Public Service Commission

Concerning Case # 2017-00179 Public Service
Commission

As an elderly couple with limited income
we earnestly ask you to not to give the
Ky. power co. the right to increase our
monthly bill for electricity -

Just because they lose some profits
from loss of customers ^{sake} ^{best} gives them the right
to expect us to make up the difference -

We live within our means & learn
to manage our income for emergencies
& ~~unseen~~ things ahead.

Please do not give them a right
to increase our bills -

Sincerely

Roy & Billie Hatfield
