Sir,

This is in response to the 17% raise on electric bill. I already pay a very high bill. I'm on on disability check so I barely pay for the bill now.

I can only ask for those of us who are on a budget please consider not raising our bill.

You seem to help those who have never worked, please remember us.

To whom it may concern,
We are very troubled over
the increase in the electric
bill

We are against the rate
increase. It is hard to pay
the electric bill right now
without an increase

If what we hear is true
the Kentucky Power Company
had a first quarter profit of
\$12 million dollars

Please think of all the people
older people, that are on a
fixed income. Please help us!!
