Ref. Case # 2016-00370

Regarding the application submitted to increase payments to KUC.

I happen to be a 74 year old and living on social security only I have not gotten an increase in Soc. Sec. in 3 years. Although everything else has increased in payments.

I have enough if I watch closely to buy groceries for 1 week out of the month as it is.

Please consider the senior citizens who are just making it need.

Thank you
