PUBLIC SERVICE
COMMISSION

To Whom it Concerns:

We the citizens of Knott Co. KY.

We the people think it is unconstitutional that you, KY Power (AEP), and the KY Public Service Com. could vote for a tax rate on our citizens of Knott Co. & KY.

- 1) You the KY Power removed our power plant, and took jobs from our men & women who worked in our coal fields.
- 2) It's your responsibility to pay for this removal. Not ours, for tearing down our power plant.
- 3) Our family's raising our children has moved away from this county and Eastern, KY because they have no jobs. We want to send our children to college, and have the quality of living as you do.
"Shame on you"
- 4) It's not our place to pay for your retirement as we pay for our own in KY.
"LOL"
- 5) Eastern, KY has always been left behind but always paid the way for you higher

Class of people. We are sick & tired
of Stealing from us to give to your
politicians in Frankfort.

6) You people of NEP don't even live in Ky

7) If you pass this tax on us again

"Shame on You". "We are voters too"

Concern: Citizens of Knott Co.
