DECLARING THE CONSTRUCT OF SOLAR)	CASE NO.
FACILITIES IS AN ORDINARY EXTENSION OF)	2017-00155
EXISTING SYSTEMS IN THE USUAL COURSE)	
OF BUSINESS)	

COMMISSION STAFF'S SECOND REQUEST FOR INFORMATION
TO DUKE ENERGY KENTUCKY, INC.

Duke Energy Kentucky, Inc. ("Duke Kentucky"), pursuant to 807 KAR 5:001, is to file with the Commission the original with six copies in paper medium and an electronic version of the following information. The information requested herein is due within 14 days of the date of this request. Responses to requests for information in paper medium shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Duke Kentucky shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Duke Kentucky fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When filing a paper containing personal information, Duke Kentucky shall, in accordance with 807 KAR 5:001, Section 4(10), encrypt or redact the paper so that personal information cannot be read.

1. Refer to the Application, Attachment 1, which sets forth the cost estimates for each of the three proposed facilities. The Engineering, Procurement and Construction contractors ("EPC") portion of the cost estimate is approximately \$3 million for the Crittenden facility, \$1.9 million for the Walton 1 facility, and \$1.9 million for the Walton 2 facility. Explain why the EPC contract for the Crittenden facility is over \$1 million more than either the Walton 1 or the Walton 2 facility.
