COMMENTS: Sir, I fully Protest
the raising our rates. I'm 69 yrs
disable. And I can't afford for my
bill to be raised

you all need to think about
cutting your pay.
you once said this was cheaper than
coal. Then why are you wanting
to go on a raise ~~and~~ our power bills
you only think about how
much you can put in your
pockets. Not ours.

Greed, is what is wrong with
you all.

Or we just can't stand another
raise

so think of the poor + disable
you never think of them. Or
it's your fault that you have
lost customers they had to go some
where to survive. Cause you don't care!!!
