To Whom it may concern,

As a full-time resident of Northern Kentucky and customer of Duke, I am extremely disappointed that you would require Duke Energy to no longer offer the energy efficient programs they had for

their Kentucky customers.

To hinder and demotivate the residents of Northern Kentucky (or any part of Kentucky) from becoming more energy efficient citizens, makes me disappointed in the leadership of the consumer relations focus here in Kentucky.

These benefits helps all residents whom were customers of Duke Energy, which also included those of less financial ability to continue this life model on their own.

I trust you will reconsider and reinstate this benefit/services to Duke Engery.

Sincerely,
James Myers

I would like to be able to take advantage of the Duke eenergy rebates available to others. Please review quickly. You have had these rebates locked up since February. What is taking so long.
