Re: Customer fee payment for
"you" - K.V. Solar Facility
"and"

To: The concerned person who will
please read my concern...

I feel that a public utility
is responsible for reading/
heeding all issues; and keep
their customers safe and "elite";
their equipment up to date; and as
well as their concern for the
environment...

Therefore: as a long time
K.V. customer: I am "fee
increase" opposed, that we will have to
endure. As a "P.O.W.W." *

(* poor, old, widow, women)...
I, and others, have worked hard
to keep homes well sealed, up to date,
and pay your increases over
the years...

To this reader - bless you, for
your time, understanding, and
concern...

Thank you -
Suzanne Givan
