To whom it may concern,
We just received our electric bill and included was a request for a rate hike of 8.1% on or after Nov. 1, 2018. We know it takes tremendous money to run companies and even households when you are on fixed incomes but that does seem a bit greedy to us. If you can review their proposal and please help us, we would be very grateful.

Thank you for your help,

Sincerely,
Lis and Tom Kery
