ORDER

On April 19, 2021, Kentucky Power Company (Kentucky Power) filed a motion, pursuant to 807 KAR 5:001, Section 13, and KRS 61.878, requesting that the Commission grant confidential treatment for materials filed as required by the Commission's January 18, 2018 Order.

Kentucky Power requested confidential treatment for portions of its Fixed Resource Requirement/Reliability Pricing Model (FRR/RPM) election analysis for a period ending June 1, 2021. The designated information includes the analysis and FRR/RPM elections made by Kentucky Power and other American Electric Power Company, Inc (AEP) operating companies in the PJM Interconnection LLC (PJM) Base Residual Auction of the PMJ 2022/2023 year.

In support of its motion, Kentucky Power argued that premature disclosure of the FRR/RPM election analysis would unfairly prejudice Kentucky Power, its customers, and

AEP operating companies by permitting competitors to change their bidding strategy in response to the designated material. Kentucky Power states that the FRR/RPM election analysis will become publicly available after June 1, 2021, and the need for confidential protection will no longer exist after that date.

Having considered the petition and the material at issue, the Commission finds that the requested period for confidential treatment has expired and that the petition is therefore moot.

IT IS THEREFORE ORDERED that:

1. Kentucky Power's April 19, 2021 motion for confidential treatment is denied as moot.

2. The designated material denied confidential treatment by this Order is not exempt from public disclosure and shall be placed in the public record and made available for public inspection.

3. If Kentucky Power objects to the Commission's determination that the requested material not be granted confidential treatment, it must seek either rehearing pursuant to KRS 278.400 or judicial review of this Order pursuant to KRS 278.410. Failure to exercise either of these statutory rights will be deemed as agreement with the Commission's determination of which materials should be denied confidential treatment.

4. Within 30 days of the date of service of this Order, Kentucky Power shall file a revised version of the designated material for which confidential treatment was denied, reflecting as unredacted the information that has been denied confidential treatment.

5. The designated material for which Kentucky Power's request for confidential treatment has been denied shall neither be placed in the public record nor made available for inspection for 30 days from the date of service of this Order in order to allow Kentucky Power to seek a remedy afforded by law.
