

CASE No. 2016-00370

Public Service Commission

RECEIVED

DEC 12 2016

Public Service
Commission

I request that you hold K. U. S
request for rate INCREASES FOR ~~AT~~ least
3 months. We were somewhat surprised
by the election. I believe MANY restrictions
ON power company's AND other businesses
will be rolled back. IF we raise rates
now, it never comes back down. Why
rush now. K. U. proposes 5.94% for
residential, heard rumors of a small
increase in social security (1.5%). Please
understand that we, MANY in Kentucky
work a jigsaw puzzle to pay the bills.
THANKS for your work in watching
over all Kentucky folks. What ever
you decide I know will be for the
best, secure power supply AND poor
folks get to eat.

THANKS
