Dear PSC Comm.

Commercial Propane, LLC d/b/a Bright's Bottle Gas has sent to all its customers an absurd rate increase for their service. They are requesting a 72% increase for gas service and in some cases a 600% increase for services.

I respectfully ask you to look into this and shut down such an absurd rate increase.

Subject: Case # 2017-00343

I would like to register my concern and objection to the proposed rate increase in the above listed filing. I have no problem with a business being profitable but a 72% increase seems prohibitive. The company is either unrealistic in their expectations or are making an exorbitant request to maximize what the PSC will allow. Either way it is unacceptable way of doing business. I am requesting the PSC require good justification for any increase that is allowed.

Thank you
