG&E's billing analysis should clearly show the charges which are applicable to the entire class and the charges which apply only to customers taking service under a rider to a class.

LG&E also requested: "A Rider TS-2 Gas Transportation Service should be listed under Rate DGGS as follows:

<table>
<thead>
<tr>
<th>Rider TS-2 Gas Transportation Service</th>
</tr>
</thead>
<tbody>
<tr>
<td>Administrative Charge per Month</td>
</tr>
<tr>
<td>Distribution Charge per Mcf</td>
</tr>
</tbody>
</table>

However, there is no mention of Rider TS-2 in LG&E's billing analysis with respect to the DGGS class. Similarly, LG&E requested: "Under Rate SGSS, a subheading, 'Rates for Commercial Customers,' should be added to the rates shown, and an additional section with the subheading, 'Rates for Industrial Customers,' and appropriate rates should be shown." Again, no distinction is made in LG&E's billing analysis between rates for commercial versus industrial customers.² In future base rate applications, LG&E should

¹ See, Stipulation and Recommendation filed April 19, 2017, Exhibit 6, pp. 4-5.
² Id., p. 9.
set out in its billing analysis all charges relevant to each individual class, even if no customers are currently taking service under a particular rate.

Lastly, LG&E requested the Commission add the Daily Storage Charge for its FT and LGDS class to Appendix B of the Final Order. Again, no reference in LG&E’s billing analysis for Rate FT is made to the Daily Storage Charge being applicable, and no revenues are shown for this charge. In future base rate applications, LG&E should include in its billing analysis any charges and revenues that apply to the particular class.

IT IS THEREFORE ORDERED that:

1. LG&E’s motion to correct the Final Order is granted.
2. The Final Order is amended as described herein.
3. The rates and charges attached as Appendix B to the Final Order is stricken and superseded by Appendix B to this Order.
4. In future base rate applications, LG&E shall 1) clearly show the charges which are applicable to the entire class and the charges which apply only to customers taking service under a rider to a class in its billing analysis, and 2) set out in its billing analysis all charges relevant to each individual class, even if no customers are currently taking service under a particular rate.
5. All other provisions of the Final Order shall remain in full force and effect.

3 Id., p. 6.
By the Commission

ENTERED

- JUN 29 2017
KENTUCKY PUBLIC
SERVICE COMMISSION

ATTEST:

Jalina R. Mathew
Executive Director

Case No. 2016-00371
The following rates and charges are prescribed for the customers in the area served by Louisville Gas and Electric Company. All other rates and charges not specifically mentioned herein shall remain the same as those in effect under authority of this Commission prior to the effective date of this Order.
