

Public Service Commission,

10/11/17

Please, PLEASE, do NOT let Duke Energy raise our rates by more than 17%!!! We can barely afford our Duke bills now, much less with a 17% increase!

Please have some compassion on the customers who are left to struggle + worry as to paying our bills! We do want to pay them, but we simply don't afford to do so!

An increase of a couple/few dollars is reasonable. A 17% increase is NOT!
