Case # 2017-00179

Writing this to protest against
the 17% Raise that PEP-
Kentucky Power of Hazard, Ky. has
asked for. When you are old
and only have a small Social Security
check to live on. Plus you have other
Utilities bills to pay such as Medical
Dr., Druggs. I even had to have my phone
cut off so I could get a few groceries
They do not need another Raise ^{Since}
they had a profit of 12 million dollars
Please

Stop this Raise
