To Whom It May Concern

RECEIVED

JAN 9 2017

Public Service
Commission

People are paying for
 A natural gas pipeline
 To be laid throughout
 A coal state. Let
 KU/LG & E do as
 poor folks have to
 do - within their
 income. We can't
 afford any rate hike,
 at this juncture in
 life - Fixed income
 for services & increase
 income for Government
 - will not sustain
 itself.

No rate increase
