State the nature of your concern: Duke Energy has submitted a rate hike for Northern Kentucky residents of 17.4%. As this rate hike is unreasonable and egregious, Northern Kentucky residents are requesting a NKY Forum to discuss our concerns with the Commissioners. We the People of NKY are mandated to use Duke Energy for our essential needs of gas & electric. We are requesting a forum to express our concerns. In addition Duke Energy is mandating the installation of Smart Meters. If the residents refuse, then an additional \$25.00 will be applied to the monthly bills. Your timely response is expected and appreciated.

No to the Duke energy increase. Are they really serious???? Also, no to smart meters. There is no reason to have something like that other than to have control over people's energy use. That is an individual's decision, not the energy company or the government.

**Subject:** Case Related Question

The 17.4% rate increase requested by Duke Energy is unreasonable and egregious. I am requesting that the PSC have a public meeting in Northern Kentucky to discuss this proposed rate increase, case number 2017-00321.

Utility Name: Duke Energy

State the nature of your concern: Duke Energy has submitted a rate hike for Northern Kentucky residents of 17.4%. As this rate hike is unreasonable and egregious, Northern Kentucky residents are requesting a NKY Forum to discuss our concerns with the Commissioners. We the People of NKY are mandated to use Duke Energy for our essential needs of gas & electric. We are requesting a forum to express our concens. In addition Duke Energy is mandating the instillation of Smart Meters. If the residents refuse, then an additional \$25.00 will be applied to the monthly bills. Your timely response is expected and appreciated

Have you contacted the utility about the problem: Yes

To whom it may concern,  
Please oppose the rate increase requested by Duke Energy. Duke's example of expensive, poor management should make us all pause. The debacle caused by the abrupt firing of a CEO and a CEO pay increase of 27% to 13.8 million dollars are examples that scream, "maybe, it's time Duke tighten its own belt! " before seeking more money from the rate payers.  
Please do the right thing and tell them to get more "efficient" and "conserve" as they are always preaching to us.  
Sincerely,  
Joseph and Renee Oka
