To: Public Service Commission
Re: Amendment to Project 36
Environmental Surcharge Plan

KU A PPL CO. need to fund there
own company's needs and plants and
lines, poles, and all needs to there bussiness

People of S.E. KY are being over charged,
over service THAT should BE taken care BY
KU, AT there cost not the people of S.E. KY
Each mo. on bill are surcharges
like basic service charge \$12.25
Environmental surcharge \$5.67
Home energy surcharge 0.30.

THIS IS A DONATION I WAS NOT ASK TO
DONATE TO.

Plus energy use = 133.00 for energy

add surcharge ~~make~~ bill \$152.06

Paying to much bussness over charged and
surcharge's THAT could be use for other
bussiness - Local store and ect.

KU is breaking there agreement.

STOP the over charging.
