Subject: Reject KU's proposed rate increase (Case No 2016-00370)

Dear Public Service Commission,

I am writing you today to request that you reject KU's proposed rate increases (Case No 2016-00370). The jump in flat-cost service fees is bad for both for families and our environment. By seeking increased revenue through service fees as opposed to usage fees KU is removing the cost incentives for consumers to reduce their energy use. Working families who are looking to reduce their monthly expenses by cutting back on their energy use will not see a fair drop on their utility bills for their efforts if cost increases are fixed.

This also presents a missed opportunity for Kentucky's environment as households see no motivation for reducing the amount of energy provided from coal burning power plants that harm our air and water.

For these reasons I am asking that you reject KU's proposed rate increases.
