Commission

To Whom it may Concern:

McCreary Co. is an area of unemployment. Our present bill with Citipower is \$54.41. With the increases Citipower gives, it is a 114.39% overall increase. No family in this area can afford such an increase.

Our question is why such an increase need at all? Is it perhaps for salaries?

The least you can do is allow the people to vote. He totally object!

Sincerely,  
Laudon Sexton, 4th State Sen.  
Alma Jaye Sexton
