Subject: Symsonia Water & Sewer Rate Increase (requested)
19 September 2017

It is requested that the rate increase application of the subject Water & Sewer District

The rates , currently in effect, pose a major expense for most of us on a fixed income. for the customers.

It is our understanding (cannot confirm) that the District has a sizable cash on hand, therefore an increase is unnecessary to continue to serve the community.

Kindly consider all the fixed income customers and disapprove this requested rate inci

Thanks,

Earl W. Roach
